(4) The State shall not, in relation to the Initial Project or any Subsequent Project, seek to impose on the Joint Venturers or any of them or an associated company any standard relating to the mining, treatment, processing, handling, transporting or storage of radioactive ores, residues, effluents, wastes, tailings, concentrates or Product which is more stringent than the most stringent standards contained in any of the codes, standards or recommendations referred to in sub-clause (1) of this Clause.

11. PROTECTION AND MANAGEMENT OF THE ENVIRONMENT

(1) Within a reasonable time after giving a Project Notice in respect of the Initial Project or any Subsequent Project and at three yearly intervals thereafter the participating Joint Venturers shall submit to the Minister a three year programme for the protection, management and rehabilitation (if appropriate) of the environment in respect of that Project including arrangements with respect to monitoring and the study of sample areas to ascertain the effectiveness of such programme.

(2) On receipt of any programme submitted to him pursuant to sub-clause (1) of this Clause the Minister shall—

(a) approve the said programme without qualification or reservation; or

(b) approve the said programme subject to such conditions in respect thereof or such variations thereto as he thinks reasonable; or

(c) refuse to approve the said programme.

(3) The Minister shall within two months of receipt of a programme submitted to him pursuant to sub-clause (1) of this Clause give notice to the relevant Joint Venturers of his decision in respect thereof. If the decision of the Minister is as mentioned in paragraph *(b)* or *(c)* of sub-clause (2) of this Clause the Minister shall disclose to such Joint Venturers his reasons for his decision.

(4) The provisions of sub-clauses (4) and (6) of Clause 7 shall mutatis mutandis apply to any decision of the Minister in the terms of paragraphs *(b)* or *(c)* of sub-clause (2) of this Clause.

(5) The relevant Joint Venturers shall implement the programme when approved or determined by arbitration in accordance with the terms (including any conditions) thereof.

(6) The relevant Joint Venturers shall—

(a) provide all relevant raw data to the Minister;

(b) at yearly intervals, commencing from the date when the programme is approved, submit an interim report to the Minister concerning such programme; and

(c) at the expiration of three years from the date the programme is approved submit a detailed report to the Minister concerning such programme during the previous three years.

(7) In the event of a sudden and unexpected material detriment to the environment occurring as a result of the Joint Venturers' operations, the relevant Joint Venturers as soon as reasonably practicable shall submit to the Minister a programme for the mitigation of such detriment and the provisions of sub-clauses (2) to (6) inclusive of this Clause shall apply to any such programme.

(8) For the purposes of the Noise Control Act 1976-1977, the area of the Initial Project or any Subsequent Project shall be described as predominantly industrial.

(9) Notwithstanding the provisions of this Clause, the State acknowledges that the Joint Venturers, in assessing the economic feasibility of the Initial Project or any Subsequent Project, will have regard to the laws, regulations or standards (other than those referred to in Clause 10) relative to the environment existing at the time at which the relevant Project Notice is given. Should there occur during the currency of this Indenture any changes to any such laws, regulations or standards of or applied by the State the result of which is to impose substantial additional costs upon the Joint Venturers or any of them the State shall, upon request of the relevant Joint Venturers give due consideration to ameliorating the adverse effects of such costs.

12. USE OF LOCAL PROFESSIONAL SERVICES, LABOUR AND MATERIALS

(1) The Joint Venturers shall for the purposes of this Indenture as far as it is reasonable and economically practicable—

(a) use the services of engineers, surveyors, architects and other professional consultants resident and available within the State;

(b) use labour available within the State;

(c) when calling for tenders and letting contracts for works materials plant equipment and supplies ensure that South Australian suppliers manufacturers and contractors are given reasonable opportunity to tender or quote; and

(d) give proper consideration and where possible preference to South Australian suppliers manufacturers and contractors when letting contracts or placing orders for works materials plant equipment and supplies where price quality delivery and service are equal to or better than that obtainable elsewhere.

(2) The State continues to support the availability of analytical, process research and development and other scientific and technical services in South Australia and the Joint Venturers, in accordance with the provisions of sub-clause (1) of this Clause, will give reasonable consideration to the use of such services for the purposes of this Indenture.

(3) In providing the support referred to in sub-clause (2) of this Clause the State is establishing Technology Park Adelaide adjacent to The Levels

Campus of the South Australian Institute of Technology as a centre for research and development in relevant fields and for high technology/science based industry and the Joint Venturers, in accordance with the provisions of sub-clause (1) of this Clause, will give reasonable consideration to use of this Park as a site for research and development activities for the purposes of this Indenture.

(4) Nothing in this Clause shall require the Joint Venturers or any of them or an associated company to act upon other than commercial considerations.

(5) The Joint Venturers shall from time to time during the currency of this Indenture when requested by the Minister submit a report concerning their implementation of the provisions of sub-clauses (1), (2) and (3) of this Clause.

13. JOINT VENTURERS' WATER REQUIREMENTS

(1) The Joint Venturers shall commencing on the 1st day of January 1983 and at yearly intervals thereafter provide the Minister with a ten year schedule of their best estimates of the annual average daily water requirements for the forthcoming ten years in respect of

(a) potable water; and

(b) non-potable water

in each case for both

(c) the minesite; and

(d) the townsite

and the actual or expected sources of supply for such water.

(2) *Potable Water*—The participating Joint Venturers for the Initial Project shall construct adequate potable water storage facilities for the town at a location and of a capacity to be agreed with the State (which storage facilities are in this Clause 13 referred to as "the Storage Facilities"). The Storage Facilities shall be and remain the property of the relevant Joint Venturers and in accordance with sub-clause (23) of this Clause may be constructed in several stages.

(3) The Joint Venturers or any of them shall have the right (to be exercised in their sole discretion) to construct a pipeline and appurtenant works from Port Augusta to Olympic Dam (which pipeline and works is in this Clause 13 referred to as "the Pipeline") capable of delivering to Olympic Dam a sufficient supply of potable water to satisfy that portion of the mine and town water requirements in respect of potable water appropriate to a level of production at the minesite of 150,000 tonnes per annum of contained copper in saleable Product and associated by-products which may not be provided from some other source. The timing of the construction of the Pipeline shall be at the discretion of the Joint Venturers and the route thereof shall be subject to generally applicable environmental procedures and approvals.

(4) If the Joint Venturers or any of them construct the Pipeline pursuant to sub-clause (3) of this Clause the State will make available to the relevant Joint Venturers at Port Augusta 9,000 kilolitres of potable water per day. If on the 31st day of December 1993 (or such other date as the Joint Venturers and the Minister may agree and any failure to agree shall not be arbitrable) the Joint Venturers or any of them are not utilising the said supply of potable water at an annual average rate of 9,000 kilolitres per day and there is a reasonable expectation that the whole of such supply will not

be so utilized, the State may make available the unused part (or the expected unused part) of such water to other consumers.

(5) The supply of water through the Pipeline to the relevant Joint Venturers shall be metered at the delivery point to the relevant Joint Venturers, which shall be the point at which the Pipeline connects with the State's water supply facilities at Port Augusta. The metering equipment shall be owned, installed and maintained by the State at its cost and shall have the best commercially available accuracy of recording being not less than that required under the Waterworks Act. The accuracy of such equipment shall be tested by the State at appropriate intervals agreeable to the State and the relevant Joint Venturers, but not less frequently than once every twenty-four months.

(6) If the Pipeline is constructed by the Joint Venturers or any of them such pipeline shall be and remain the property of the relevant Joint Venturers who shall, at their cost, operate and maintain the same. The relevant Joint Venturers may enter into contracts with a third party (including the State) for the performance of their obligations under this sub-clause.

(7) *Underground Water Search*—The Joint Venturers or any of them may, in accordance with the provisions of any relevant Act and following consultation with the State, search for underground water within and without the Olympic Dam Area. Where appropriate, in the opinion of the Joint Venturers, they shall engage experienced groundwater consultants. The relevant Joint Venturers shall furnish to the Minister details of the results of any investigations and copies of any reports of such consultants as they become available.

(8) *Grant of Licence to Draw Underground Water*—If the investigations referred to in sub-clause (7) of this Clause prove the availability of any underground water source or sources which can be drawn on by the relevant Joint Venturers for the purposes of their operations, and following—

A. agreement by the relevant Joint Venturers or an associated company and the Minister of Water Resources of the dimensions and locations of the wellfield or wellfields hereinafter mentioned, and

B. (i) designation, in accordance with the following procedures, of an area (hereinafter referred to as the "designated area") in which designated area the said wellfield or wellfields are intended to be located for the purposes of this Indenture.

(ii) the designated area shall be that area from which it is reasonably expected that the abstraction of water therefrom by the relevant Joint Venturers or an associated company for the thirty year period next ensuing will not reduce the potentiometric pressure by more than five metres (or such other pressure reduction as may be agreed between the relevant Joint Venturers or an associated company and the Minister of Water Resources) at the boundary of the designated area.

(iii) the relevant Joint Venturers or an associated company shall advise the Minister of Water Resources of the area they propose should constitute the designated area.

(iv) when notifying the Minister of Water Resources of the area they propose should constitute the designated area, the relevant Joint Venturers or an associated company shall supply to the Minister of Water Resources such data as is necessary to enable the Minister of Water Resources to determine whether the extent,

location and boundaries of such proposed designated area are appropriate.

(v) the Minister of Water Resources and the relevant Joint Venturers or an associated company shall liaise with a view to agreeing the extent, location and boundaries of the designated area. If agreement thereon cannot be reached, the matter shall be referred to arbitration pursuant to Clause 49.

the State shall, subject to the provisions of sub-clause (13) of this Clause and if so requested by the Joint Venturers, grant to them or to such of them as they may nominate to the Minister or to an associated company as they may nominate to the Minister (and when and where appropriate shall grant renewals thereof) a Special Water Licence or Special Water Licences for an initial period commencing with effect from the date of the application therefor, and (if appropriate), terminating on the commencement of a Special Mining Lease and thereafter for a period conterminous with the period of a Special Mining Lease as nominated by the relevant Joint Venturers to the Minister (or for such lesser period as the relevant Joint Venturers may specify) exclusively and irrevocably to develop and draw subject only to the provisions of sub-clause (16) of this Clause and this sub-clause, free of charge underground water (both potable and non-potable) to satisfy, in whole or in part, the mine water requirements and the base quantity of water (as that term is defined in sub-clause (21) of this Clause) from wells situated in a wellfield or wellfields subject to the following conditions:

(a) the relevant Joint Venturers will design, install and maintain in good working order, and collect data from, an appropriate monitoring system approved by the State. The monitoring system (which shall include such monitoring wells as are necessary) will have for its purpose the collection of adequate data for the management of the use of the underground water resources and will allow for the collection of the following data:

(i) Total water quantities withdrawn from any wellfield on both an individual well and wellfield basis. Abstraction shall be added to the record on a monthly basis.

(ii) Water pressures and levels in all monitoring and production wells, and at the boundary of the area designated pursuant to placitum (v) of paragraph B of this sub-clause (8).

(iii) Water qualities in all monitoring and production wells on a quarterly basis.

The data base shall be adequate for the purpose of allowing periodic assessment of the water supply position and the response of the aquifers to water production for use in connection with the Joint Venturers' operations.

(b) the relevant Joint Venturers shall cause an annual report to be prepared by a competent hydrologist or hydrogeologist and submitted to the State. The purpose of the report will be to:

(i) Define aquifer response to water production for use in connection with the Joint Venturers' operations during the review period;

(ii) Define the resource's ability to maintain the supply for use in connection with the Joint Venturers' operations;

(iii) Define a strategy for future water production and management in connection with the Joint Venturers' operations; and

(iv) Define the need for further exploration for, development of, or use of, additional water sources by the Joint Venturers for their operations.

(c) (i) If, after considering the data collected and supplied to him pursuant to paragraphs *(a)* and *(b)* of this sub-clause (8), the Minister of Water Resources is of the opinion that the extent or boundaries of the designated area should be varied, he shall liaise with the relevant Joint Venturers with a view to agreeing upon such variation. If agreement thereon cannot be reached, the matter may be referred to arbitration pursuant to Clause 49. If the designated area is varied pursuant to this paragraph, the Special Water Licence shall be amended accordingly.

(ii) If the Minister of Water Resources has reason to believe that the continued abstraction of water by the Joint Venturers from the designated area will be detrimental to the water resource or that there is a reasonable possibility of a complete or partial failure of the water supply therefrom, he may issue to the relevant Joint Venturers a notice requiring them to restrict the abstraction of water from the designated area to the limit set out in the notice, or, if appropriate, to establish another wellfield and designated area.

(iii) If the Joint Venturers dispute the terms of the notice issued pursuant to placitum (ii) of paragraph *(c)* above they may refer the matter to arbitration pursuant to Clause 49, and they shall comply with the terms of the notice as issued by the Minister of Water Resources or (if applicable) determined by the arbitrator.

(iv) Notwithstanding the provisions of this sub-clause (8), the Minister of Water Resources may, if he is of the opinion that an emergency situation exists, give not less that ninety-six hours notice to the Joint Venturers requiring them to limit the amount of water which may be taken from a wellfield or designated area at any one time or from time to time to the maximum which such wellfield or designated area is hydrologically capable of safely supplying.

(9) Should the Minister at any time pursuant to the provisions of sub-clause (8) of this Clause limit the amount of water to be taken from any wellfield or if otherwise that portion of the mine water requirements and of the base quantity (as that term is defined in sub-clause (21) of this Clause) which is being supplied from a wellfield in respect of which a Special Water Licence has been granted pursuant to sub-clause (8) of this Clause cannot continue to be met from such wellfield on a continuous basis the relevant Joint Venturers may, in the terms of sub-clause (7) of this Clause, following consultation with the State, search for new or additional underground water sources with a view to restoring or ensuring the full quantity of the mine water requirements and (subject to sub-clause (23) of this Clause) the base quantity (as that term is defined in sub-clause (21) of this Clause). The

State shall, following agreement of the dimensions and locations of the relevant wellfield or wellfields and agreement or determination of the relevant designated area as provided in paragraphs A. and B. of sub-clause (8) respectively and subject to the provisions of sub-clause (13) of this Clause, grant to the Joint Venturers or such of them as they may nominate to the Minister or to an associated company as they may nominate to the Minister (and when and where appropriate shall grant renewals thereof) a Special Water Licence or Licences for an initial period commencing with effect from the date of the application therefor, and (if appropriate), terminating on the commencement of a Special Mining Lease and thereafter for a period conterminous with the period of a Special Mining Lease as nominated by the relevant Joint Venturers to the Minister, exclusively and irrevocably subject to the provisions of sub-clauses (8), (13) and (16) of this Clause to develop and draw from a wellfield or wellfields within any such new or additional underground water sources water to satisfy in whole or in part that portion of the mine water requirements and the base quantity (as that term is defined in sub-clause (21) of this Clause) which cannot be met from any wellfield or wellfields as aforesaid. Pending the establishment of new or additional water sources and the granting of a Special Water Licence or Licences in respect thereof the State shall negotiate with the relevant Joint Venturers in good faith regarding supply to the relevant Joint Venturers of sufficient water (if available) to meet that portion of the mine water requirements and of the base quantity (as that term is defined in sub-clause (21) of this Clause) which cannot be met as aforesaid.

(10) *Surface Water Investigations*—The Joint Venturers or any of them may, in accordance with the provisions of any Act or law and following consultation with the State, investigate the potential for the development and utilisation of surface run off water from sources within and without the Olympic Dam Area and may, subject to concluding any necessary arrangements with relevant occupiers and other persons having existing rights in respect thereof, develop, utilise, draw water and recharge underground water sources from such sources for the purposes of their operations.

(11) *Re-cycled Water*—The relevant Joint Venturers shall to the extent that it is reasonably practicable and economically feasible for them to do so design, construct and operate their plant and works in the conduct of their operations in such a manner as to re-cycle as much water as possible.

(12) *Charges*— The State shall not impose on the Joint Venturers or any of them or on any associated company any charge in respect of the development of or use of any water from any of the water sources or wellfields referred to in sub-clauses (7), (8), (9), (10) and (11) of this Clause.

(13) *Third Party Use*—

(a) (i) In association with the granting of any Special Water Licence or Licences by the State in respect of any wellfield pursuant to the provisions of sub-clause (8) or (9) of this Clause, the relevant Joint Venturers shall conduct a survey of existing users of the resource within the designated area in which they intend to locate a wellfield. The said survey shall determine and record, as accurately as is reasonably practicable, the annual water usage of such existing users, the location and depth of their wells, the quality and flow rate of the water obtained and (if the well be sub-artesian) the depth of the water in the well. The relevant Joint Venturers shall provide a copy of the survey to the Minister of Water Resources.

(ii) The existing users within the designated area (and their successors in title or occupancy) shall continue to have the right to use water from that resource for the proper development or management of the existing use of the lands occupied by such a user unless the State and relevant Joint Venturers agree that such continued use will affect the mine water requirements and the base quantity (as that term is defined in sub-clause (21) of this Clause) in which case the right of such existing users will only be restricted or terminated by the State if the relevant Joint Venturers make alternative supplies available to those users or agree with such users on an appropriate level of compensation to be paid to such users, and such compensation is paid accordingly, or make such other arrangements with such users as may be agreed.

(b) The State may, after first ensuring that the mine water requirements and the base quantity (as that term is defined in sub-clause (21) of this Clause) will be met on a continuous basis and after having due regard to the hydrological adequacy of the applicable underground water source, upon not less than 3 months prior notice to the relevant Joint Venturers specifying the identity of the third party (which may in this paragraph *(b)* include the State but not an existing user (including where applicable the State) requiring water for the proper development and management of the existing use of the lands occupied by such a user) and the estimated maximum daily and total quantity of water to be drawn by that third party and the period over which such drawing is to occur, grant to a third party rights to draw water or itself draw underground water from a designated area in respect of which those Joint Venturers or any of them or an associated company are the holders of a Special Water Licence, provided however that—

(i) Where the Joint Venturers or any of them or any associated company draws water from a wellfield or wellfields within a designated area the State shall ensure that it is a condition of any grant to any third party (other than an existing user requiring water for the proper development and management of the existing use of the lands occupied by such a user) that in the event that the capacity of that designated area is unduly reduced, such reduction shall be borne by any third party and not by the relevant Joint Venturers or any associated company;

(ii) This sub-clause (13) shall apply only to the rights to draw water from a particular water source and not to the use by a third party of any plant, equipment, facility or infrastructure supplied or installed by the Joint Venturers or any of them or an associated company for the purpose of drawing water from such source it being agreed that any such use and the terms thereof shall be a matter for separate and private negotiation between the relevant Joint Venturers or associated company and the third party.

(14) The State shall ensure that no rights to prospect for or mine or extract minerals petroleum or other substances are hereafter granted over any designated area from which the Joint Venturers or any of them or an associated company are drawing water or have the right to draw water hereunder or from which water is from time to time supplied to the Joint Venturers or any of them or an associated company hereunder if such a grant will or may reasonably be expected to result in the detrimental contamination of water or detrimentally reduce the quality or quantity of the water which the relevant Joint Venturers or an associated company are able or permitted to draw therefrom.

(15) The relevant Joint Venturers shall, to the extent that it is reasonably practical and economical for them to do so, design, construct and operate or cause to be designed, constructed and operated all plant so as to ensure the most efficient use of all water sources including the use of brackish or saline water.

(16) Except as otherwise provided herein, the relevant Joint Venturers shall provide at no cost to the State, all necessary bores, valves, pipelines, meters, tanks, reservoirs, treatment plants, power supply, access roads, equipment and appurtenances necessary to draw, transport, use and dispose of water drawn from any sources licensed to or for the benefit of or any sources which may be used by the Joint Venturers or any of them or an associated company under this Clause.

(17) The Joint Venturers or any of them or an associated company shall have the right to construct, operate and maintain such water (both potable and non-potable) supply, storage and distribution facilities as may be necessary for the conduct of their operations and, at the request of the relevant Joint Venturers, the State in respect of any land owned by it or resumed pursuant to Clause 31 shall grant to the Joint Venturers or such of them as they may nominate to the Minister or to an associated company as they may nominate to the Minister (or procure the grant of) or assist the relevant Joint Venturers or associated company to obtain at no cost to them other than as provided in Clause 31 such fee simple estates in land and leases, licences, easements and rights free of any liens charges or encumbrances which the relevant Joint Venturers may reasonably require for the exercise of the Joint Venturers' rights and obligations under this Clause.

(18) *Water Charges*—

(a) The relevant Joint Venturers or an associated company shall pay to the State quarterly in arrears in respect of water supplied pursuant to sub-clause (4) of this Clause a unit rate to be determined from time to time in accordance with the provisions of this sub-clause.

(b) The unit rate referred to in paragraph *(a)* of this sub-clause shall be:

(i) in respect of the twelve month period commencing on the first day of July, 1981, the sum of 32 cents per kilolitre; and

(ii) in respect of any twelve month period commencing on the first day of July thereafter, calculated in accordance with the following formula:

$$R = 32 \frac{(X2)}{(X1)}$$

Where

R = the unit rate payable expressed in cents per kilolitre;

X2 = the total revenue received by the State in the twelve month period immediately preceding the twelve month period in respect of which the calculation is being made in respect of potable water supplied by the State in South Australia divided by the total amount of such water so supplied during such twelve month period as set out in the report of the Auditor-General under the heading "Metropolitan and Country Waterworks";

X1 = the total revenue received by the State in the twelve month period ended 30th day of June 1981 in respect of potable water supplied by the State in South Australia divided by the total amount of such water so supplied during such twelve month period as set out in the report of the Auditor-General under the heading "Metropolitan and Country Waterworks".

(19) Subject to the provisions of this Indenture (and in particular sub-clauses (4), (8), (9) and (23) of this Clause 13) the delivery of the base quantity of water (as that term is defined in sub-clause (21) of this Clause) to the Distribution Authority shall be the obligation of the relevant Joint Venturers which obligation shall commence upon completion of the necessary works and shall be discharged by delivery to such Authority at the point of discharge from the Storage Facilities.

(20) The authority charged with the distribution of potable water within the township and, where reasonably practical and economic the recycling thereof, (in this Clause 13 referred to as "the Distribution Authority") shall be:—

(a) either the Engineering and Water Supply Department of the State or the Municipality established pursuant to Clause 23 of this Indenture, as determined by the Minister after consultation with the Joint Venturers, and

(b) responsible for the operation and maintenance of the township sewerage facilities, including the treatment of sewage and where reasonably practical and economic the recycling of water therefrom.

(21) The relevant Joint Venturers shall supply or cause to be supplied potable and non-potable water to the Distribution Authority on the following terms and conditions:—

(a) the relevant Joint Venturers shall supply a quantity of water (hereinafter called "the base quantity") at the same unit rate as that calculated pursuant to sub-clause (18) of this Clause.

(b) the base quantity shall be the quantity of potable and non-potable water which is agreed by the Joint Venturers and the Minister to be sufficient to meet the residential, industrial, local government, commercial, community and recreational needs of the township appropriate to a level of production at the minesite of 150,000 tonnes per year of contained copper in saleable Product and associated by-products calculated with reference to a reasonable usage allowance per head of population (being a minimum allowance of 650 litres of potable water per head of population per day plus a reasonably sufficient quantity of potable and non-potable water for public and community parks, gardens and recreational uses) and after having made due allowance for the use of recycled water wherever reasonably practical or economic to do so. If the Joint Venturers and the Minister are unable to agree within two months of first conferring the question of the base quantity shall be referred to arbitration pursuant to Clause 49.

(c) in the event that the Joint Venturers or any of them supply or cause to be supplied water to the Distribution Authority in excess of the base quantity (which it is hereby expressly agreed the Joint Venturers shall not be under any obligation to do) the unit rate payable by the Distribution Authority in respect of such excess shall be the actual cost to the relevant Joint Venturers or associated company of supplying such excess and shall include that proportion of costs, which bears the same ratio to the total actual cost as the amount of such excess during an accounting period referred to in placitum (i) of paragraph *(e)* of this sub-clause bears to the total amount of water supplied to the Distribution Authority and the minesite during such period, of:—

(i) the charges (if any) pursuant to sub-clause (18) of this Clause;

(ii) depreciation calculated on the straight line method over 20 years;

(iii) return on capital calculated on the then depreciated value at a rate obtained by applying a factor of 1.5 to the Commonwealth of Australia Bond Rate (as that expression is defined in sub-clause (7) of Clause 32);

(iv) allowance for pumping, evaporation and other losses;

(v) all costs and expenses of an operating or maintenance nature including administrative overheads and salary and wages on-costs.

(d) in the event that the relevant Joint Venturers provide or cause to be provided the base quantity or any water in excess thereof to the Distribution Authority from more than one source they shall install maintain and operate such meters and other equipment as may be necessary to calculate the appropriate charges under placitum (i) of paragraph *(c)* of this sub-clause (21).

(e) (i) the relevant Joint Venturers, in respect of the quarters ending on the last days of March, June, September and December (or such other periods, having regard to the accounting practices of the relevant Joint Venturers or of any manager appointed pursuant to sub-clause (2) of Clause 54, as may from time to

time be agreed by the Minister and the Joint Venturers), shall forward to the Distribution Authority an account for water delivered to it during each quarter (or other period) pursuant to sub-clause (19) of this Clause and such account shall be payable by the Distribution Authority within thirty days from receipt thereof.

(ii) if at the time of preparation of the account referred to in placitum (i) of this paragraph *(e)* the relevant Joint Venturers are unable to calculate the charges under paragraph *(a)* of this sub-clause (21) on the basis of actual costs and charges they shall calculate it on the basis of estimates thereof and within sixty days of the relevant Joint Venturers becoming aware of actual costs and charges in respect of which estimates have been made they shall determine the actual charges under paragraph *(a)* of this sub-clause (21) and forward a statement thereof to the Distribution Authority whereupon the following amounts shall be payable:—

A. where the estimate of charges exceeds the actual charge the difference shall be forthwith paid by the relevant Joint Venturers to the Distribution Authority;

B. where the estimate of charges is less than the actual charge the difference shall be forthwith paid by the Distribution Authority to the relevant Joint Venturers.

(f) the State shall ensure that those water consumers and sewerage facility users within the town who are employees of or are employed or retained by the Joint Venturers or any of them or an associated company or who or which are located in the town for the purpose of providing services (including any public or municipal services) assistance or facilities to such employees or retainees are and continue to be supplied with water in accordance with the allowances and other considerations used in determining the base quantity pursuant to paragraph *(b)* of this sub-clause and access to the sewerage facilities provided by the Joint Venturers or any of them pursuant to this Indenture in priority to any other water consumers or sewerage facility users within the town, provided, however, that nothing in this sub-clause shall be construed as preventing the supply of water on a household, allotment or other unit basis, and charging for such water accordingly.

(22) The charges (including stepped charges) to be levied for the supply of potable water and the provision of sewerage services shall be determined by the Distribution Authority, provided that the charges to be levied shall be such that each consumer shall be entitled to a quantity of water to be agreed by the Joint Venturers and the Minister at a price not exceeding the rate payable by the relevant Joint Venturers or an associated company pursuant to sub-clause (18) of this Clause plus 20% (or such other percentage as may be agreed (failure to so agree shall not be subject to arbitration) between the Distribution Authority and the Joint Venturers) of such rate and the Distribution Authority shall operate, as far as is reasonably practicable, at neither a profit nor a loss, provided, however, that nothing in this sub-clause shall be construed as preventing the Distribution Authority from making reasonable financial provision to meet the costs of future maintenance or replacement.

(23) The obligations of the relevant Joint Venturers to construct the Storage Facilities pursuant to sub-clause (2) of this Clause and to deliver the base quantity to the Distribution Authority pursuant to sub-clause (19) of this Clause shall, in respect of the base quantity, be limited to ensuring the supply of such requirements as are appropriate to the scale of the Joint Venturers' operations from time to time with a maximum obligation appropriate to a level of production at the minesite of 150,000 tonnes per annum of contained copper in saleable Product and associated by-products.

(24) All of the potable water supply and sewerage facilities constructed within the township or for township purposes are to be constructed and maintained to standards normally adopted by the Engineering and Water Supply Department and the quality of the water supplied for township purposes shall be to standards reasonably acceptable to the South Australian Health Commission.

(25) Except where expressly necessary for the purpose of implementing the provisions of this Clause 13, the provisions of the Water Resources Act shall apply to all work undertaken pursuant to this Clause.

(26) The State shall recommend to the Governor of the State that every designated area be declared a proclaimed region pursuant to Section 41 of the Water Resources Act.

(27) If it becomes necessary or desirable to prevent or reduce the wastage of water for the purpose of preserving or protecting any water source used or proposed to be used by the Joint Venturers or any of them or an associated company, the State shall:

(a) recommend to the Governor of the State that any watercourse, or watercourse of a class, kind or description be declared to be a proclaimed watercourse pursuant to section 25 of the Water Resources Act; or (if appropriate)

(b) recommend to the Governor of the State that an appropriate area be declared to be a proclaimed region pursuant to Section 41 of the Water Resources Act; and

(c) take such other action as may be necessary or desirable to prevent or reduce such wastage of water.

(28) It is agreed by the parties hereto that the right of the Joint Venturers to obtain a Special Water Licence pursuant to this Clause is not limited by the provisions of sub-clause (1) of Clause 9.

14. ROADS

(1) The participating Joint Venturers shall

(a) be responsible for the provision of finance for and the construction and maintenance of all private roads required for any Project in respect of which they are participating Joint Venturers;

(2) *Public Roads*—Following the giving of a Project Notice in respect of the Initial Project the State when requested to do so by the Joint Venturers shall construct and maintain or cause to be constructed and maintained a new sealed public road from Pimba (or the vicinity thereof) to the boundary

of the Special Mining Lease to be granted pursuant to sub-clause (1) of Clause 19, and connecting with the townsite and the airstrip referred to in Clause 15 (which shall be sealed to an ultimate width of not less than 7.4 metres with at least 2 metre verges or such other widths as the Joint Venturers and the Minister may agree and which may be undertaken by the widening and sealing of the existing private unsealed road from Woomera to Olympic Dam, including the widening and maintenance of the public road between Pimba and Woomera) suitable for the purposes of the Joint Venturers' operations and in accordance with the usual standards prevailing in South Australia in respect of roads of a comparable nature, the funding of such construction to be provided in accordance with the terms of this Indenture.

(3) The State shall use its best endeavours to ensure the completion of the construction of the road referred to in sub-clause (2) of this Clause as soon as is reasonably practicable and the Commissioner of Highways or other relevant authority and the Joint Venturers shall confer with a view to minimizing the periods of time for such completion.

The standard of upgrading shall be that appropriate to the relevant Joint Venturers' requirements only provided that the relevant Joint Venturers and the Minister may agree upon a higher standard in which case the additional cost involved shall be borne by the State.

(8) The Joint Venturers may at any time and from time to time, with the consent of the municipality in respect of a private road which is within the area of the municipality and with the consent of the Minister in respect of any other private road (neither consent to be unreasonably withheld or subject to arbitration pursuant to Clause 49), dedicate any private road as a public road whereupon the provisions of sub-clause (4) of this Clause shall apply to any such road provided always that any such road meets the usual standards prevailing in South Australia in respect of roads of a comparable nature at the time of such dedication.

(9) Notwithstanding the provisions of Clause 30 of this Indenture, the State may, after consultation with the Joint Venturers, compulsorily acquire from the Joint Venturers or any of them or an associated company such

land as is necessary to construct a public road across or over a private road owned by the Joint Venturers or any of them or an associated company, provided always, that any compensation payable in respect of any such acquisition shall include any costs incurred by the Joint Venturers or any of them or an associated company in constructing or otherwise providing for any necessary grade separation.

15. AIRSTRIP AND RELATED FACILITIES

(1) The Joint Venturers or any of them or an associated company may, and if appropriate and the Minister so consents (which consent shall not be unreasonably withheld), in conjunction with the municipality, construct or cause to be constructed a sealed airstrip and related facilities to facilitate their operations.

(2) At the request of the Joint Venturers made at any time after the giving of a Project Notice in respect of the Initial Project the State shall grant (or procure the grant) to the Joint Venturers or such of them as they may nominate to the Minister or to an associated company or to the municipality as they may nominate to the Minister at no cost to the Joint Venturers other than as provided in Clause 31 the fee simple estate of the land delineated as the airstrip and related facilities as agreed by the Joint Venturers and the Minister and shall grant (or procure the grant of) at no cost to the relevant Joint Venturers, associated company or the municipality any easements and rights which the relevant Joint Venturers may reasonably request for the full enjoyment of the said land for the purpose of the construction, maintenance and operation of the aforesaid airstrip and related facilities. The grant of the fee simple estate as aforesaid shall be made free and clear of all easements of whatsoever nature or kind other than as may have been previously advised in writing to the Joint Venturers by the State and expressly agreed by the Joint Venturers or as shall have been requested of the State by the Joint Venturers and shall be made free and clear of all liens, charges and encumbrances.

(3) The relevant Joint Venturers shall as and when required by the State surrender or cause to be surrendered to the State (which surrender shall be accepted) that part or parts of any exploration licences, retention leases, miscellaneous purposes licences, extractive minerals leases or other tenements whatsoever (if any) as shall be necessary to enable the State to comply with its obligations under sub-clause (2) of this Clause.

16. RAILWAY FACILITIES

(1) The Joint Venturers shall consult with the appropriate authorities for the provision maintenance and operation of such railways sidings, shunting loops, spurs and other connections as are required for their operations and the provision and maintenance of loading and unloading facilities sufficient to meet train operating requirements and terminal equipment (including weighing devices and communications systems) together with a staff adequate to ensure the proper operation thereof and when appropriate and from time to time shall inform the State of their anticipated railway requirements.

(2) At the request of the Joint Venturers made at any time after the giving of a Project Notice in respect of the Initial Project the State in respect of any land owned by it or resumed pursuant to Clause 31 shall grant to the Joint Venturers or such of them as they may nominate to the Minister or to an associated company or third party as they may nominate to the Minister (or procure the grant of) or assist the relevant Joint Venturers

or associated company or such third party to obtain at no cost to the Joint Venturers other than as provided in Clause 31 such fee simple estates in land and leases licences easements and rights free of any liens charges or other encumbrances which the relevant Joint Venturers may reasonably require for their operations as contemplated by sub-clause (1) of this Clause.

(3) In the event that any rate, charge, levy or impost is or becomes payable by the Joint Venturers or any of them or by an associated company to the State for or in connection with the provision, availability or use of all or any of the things referred to in sub-clause (1) of this Clause, the State will ensure that any such rate, charge, levy or impost is calculated on the same basis as that payable by other users generally of such services and includes all allowances, discounts and subsidies as may from time to time be granted or given to such other users.

17. PORT

(1) The Joint Venturers shall from time to time review with the Minister the technical, logistical and economic feasibility of using existing ports and facilities within South Australia for the purposes of the Initial or any Subsequent Project.

(2) If the Joint Venturers or any of them determine to utilize the facilities of a port or ports within the State for the purposes of their operations the relevant Joint Venturers, subject to sub-clause (5) of this Clause and in the manner agreed by the Joint Venturers and the Minister shall provide any additional facilities required at such port or ports to facilitate conduct of their operations.

(3) The relevant Joint Venturers, as an alternative to sub-clause (2) of this Clause, may agree with third parties already operating at the relevant port or ports upon a basis of sharing, at no cost to the State, port facilities already provided by others.

(4) The relevant Joint Venturers shall, in respect of the use by them of a State owned port, pay to the relevant port authorities all charges properly and lawfully levied by such authorities from time to time and the State shall ensure that such charges are levied on a non-discriminatory basis compared with charges levied by the State on all other importers and exporters within South Australia.

(5) At the request of the Joint Venturers made at any time after the giving of a Project Notice in respect of the Initial Project the State in respect of any land owned by it or resumed pursuant to Clause 31 shall grant to the Joint Venturers or such of them as they may nominate to the Minister or to an associated company as they may nominate to the Minister (or procure the grant of) or assist the relevant Joint Venturers or associated company to obtain at no cost to the relevant Joint Venturers other than as provided in Clause 31 such leases licences easements and rights free of any liens charges or other encumbrances which the Joint Venturers may reasonably require for the performance of the relevant Joint Venturers' obligations under sub-clause (2) of this Clause.

(6) Notwithstanding the other provisions of this Clause the Joint Venturers or any of them and the State may enter into an agreement whereby additional facilities are provided by and at the cost of the State in consideration of the relevant Joint Venturers agreeing to pay special rates for the use of those facilities.

18. POWER

(1) Commencing on the 1st day of January, 1983, and at yearly intervals thereafter, the Joint Venturers shall provide the Minister and The Electricity Trust of South Australia (hereinafter called "the Trust") with a ten year schedule of their best estimates of the monthly electricity requirements (including peak load conditions) in respect of:—

(a) the minesite (hereinafter called "the mine power requirements"); and

(b) the townsite (hereinafter called "the town power requirements")

and the desired source that is to say either from the Trust or otherwise and the transmission voltage of such requirements.

The Joint Venturers and the Minister may from time to time agree such other amount or amounts as is or are reasonable to be the mine and town power requirements or source or transmission voltage thereof and the said schedule shall be varied accordingly. A failure of the Joint Venturers and the Minister so to agree shall not be arbitrable and the schedule as provided by the Joint Venturers shall continue to apply.

(2) Notwithstanding the provisions of sub-clause (1) of this Clause, the Trust's obligations under this Indenture with regard to the supply of quantities of electricity shall not exceed those hereinafter appearing.

(3) The relevant Joint Venturers may not more frequently than at three yearly intervals give notice to the Minister and the Trust of their electricity requirements and the Trust shall supply and the State shall procure the supply of such electricity requirements within three years of the giving of such notice. The first such notice may be for a quantity of electricity of up to 30 megawatts and may be given at any time after the 30th day of December, 1982. Any and each subsequent notice may be for an additional quantity of electricity of up to 40 megawatts provided that the Trust shall not be required to supply a total quantity to the relevant Joint Venturers exceeding 150 megawatts.

The Trust shall use its best endeavours to supply the relevant Joint Venturers' additional electricity requirements from time to time not the subject of any notice under this sub-clause (3).

(4) The participating Joint Venturers for the Initial Project may in their discretion at any time construct switching yard facilities at a location designated by them after consultation with the State (which switching yard facilities are in this Clause 18 referred to as "the Switching Facilities"). The Switching Facilities shall be and remain the property of the relevant Joint Venturers and may be constructed in several stages and shall be such as to ensure that the mine and town power requirements can be supplied through such spur or feeder lines as may be appropriate.

(5) The State shall, if so requested by the Joint Venturers, use its best endeavours to acquire, from the Commonwealth, ownership and control of the power line running from Port Augusta to Woomera. If the State, at the request of the Joint Venturers, acquires ownership and control of the said power line on conditions acceptable to the Joint Venturers, the relevant Joint Venturers shall reimburse to the State any costs incurred by the State in so doing as a contribution towards the cost of providing power for the Initial Project, and the State shall vest the said power line in, or cause the said power line to be operated and controlled by, the Trust.

The Joint Venturers acknowledge that the maximum capacity of the said power line is 40 megawatts and that the maximum amount of electricity

which can be transmitted to the Joint Venturers over the said power line at any time is the difference between the said maximum capacity and the amount of electricity supplied to the Commonwealth from time to time. Nothing in this Clause 18 shall entitle the Joint Venturers to demand from the State or to have exclusive use of the said power line for transmission of electricity for the Joint Venturers' purposes.

(6) If pursuant to a request of the Joint Venturers under sub-clause (5) of this Clause the State has acquired ownership and control of the power line running from Port Augusta to Woomera the participating Joint Venturers for the Initial Project shall at their cost commence and proceed with the construction of a 132,000 volts (or such other voltage as may be appropriate) power line from Woomera to Olympic Dam as an extension of the Port Augusta to Woomera power line (which power line from Port Augusta as extended is in this Clause 18 referred to as "the Power Line") the route of which shall be subject to all applicable environmental procedures and approvals.

(7) *Period of Supply*—The period of supply of electricity under this clause shall commence on the day on which the Trust commences to supply electricity and shall continue until determined by the relevant Joint Venturers by at least seven years (or such lesser period as shall be agreed and failure to so agree shall not be arbitrable) written notice given by the relevant Joint Venturers to the Trust and the Minister at any time.

(8) The Joint Venturers, or any of them, shall have the right to construct, at any time, an additional power line and appurtenant works from the Davenport Substation near Port Augusta to Olympic Dam or to Woomera as the Joint Venturers may require (which additional power line is in this Clause 18 referred to as "the Additional Power Line") capable of transmitting to the Switching Facilities a sufficient supply of electricity to satisfy that part (if any) of the mine and town power requirements appropriate to a level of production at the minesite of 150,000 tonnes per annum of contained copper in saleable Product and associated by-products which is not provided from some other source. The timing of the construction of the Additional Power Line shall be in the discretion of the Joint Venturers and the route thereof shall be subject to generally applicable environmental procedures and approvals.

(9) If either the power line from Woomera to Olympic Dam referred to in sub-clause (6) of this Clause or the Additional Power Line is constructed by the Joint Venturers, or any of them, such power line or Additional Power Line shall be and remain the property of the relevant Joint Venturers who shall, at their cost, operate and maintain the same. The relevant Joint Venturers may enter into contracts with a third party (including the State) for the performance of their obligations under this sub-clause (9).

(10) *Joint Venturers' Rights*—The Joint Venturers, or any of them or an associated company, shall have the right to install and operate or cause to be installed and operated, without cost to the State, at an appropriate location equipment and plant to generate, transmit and reticulate electricity for the purposes of their operations.

(11) At the request of the Joint Venturers the State, in respect of land owned by it or resumed pursuant to Clause 31, shall grant to the Joint Venturers, or such of them as they may nominate to the Minister or to an associated company as they may nominate to the Minister, or procure the grant of or assist the relevant Joint Venturers or associated company to obtain, at no cost to them, other than as provided in Clause 31, such fee

simple estates in land and leases, licences, easements and other rights free of any liens, charges or encumbrances which the Joint Venturers may reasonably require for the exercise of their rights and obligations under this Clause.

(12) *Preservation of Joint Venturers' Power Requirements*—Subject to sub-clause (13) of this Clause 18, the Joint Venturers shall not be obliged to supply or cause to be supplied electricity through the power line constructed by the Joint Venturers pursuant to sub-clause (6) of this Clause or through the Additional Power Line for other than the Joint Venturers' operations.

(13) Subject to the provisions of this Indenture (and in particular sub-clauses (11) and (17) of this Clause), the supply of electricity to the authority charged with the supply thereof within the town (which shall be the municipality or such other authority as the Joint Venturers and the Minister may agree and which is hereinafter in this Clause 18 referred to as "the power distribution authority") shall be the obligation of the relevant Joint Venturers which obligation shall commence upon completion of the necessary works and shall be discharged by supply to such authority at the outgoing side of a three phase set of insulators attached to a slack span connected between the first tower in the relevant spur or feeder line and the Switching Facilities.

(14) *Electricity Charges, Terms and Conditions*—

(a) Subject as hereinbefore provided the Joint Venturers shall enter into a detailed agreement consistent with the terms of this Indenture and the Seventh Schedule hereof with the Trust relating to the conditions of the supply of electricity by the Trust to the Joint Venturers, and the tariffs to be payable by the Joint Venturers to the Trust therefor.

(b) The Joint Venturers shall confer with the Minister concerning the terms and conditions of the agreement referred to in paragraph (a) of this sub-clause prior to the execution thereof, and shall consider such representation as the Minister may make with respect thereto.

(c) The Joint Venturers shall, in accordance with the provisions of the said agreement, pay to the Trust the tariffs set out in the agreement for all power supplied by the Trust through the Additional Power Line (if constructed) referred to in sub-clause (8) of this Clause. The tariffs shall comprise both a demand charge and an energy charge and shall be determined by the Trust on the following basis:

(i) there be no subsidy provided (either directly or indirectly) by either the State, the Trust or other consumers with respect to the supply of electricity (or the production thereof) to the Joint Venturers,

(ii) the Joint Venturers shall pay the actual cost incurred by the Trust in producing and supplying electricity to them, and shall not be required to subsidise the supply of electricity, by the Trust, to other consumers, and

(iii) the actual cost incurred by the Trust in producing and supplying electricity will be calculated on a total system basis with appropriate allocation of costs (or on such other basis as the parties may agree) having regard to (but not limited to):

- the degree to which transmission (including transformation) costs (if any) are borne by the Joint Venturers
- the degree to which the electricity load supplied to the Joint Venturers is expected to be interruptable
- the peak and base loads of the Joint Venturers requirements
- statutory contributions, rates, taxes and other charges payable by the Trust to the State or any local government or statutory authority on a non-discriminatory basis, and
- the need for the Trust to service borrowings, to make reasonable provision for depreciation and replacement of plant and any return on capital invested.

(d) The tariff set out in the said agreement shall apply, subject to the provisions of paragraph *(f)* of this sub-clause, for a period of five years from the execution of the said agreement.

(e) The tariffs shall be further agreed between the Joint Venturers and the Trust at the end of the five year period referred to in paragraph *(d)* of this sub-clause, shall be calculated in accordance with the provisions referred to in paragraph *(c)* hereof, and shall thereafter be agreed in a like manner at intervals of five years.

(f) The terms of the said agreement shall permit the Trust, at any time during any five year period referred to in paragraphs *(d)* and *(e)* of this sub-clause, to increase the tariffs charged to the Joint Venturers in accordance with the following principles:

(i) the tariffs shall be increased only as part of and at the same time as the Trust reviews and increases the tariffs charged to other consumers of electricity supplied by it, and

(ii) the rate of increase of the tariffs shall not exceed the overall rate of increase (assessed on a weighted average of actual tariff usage basis) of all other tariffs charged by the Trust to other consumers, namely tariffs J, K, M, P, R, S and W, and any tariffs in addition to or in substitution for such tariffs.

(g) The terms of the agreement shall provide that if the Joint Venturers do not accept the tariffs, as determined by the Trust, to apply at the commencement of each five year period as referred to in paragraphs *(d)* and *(e)* of this sub-clause, the tariffs for that five year period shall be determined by an independent expert. The person appointed as the independent expert shall be agreed between the Trust and the Joint Venturers or, in default of agreement, shall be appointed by the President of the Institution of Engineers, Australia and in making a determination shall have regard to the principles in paragraph *(c)* of this sub-clause. Until any determination is made by the independent

expert appointed pursuant to this sub-clause the tariff so determined by the Trust shall continue to apply and following such determination the tariff determined by the independent expert shall apply from the beginning of the relevant five year period.

(h) The State guarantees compliance by the Trust with the provisions of the Seventh Schedule hereof and with such of the provisions of this Clause 18 as apply to the Trust, and with the detailed agreement to be entered into pursuant to paragraph *(a)* of this sub-clause and any amendments thereto or substitutions therefor which have the prior approval of the Minister.

(15) The Joint Venturers shall, for all power supplied to them through the power line running from Port Augusta to Woomera, pay to the Trust the charges therefor calculated in accordance with and based on the applicable standard tariff charged, from time to time, by the Trust.

(16) The State shall procure the power distribution authority, in respect of electricity supplied by such authority to consumers within the town, to charge tariffs which shall not exceed the relevant tariffs from time to time generally charged to consumers of the same class within the metropolitan area of Adelaide plus ten per centum (10%).

(17) *(a)* The Joint Venturers shall in respect of electricity supplied by them to the power distribution authority pursuant to sub-clause (13) of this Clause, charge a rate which will be assessed on the following principles:—

(i) the power distribution authority shall run at neither a profit nor a loss, provided, however, that nothing herein shall be construed as preventing the power distribution authority from making reasonable financial provision to meet the costs of future maintenance or replacement,

(ii) the power distribution authority shall properly maintain and service its plant and equipment, and shall be properly able to administer its undertaking and provide electricity in accordance with the terms of this Clause, and

(iii) the rate charged shall be such that the power distribution authority will be able to supply electricity to consumers at the tariffs specified in sub-clause (16) of this Clause.

(b) In the event that the relevant Joint Venturers provide the town power requirements from more than one source they shall install, maintain and operate such meters and other equipment as may be necessary.

(c) The relevant Joint Venturers, in respect of the quarters ending on the last days of March, June, September and December (or such other periods, having regard to the accounting practices of the relevant Joint Venturers or of any manager appointed pursuant to sub-clause (2) of Clause 54, as may from time to time be agreed by the Minister and the Joint Venturers), shall forward to the power distribution authority an account for electricity supplied to it during each quarter (or other period) pursuant to sub-clause (13) of this Clause and such account shall be paid by the power distribution authority within thirty days from receipt thereof.

(18) The right of the relevant Joint Venturers to construct the Switching Facilities pursuant to sub-clause (4) of this Clause and the obligation to supply electricity to the power distribution authority pursuant to sub-clause (13) of this Clause shall, in respect of the town power requirements, be limited to ensure the supply of such requirements as is appropriate to the scale of the Joint Venturers' operations from time to time with a maximum

obligation appropriate to a level of production at the minesite of 150,000 tonnes per annum of contained copper in saleable Product and associated by-products.

(19) The State shall ensure that those electricity consumers within the town who are employees of or are employed or retained by the Joint Venturers or any of them or an associated company or who or which are located in the town for the purposes of providing services (including any public or municipal services) assistance or facilities to such employees or retainees are and continue to be supplied with electricity which is delivered to the power distribution authority by the Joint Venturers or any of them pursuant to this Indenture, in priority to any other electricity consumers within the town.

(20) In performing their obligations under this Clause the relevant Joint Venturers shall observe standards normally adopted by the Trust.

(21) At the request of either the Trust or the Joint Venturers or any of them to the other, the relevant Joint Venturers and the Trust shall enter into negotiations regarding the transmission of electricity generated and owned by either the Trust or the relevant Joint Venturers over transmission lines situate anywhere in the State of South Australia owned or operated by either the Trust or the relevant Joint Venturers. Any failure to so agree as a consequence of such negotiations shall not be arbitrable.

(22) The Joint Venturers and each of them or an associated company in any case as nominated in writing from time to time by the Joint Venturers to the Minister shall be deemed to be registered by the Trust as a supplier of electricity for the purpose of the Electricity Act.

19. SPECIAL MINING LEASES

(1) Upon application by or on behalf of the participating Joint Venturers for the Initial Project, made to the Minister not later than 6 months after the Joint Venturers have given a Project Notice in respect of the Initial Project for a Special Mining Lease for all minerals over such of the Olympic Dam Area or the Selected Areas and any additional area or areas as may be reasonably necessary for surface facilities as those Joint Venturers shall specify, the State shall (contemporaneously with the surrender, conditional on fulfilment by the State of its obligation pursuant to this sub-clause (1), by such of the Joint Venturers as is appropriate of such exploration licences retention leases miscellaneous purposes licences extractive minerals leases or other tenements whatsoever as are inconsistent with the grant of a Special Mining Lease (which surrender shall be accepted by the Mines Minister) held by them or any of them or on their behalf or on behalf of any of them at the date of the said application in or over the area specified in the application for a Special Mining Lease) cause to be granted to the participating Joint Venturers for the Initial Project or to such of them as they may nominate to the Minister or to an associated company as they may nominate to the Minister at the rental specified in sub-clause (5) of this Clause a Special Mining Lease over such land so applied for (notwithstanding that the survey in respect thereof has not been completed but subject to such corrections to accord with the survey when completed at those participating Joint Venturers' expense). The property in minerals contained in the land the subject of any Special Mining Lease shall pass to the holders of such Special Mining Lease at the time the mineralised rock is brought to the surface notwithstanding that royalties in respect of the minerals contained therein shall not have then been paid.

(2) *(a)* Subject to the performance by the Joint Venturers of their respective obligations under this Indenture and to the performance by the

holders thereof of their obligations under the Special Mining Lease granted in accordance with sub-clause (1) of this Clause, the term of such Special Mining Lease shall be for a period of fifty years with effect from the date of receipt of the application therefor.

(b) During the eighth last year of the initial or any extended period of the Special Mining Lease granted in accordance with sub-clause (1) of this Clause the holders of such Special Mining Lease shall calculate the expected life of the mine or mines within such Special Mining Lease on the basis of then measured, indicated and inferred reserves and then current and proposed production rates. If the expected life of such mine or mines is—

(i) greater than forty years, the Special Mining Lease, at the expiration of the then current period thereof, shall be automatically extended for a further period of fifty years; or

(ii) less than forty years, the Special Mining Lease at the expiration of the then current period thereof, shall be automatically extended for the period of such expected life plus ten years,

unless, in either case, the holders thereof, by notice given to the Minister not less than one year prior to the expiry of such initial or extended period, advise that they do not require the said Special Mining Lease to be so extended.

(c) The conditions to apply during any extended period of the Special Mining Lease granted in accordance with sub-clause (1) of this Clause (other than conditions relating to the term, rent and royalty rate) may be reviewed by the Minister at the commencement of each extended period and the Minister subject to Clause 34 may impose such reasonable additional conditions or variations to the existing conditions to apply during such extended period for, without limitation, the purpose of preventing or reducing adverse effects upon the environment of the lands the subject of such Special Mining Lease provided always that if the holders of such Special Mining Lease consider any such condition other than a condition relating to safety to be unreasonable or objectionable they may refer the question to arbitration pursuant to Clause 49 within sixty days of receipt of advice from the Minister of such condition. Any condition imposed by the Minister under this sub-clause may at any time be cancelled by him and any reference pursuant to this sub-clause to arbitration shall not affect the continuance or continuity of the Special Mining Lease.

(3) *Conversion of Special Exploration Licence to Special Mining Lease*—The holders for the time being of a Special Exploration Licence may, not later than 6 months after the Joint Venturers have, pursuant to Clause 6 or Clause 9 as the case may be, given a Project Notice in respect of the Initial Project or a Subsequent Project, apply to the Minister for a Special Mining Lease for all minerals over the whole or part of the area of a Special Exploration Licence in respect of that Project Notice and any additional area or areas as may be reasonably necessary for surface facilities as may be specified in the said application. The State shall (contemporaneously with the surrender, conditional on fulfilment by the State of its obligation under this sub-clause (3), of the whole or part (as the case may require) of the Special Exploration Licence (which surrender shall be accepted by the State)) cause to be granted to the Joint Venturers or such of them as they may nominate to the Minister or to an associated company as they may nominate to the Minister a Special Mining Lease over the land specified in the application (notwithstanding that the survey in respect thereof has not been completed but subject to such corrections to accord with the survey when completed at the relevant Joint Venturers' expense).

(4) *Incorporation of Lands in Special Mining Lease*—If an application is made under sub-clause (3) of this Clause by or on behalf of the same Joint Venturers as then have the benefit of another Special Mining Lease granted in accordance with this Clause 19 the State shall, if so required by those Joint Venturers, incorporate the lands the subject of the said application into that other Special Mining Lease whether contiguous therewith or not and the State and the relevant Joint Venturers shall ensure that the said Special Mining Lease is modified as necessary to incorporate such lands as may be added as aforesaid.

(5) *Special Mining Lease Rent*—The holders of a Special Mining Lease shall, subject to Clause 34 of this Indenture, pay rent to the State for all that land the subject thereof at the annual rate applicable to all mineral leases granted under the Mining Act.

(6) *Exclusive Rights of Entry*—Subject always to the ratifying Act the State shall ensure that the holders of a Special Mining Lease and their agents, servants and invitees shall have exclusive rights of entry upon and occupation of the lands the subject thereof provided always that nothing shall prevent or hinder the entry onto such lands by any employee of the State or any instrumentality thereof for the purpose of discharging or carrying out any statutory duty or acting in the proper course of his employment.

(7) The provisions of this Clause shall apply, mutatis mutandis, to any Special Mining Leases granted in accordance with sub-clause (3) of this Clause.

(8) The State shall ensure that, during the currency of this Indenture and subject to compliance with the terms and conditions set out in a Special Mining Lease, the holders of a Special Mining Lease shall not be required, with respect to that Special Mining Lease, to comply with the labour conditions and/or expenditure conditions (if any) imposed by or under the Mining Act.

(9) *State Use*—The State and the holders thereof may agree upon the use of any portion of the lands comprised in a Special Mining Lease for provision of a public utility crossing of the lands comprised in that Special Mining Lease (including roads railways pipelines and transmission lines) provided that such use does not conflict or interfere with the Joint Venturers' operations or the rights granted under such Special Mining Lease.

(10) *Substituted Securities*—Where the Joint Venturers or any of them whether before or after the execution of this Indenture executes and has registered or recorded in the Department of Mines and Energy or other relevant Department in the State a mortgage charge or other encumbrance over their or its interest in a mining lease exploration licence retention lease miscellaneous purposes licence extractive minerals lease or other tenement and the land the subject thereof on the surrender thereof becomes incorporated in a Special Exploration Licence, or a Special Mining Lease then provided the consent of the mortgagee chargee or other encumbrancee is first obtained the interest of the said Joint Venturer in the Special Exploration Licence or Special Mining Lease (as the case may be) shall notwithstanding the provisions of any Act and any rule of law or equity to the contrary be deemed to be the subject of such mortgage charge or other encumbrance as if the Special Exploration Licence or Special Mining Lease (as the case may be) had been referred to in the mortgage charge or other encumbrance. A memorandum of any such mortgages charges or other encumbrances shall thereupon by force of this Indenture and the ratifying Act be endorsed on the Special

Exploration Licence or Special Mining Lease (as the case may be) in the order in which they appeared registered or recorded against an interest as aforesaid in any such surrendered tenement at the time of its surrender.

Such Exploration Licence shall not impose any minimum expenditure obligations on WMC.

(7) The State will ensure that, from the expiration of the Initial Exploration Licence, an Exploration Licence or Licences in respect of a maximum of three thousand square kilometres to be nominated by WMC out of the area of the Initial Exploration Licence is granted pursuant to the Mining Act to WMC for a period (including renewals) of five years. The terms and conditions of such Exploration Licence or Licences shall be similar to those which are generally applicable to Exploration Licences then granted under the Mining Act.

(9) *(a)* If, in respect of a Special Exploration Licence granted pursuant to sub-clause (4) of this Clause, the Minister at any time is of the opinion that, on the basis of information lodged with the Department of Mines and Energy, it is economically practicable for the holders thereof to commit to a Subsequent Project in respect thereof, he may, after consultation with the holders of the relevant Special Exploration Licence, notify such holders that he requires them to undertake a review of the economic viability of such a Project and report to him within 30 days after receipt by such holders of such notification.

(i) If, after receiving such report indicating that such a Subsequent Project is not likely to be economically practicable, the Minister is dissatisfied with the report he may within 30 days after receipt thereof, refer the report to an Independent Expert pursuant to Clause 50.

(ii) If the Independent Expert determines that such a Subsequent Project is unlikely to be economically practicable, the holders of the Special Exploration Licence shall not be obliged to undertake further studies except pursuant to paragraph *(f)* of this sub-clause (9).

(c) Where a feasibility study prepared pursuant to paragraph *(b)* of this sub-clause (9) shows it is not then economically practicable for the holder of the relevant Special Exploration Licence to commit to a Subsequent Project in respect thereof, the Minister shall accept such result.

(d) Where a feasibility study prepared pursuant to paragraph *(b)* of this sub-clause (9) shows it is economically practicable for the holders of the relevant Special Exploration Licence to commit to a Subsequent Project in respect thereof:—

(i) such holders will commit to such Subsequent Project within three years of the date upon which the feasibility study, showing that it is then economically practicable for them to do so, is received by them; or

(ii) if such holders do not so commit to such Subsequent Project the Special Exploration Licence shall terminate at the end of such three year period.

(e) If such holders, following receipt by them of the Minister's opinion, fail to prepare or cause to be prepared a feasibility study pursuant to paragraph *(b)* of this sub-clause (9), the Special Exploration Licence shall terminate within 2 years from the date of receipt of the Minister's opinion or such other time as may be reasonably necessary to prepare such a study.

(f) The Minister may not give notice of the Minister's opinion in respect of any Special Exploration Licence more frequently than at two yearly intervals from the date of receipt of the Independent Expert's determination or of the feasibility study result, as the case may be.

(g) In determining whether or not it is economically practicable for the holders of a Special Exploration Licence to commit to a Subsequent Project in respect thereof, account shall be taken of the provisions of sub-clause (1) of Clause 9 and whether or not the negotiations required thereby have been completed and if so the results thereof and any such Subsequent Project shall be considered on a stand alone basis.

(10) Any Special Exploration Licence issued pursuant to this Clause applying to the Andamooka Precious Stones Field (as proclaimed at the date upon which this Indenture is executed the area of which is specified in the Sixth Schedule hereto) shall be issued subject to the rights, pursuant to the Mining Act, of opal miners (both present and future) prospecting or mining in the said precious stones field, provided, however, that such rights shall not extend to a depth of more than fifty metres below the surface of the earth.

(a) public roads and lighting therefor;

(b) drainage works;

(c) the sewerage reticulation system and works;

(5) The participating Joint Venturers in respect of the Initial Project shall at their cost, undertake all initial survey work (including any necessary subsequent corrections thereto) necessary or connected with the purposes of this Clause and shall meet such reasonable requests as the Surveyor-General may, from time to time, issue with respect to such surveys but shall have no other obligations with respect to any other survey in connection with the municipality.

24. FREEHOLD GRANTS

(1) Upon this Indenture coming into operation the State shall recommend to the Governor that a proclamation be made pursuant to paragraph *(d)* of section 5 of the Crown Lands Act to dedicate such lands, having an area of approximately 100 square kilometres, as may be agreed between the Joint

Venturers and the Minister for development for township purposes (including the area of a town buffer zone) pursuant to this Indenture. The Minister and the Joint Venturers may, at any time, agree that the lands so dedicated shall be extended, reduced or other lands substituted therefor, in which event the State shall recommend to the Governor that such proclamation as is necessary so to dedicate such extended, reduced or substituted lands be made.

(2) The State shall recommend to the Governor that any land dedicated pursuant to sub-clause (1) of this Clause be placed under the care, control and management of the Minister, pursuant to paragraph (fl) of section 5 of the Crown Lands Act.

(3) At any time (and from time to time) after a Project Notice has been given in respect of the Initial Project, the State shall, at the request of the Joint Venturers, recommend to the Governor that, pursuant to paragraph *(d)* of section 5 of the Crown Lands Act, the fee simple estate of those portions of the lands (not being lands so dedicated which have been designated pursuant to Clause 25 for the purposes of a town buffer zone) dedicated pursuant to sub-clause (1) of this Clause as are then required by the Joint Venturers or any of them or an associated company for township purposes be granted to them or such of them or such associated company as they may nominate to the Minister for such purposes. The said grants shall be at no cost to such Joint Venturers or associated company and shall be made free and clear of all easements, restrictions, liens, charges and other encumbrances whatsoever, other than such easements or restrictions which may have been previously agreed in writing between the joint Venturers and the Minister.

(4) The Joint Venturers or any of them or an associated company (as the case may be) may subdivide or resubdivide any land granted to them pursuant to sub-clause (3) of this Clause for the development thereof for township purposes pursuant to this Indenture and may, for that purpose, at their option:

(a) seek, pursuant to Clause 7, all necessary approvals for such subdivision or resubdivision; or

(b) surrender the fee simple estate of the land proposed to be subdivided or resubdivided to the State, such surrender to be conditional upon subdivision or resubdivision of such land by the State pursuant to the provisions of the Crown Lands Act, in accordance with plans and specifications to be agreed between the Joint Venturers or an associated company and the Minister, and the issue of a land grant for an estate in fee simple free and clear of all encumbrances, liens or charges whatsoever (other than any existing in respect of the surrendered title) in respect of each subdivided or resubdivided allotment (not being a road, park or reserve to vest in the municipality).

(5) The sale of any land by the Joint Venturers or any of them or an associated company within the townsite shall be at a price which is not (unless the consent of the Minister is first obtained, which consent shall not be subject to arbitration) in excess of the allotment development cost in respect of such land. The allotment development cost shall be agreed from time to time between the Joint Venturers and the Minister and shall be a proportion of all costs incurred by the relevant Joint Venturers or an associated company associated with the development of such land, and:—

(a) the escalation of such cost of development which escalation shall be calculated in accordance with the percentage increase in

the Consumer Price Index for the City of Adelaide (All Groups) from the quarter last ended prior to the date such costs are incurred to the quarter last ended prior to the date of any such sale; and

(b) an amount of 5% per annum of such development costs, calculated from the time of such development until the time of sale.

(6) The Joint Venturers may, at any time after a Project Notice has been given in respect of the Initial Project or a Subsequent Project, advise the Minister of the dimensions and location of the area of lands which the relevant Joint Venturers reasonably require from time to time for the purposes of establishing a minesite, being that land which is reasonably required for the establishment of buildings, structures, ponds, tailings dams and plant and surface facilities associated with the mine or mines for the Initial or Subsequent Project and the State shall recommend to the Governor that the said land be reserved pursuant to the provisions of paragraph *(f)* of section 5 of the Crown Lands Act.

(7) The State shall, at the request of the Joint Venturers made at any time after the issue of a Special Mining Lease issued for the purposes of the Initial Project or a Subsequent Project, grant an estate in fee simple, free of any easements, liens, charges or other encumbrances whatsoever over all of the land reserved pursuant to the provisions of sub-clause (6) of this Clause.

(8) The provisions of this Clause 24 shall apply, mutatis mutandis, to any area of land required for townsite purposes required by the Joint Venturers or any of them with respect to any Subsequent Project.

(9) The relevant Joint Venturers shall, at their cost, undertake all initial survey work (including any necessary subsequent corrections thereto) necessary or connected with the purposes of this Clause, and shall meet such reasonable requests as the Surveyor-General may, from time to time, issue with respect to such surveys.

(10) Where, pursuant to sub-clause (7) of this Clause, a fee simple estate over any land has vested in the Joint Venturers, such land shall automatically revert to the State at the expiration of the period ending two years after the termination (whether by effluxion of time or otherwise) of the Special Mining Lease (including any extensions or renewals thereof) in which such land situated.

25. SPECIAL BUFFER ZONES

(1) The State shall, upon a Project Notice being given in respect of the Initial Project, grant (or procure the grant) for a period of 21 years with automatic extensions for further successive periods each of 21 years upon the same terms and conditions to:—

(a) the municipality a Special Buffer Zone Lease in the form or substantially in the form of the Eighth Schedule hereto of such land surrounding or on the boundary of the townsite as shall be agreed from time to time by the Joint Venturers and the Minister for the purposes of creating a town buffer zone within which no development may take place and access may be restricted provided that such grant shall contain appropriate reservations in favour of the Joint Venturers or any of them or an associated company as they may nominate to the Minister to ensure that such Joint Venturers or associated company may construct, operate, maintain and use without restriction

such roads (both private and public), railways and other forms of transportation and have access to and egress from the minesite for the proper and efficient conduct of their operations; and

(b) the Joint Venturers or such of them or an associated company as they may nominate to the Minister a Special Buffer Zone Lease in the form or substantially in the form of the Fourth Schedule hereto of such land surrounding the Special Mining Lease to be granted pursuant to sub-clause (1) of Clause 19 as shall be agreed from time to time by the Joint Venturers and the Minister for the purposes of creating a mine buffer zone, within which access may be restricted, to safeguard the public, the work force and the environment in relation to operations under this Indenture and such grants shall have regard to the then current and the future requirements of the Joint Venturers' operations.

(2) *Additional Buffer Zones*—The State shall at the request of the Joint Venturers from time to time cause to be added to the Special Buffer Zone Lease surrounding the Special Mining Lease to be granted pursuant to sub-clause (1) of Clause 19 referred to in sub-clause (1) of this Clause or grant such further Special Buffer Zone Leases as may be appropriate over such land surrounding a Special Mining Lease or Special Mining Leases to be granted pursuant to sub-clause (3) of Clause 19 as shall be agreed by the Joint Venturers and the Minister to be necessary as additional mine buffer zones in respect of any Subsequent Project, whether or not such additional land is contiguous with the land the subject of the Special Buffer Zone Lease granted pursuant to paragraph *(b)* of sub-clause (1) of this Clause.

(3) The surface of any land the subject of a Special Buffer Zone Lease and any strata to a depth of fifty metres below such surface shall not be used for any mining operations other than for, or in connection with, a down cast airway.

26. FURTHER PROCESSING

(1) Having regard to the State's intention to have established the further processing of Product within the State, the Joint Venturers shall, in accordance with the provisions of this clause, unless otherwise agreed in writing by the Minister, review the further processing of Product within the State.

(2) The said review shall ascertain the feasibility of the further processing of Product to the following stages:—

(a) copper to the refined stage, and

(b) the recovery of base and precious metals.

(3) The Joint Venturers shall, within three years of the Commencement Date, provide to the Minister a report in writing setting out the results of such review.

(4) Upon submitting the Minister the report referred to in sub-clause (3) of this clause, the Joint Venturers shall, whilst Product remains unprocessed within the State to the stages referred to in sub-clause (2) of this clause, continue to review the further processing of Product within the State and shall, every three years thereafter, provide to the Minister further report in writing setting out the results of such continued review.

(5) The Joint Venturers shall give preference to the further processing of Product within the State, and will, if further processing of Product within the State is technically and economically feasible, encourage and support such further processing.

(6) Nothing in this Clause shall oblige the Joint Venturers or any of them to disclose any information the disclosure of which will or may be in breach of any obligation (whether statutory or otherwise) which will or may render the Joint Venturers, or any of them, liable to a fine, penalty, forfeiture or detriment of any kind.

(7) Nothing in this Clause shall oblige the Joint Venturers to process or sell Product on other than commercial terms acceptable to them, or impinge upon or restrict, in any way, the rights of the Joint Venturers to enter into and comply with contracts for the sale of Product in any form.

27. LEASES, LICENCES, EASEMENTS AND RIGHTS OF WAY

Without prejudice to the other provisions of this Indenture which provide for the grant of specific leases, licences, easements and other tenures and estates in land the State shall, in respect of land owned by it not reasonably required by the State for any other purpose or resumed pursuant to Clause 31, as may be agreed by the Joint Venturers and the Minister, for the purposes of the Joint Venturers' operations, from time to time grant (or cause to be granted) to the Joint Venturers or such of them as they may nominate to the Minister or to an associated company as they may nominate to the Minister for such period and on such terms and conditions (including renewal rights) as shall be reasonable in all the circumstances, leases and where applicable licences easements and rights of way for all or any of the purposes of the Joint Venturers' operations.

28. ZONING, RENTALS AND FEES

The provisions of Parts IV, V and VI of the Planning and Development Act shall not apply to any land the subject of a Special Mining Lease granted pursuant to this Indenture or to any lands owned or occupied by the Joint Venturers or any of them or an associated company or of which such Joint Venturers or associated company have or are entitled to the benefit or use and which are reasonably required for the transport, supply or provision of electricity or water for the Initial Project or any Subsequent Project.

29. RATING

(1) The State shall ensure that rates, land tax and all similar levies and imposts are assessed and levied only upon or in respect of land which has been granted to the Joint Venturers pursuant to sub-clause (3) of Clause 24 (hereafter called in this Clause 29 "granted land") within the townsite and shall, without limitation to the foregoing, ensure that such rates, land tax and similar levies and imposts are not assessed and levied upon or in respect of the occupation of any lands or properties situated within the minesite and used by the Joint Venturers or any of them or by an associated company in relation to the Joint Venturers' operations.

(2) *No discriminatory rates*—The State shall not impose or permit or suffer any instrumentality of the State or any local or other authority or any statutory authority to impose discriminatory rates, land tax or similar levies. Imposts, rates and land tax may be assessed and levied only upon or in respect of granted land within the townsite as provided in sub-clause (1) of

this Clause, provided, however, that nothing in this Clause shall be construed as preventing the Distribution Authority charging the Joint Venturers on a non-discriminatory basis for any water or sewerage services supplied to and used on any land owned by the Joint Venturers or any of them.

(3) Without limitation to the provisions of sub-clause (2) of this Clause and in accordance with the provisions of the ratifying Act the following provisions regarding the levying of rates by the municipality shall apply during the period of the Administrator's appointment pursuant to sub-clause (3) of Clause 23:—

(a) The Joint Venturers and the municipality shall agree upon the general or any other rate which is to be levied by the municipality in respect of the townsite or any services, facilities or infrastructure provided therein;

(b) Where the proposed income and expenditure of the municipality for any financial year of the municipality has been approved by the State and the Joint Venturers prior to the commencement of that financial year, or any revision thereof has been so approved prior to any commitment by the municipality in respect thereof, and the revenue of the municipality during that financial year (including grants approved by either the Commonwealth or the State and any funds which the municipality is reasonably able to borrow) is shown by the statement and balance sheet which the municipality is required by section 296 of the Local Government Act to prepare to be insufficient to meet such approved expenditure, one half of that portion of the shortfall directly or necessarily related to the Joint Venturers' operations shall be borne by the State and one half of that portion of the shortfall directly or necessarily related to the Joint Venturers' operations shall be borne by the Joint Venturers.

(4) Notwithstanding that the lands the subject of a Special Mining Lease granted pursuant to this Indenture will not be within the area of the municipality and that the municipality is not required pursuant to this Indenture to bear any capital costs for the provision of infrastructure, facilities and services within the townsite, the relevant Joint Venturers, in addition to any rates payable by them or any of them in respect of any granted land within the townsite, shall make a contribution, in respect of the minesite, to the revenues of the municipality of an amount not exceeding One Hundred and Fifty Thousand Dollars in each financial year of the municipality. The said contribution shall be pro-rated on the basis of 9 000 people connected directly with the Joint Venturers' operations or with the provision of Government or other necessary services (and the dependants of such people) whether or not such people are employed by the Joint Venturers or an associated company. The amount of the contribution to be made in each year shall be determined on the basis of the estimated number of such people living in the town of the 1st day of July of the year in which such contribution is made. The obligation of the Joint Venturers under this sub-clause (4) shall not come into operation until the expiration of the period of the Administrator's appointment pursuant to sub-clause (3) of Clause 23 and the amount shall be increased or decreased by the percentage increase or decrease in the Consumer Price Index for the City of Adelaide (All Groups) from the quarter ended the 31st March, 1982, to the quarter last ended prior to the commencement of the financial year of the municipality in respect of which the contribution is being made.

(5) Without limitation to the provisions of sub-clause (1) of this Clause and without prejudice to any of the provisions of this Indenture which fix or determine the basis for fixing of costs and charges for the provision of specific facilities or services, the State shall not impose or permit or suffer any instrumentality of the State or any local or other authority or statutory authority to impose discriminatory rates or charges of any nature whatsoever on or in respect of the supply of facilities or services to and within the town or the minesite or elsewhere for the purposes of this Indenture and such rates or charges shall be fixed having regard to the reasonable costs incurred or likely to be incurred in providing such facilities or services and to charges paid by other industrial users and country area consumers respectively in the State and shall include all such allowances, discounts and subsidies as may from time to time be granted or given to such users and consumers.

30. NO RESUMPTION

The State agrees that it shall not requisition, resume, compulsorily acquire or reserve or suffer or permit to be requisitioned, resumed, compulsorily acquired or reserved by an instrumentality or by any local or other authority of the State or any statutory authority—

(a) any portion of the land the subject of any Special Water Licence or Special Mining Lease; or

(b) any portion of the land the subject of any fee simple estate, lease, licence, right of way or easement granted or used for the transport, supply or provision of electricity or water for the Initial Project or any Subsequent Project or for the transport of goods, materials or Product in connection therewith the resumption of which would impede or hinder the Joint Venturer's works and activities or the works and activities of any of them or of an associated company including, without limitation, the Joint Venturer's present or future mining and treatment activities at the minesite, nor shall the State create of grant or permit or suffer to be created or granted by an instrumentality or by any local or other authority of the State or any statutory authority any road right of way or easement of any nature or kind whatsoever over or in respect of the land comprised in any such Special Water Licence, Special Mining Lease, fee simple estate, lease, licence, right of way or easement without the consent of the relevant Joint Venturers first had and obtained.

31. RESUMPTION FOR THE PURPOSES OF THIS INDENTURE

(1) The State shall as necessary resume any land required for the purposes of this Indenture and notwithstanding any provision of any Act may sell, lease, grant licences, easements, and rights-of-way in respect of or otherwise dispose of, such land to the Joint Venturers or to such of them as they may nominate to the Minister or to an associated company as they may nominate to the Minister. The relevant Joint Venturers shall reimburse to the State reasonable compensation previously agreed with those Joint Venturers and paid by it in respect of any land resumed at the request of and on behalf of them pursuant to this Clause.

(2) Where the State, pursuant to this Indenture, is required to grant to the Joint Venturers any estate, lease, licence or easement (not being a Special Tenement created pursuant to this Indenture) over land (not being land

resumed pursuant to sub-clause (1) of this Clause) the property of the State, other than over any land lying in the townsite, a Special Mining Lease, a well field, or a service corridor for a road, railway, powerline or pipeline, the Joint Venturers shall pay to the State the value of such estate, lease, licence or easement as agreed with the Minister or determined by arbitration pursuant to Clause 49.

32. ROYALTIES

(1) Each Joint Venturer shall pay or cause to be paid to the State in respect of Product owned by it and which leaves the Special Mining Lease within which the treatment plant is situated:

(a) at any time prior to and including the fifth anniversary of the Commencement Date a royalty (hereinafter in this Clause referred to as "the initial basic royalty") at the rate of 2.5% of the value ex mine lease of Product; and

(b) after the fifth anniversary of the Commencement Date and on or prior to the 31st day of December 2005 a royalty (hereinafter in this Clause referred to as "the subsequent basic royalty") at the rate of 3.5% of the value ex mine lease of that Product.

In each case computed in Australian currency at the appropriate buying rate of exchange prevailing on the date upon which—

(i) in the case specified in either paragraph *(a)* or paragraph *(b)* of sub-clause (2) of this Clause, the gross proceeds are receivable; or

(ii) in any other case, the value ex mine lease is determined,

as quoted by the Australian and New Zealand Banking Group Limited Melbourne or, in the absence of the said bank giving a quotation, at the appropriate rate of exchange agreed between the Minister and the relevant Joint Venturer within 60 days of the relevant quarter day (being a quarter day specified in paragraph *(a)* of sub-clause (4) of this Clause) and in the absence of agreement as determined by arbitration in accordance with Clause 49. The initial basic royalty and the subsequent basic royalty are hereafter in this Clause referred to as "the basic royalty".

(2) For the purpose of this Clause 32 the expression "value ex mine lease" means:—

(a) in the case of Product which leaves the Special Mining Lease within which the treatment plant is situated pursuant to an arm's length sale of that Product in the form in which it does so leave the said Special Mining Lease—the gross proceeds receivable in respect of that sale less all costs and expenses incurred or payable by the relevant Joint Venturer in respect of that sale but not including costs and expenses incurred or payable in respect of producing or stockpiling such Product within the said Special Mining Lease;

(b) in the case of Product which leaves the Special Mining Lease within which the treatment plant is situated pursuant to a non arm's length sale of that Product in the form in which it does so leave the said Special Mining Lease—the value as agreed by the relevant Joint Venturer and the Minister (which value shall take into account all costs and expenses incurred or payable by the relevant Joint Venturer in respect of that sale but not including costs and expenses incurred or payable in

respect of producing or stockpiling such Product within the said Special Mining Lease) within 60 days of the relevant quarter day (being a quarter day specified in paragraph *(a)* of sub-clause (4) of this Clause) or if no such agreement is reached the value as determined pursuant to paragraph *(d)* of this sub-clause (2);

(c) in the case of Product which leaves the Special Mining Lease within which the treatment plant is situated, other than Product referred to in paragraphs *(a)* and *(b)* of this sub-clause (2), and which is subsequently sold in the form in which it does so leave the said Special Mining Lease pursuant to an arm's length sale prior to the date upon which a return in respect thereof is to be furnished to the Minister pursuant to paragraph *(a)* of sub-clause (4) of this Clause—the gross proceeds receivable in respect of that sale less all costs and expenses incurred or payable by the relevant Joint Venturer in respect of that sale but not including costs and expenses incurred or payable in respect of producing or stockpiling such Product within the said Special Mining Lease;

(d) in any other case—the deemed value. The deemed value shall be calculated as follows:—

firstly, the relevant Joint Venturer and the Minister shall for each relevant quarter agree upon an appropriate quoted price (commonly used in price setting in that particular commodity) in respect of Product in the form in which it leaves the Special Mining Lease within which the treatment plant is situated or where there is no such quoted price shall agree upon an appropriate quoted price in respect of Product in a form other than that in which it leaves the said Special Mining Lease and which price is commonly used in price setting of Product in the form in which it does leave the said Special Mining Lease (either of such prices being herein called "the reference price");

secondly, the relevant Joint Venturer and the Minister shall by agreement adjust each quotation of the reference price during the relevant quarter to a price comparable to prices then being obtained on the open market for material comparable to Product in the form in which it leaves the Special Mining Lease within which the treatment plant is situated and giving appropriate weight to all relevant factors including:—

A. in any case where the reference price agreed pursuant to "firstly" (above) is in respect of a form of Product different from the form in which Product leaves the Special Mining Lease within which the treatment plant is situated, the quality of Product compared with the quality of the commodity in respect of which the reference is quoted;

B. the then current free market sales terms and conditions in contracts for the relevant commodity for deliveries in the relevant quarter by on-going producers of the commodity selling substantial quantities of the commodity directly or indirectly to commercial undertakings (and in the case of uranium oxide, to

electricity producers or other like commercial undertakings) on an arm's length basis;

C. the date, term and nature (including without limitation, the pricing basis thereof) of such contracts and the quantity and quality of the commodity involved;

D. relevant information published or made available on a regular basis by government agencies and reputable companies or organisations involved in collating pricing and other information of a commercial nature relating to the purchase and sale of the relevant commodity;

thirdly, from each such adjusted quoted price shall be deducted all costs and expenses which the relevant Joint Venturer and the Minister agree within 60 days of the relevant quarter day (being a quarter day specified in paragraph *(a)* of sub-clause (4) of this Clause) would have been incurred or payable by the relevant Joint Venturer—

A. in respect of a sale of Product at each such adjusted quoted price, if such sale had taken place; and

B. each such sale would have required delivery of Product in the terms contemplated by each such adjusted quoted price; and

C. such costs and expenses would have been incurred or payable in respect of such a sale (but not including costs and expenses incurred or payable in respect of producing or stockpiling such Product within the Special Mining Lease within which the treatment plant is situated) until the point of delivery which would have been required by a sale at each such adjusted quoted price

and each resultant value shall be a gate value;

fourthly, the average of all gate values calculated for the relevant quarter shall be obtained and the resultant shall be the deemed value for the purpose of calculating value ex mine lease of Product.

In any case where the relevant Joint Venturer and the Minister are unable to agree upon—

A. a reference price pursuant to 'firstly' of paragraph *(d)* of this sub-clause (2); or

B. an adjustment to a quotation of a reference price pursuant to 'secondly' of paragraph *(d)* of this sub-clause (2); or

C. the deductability of any costs and expenses pursuant to 'thirdly' of paragraph *(d)* of this sub-clause (2)

the matter shall be referred to an independent expert for determination pursuant to Clause 50.

(e) for the purpose of determining gross proceeds receivable in the case of paragraphs *(a)* and *(c)* of this sub-clause—

firstly, determine sales proceeds actually receivable. Sales proceeds actually receivable include—

(i) in the case where sales revenues have been received in respect of Product prior to it leaving the Special Mining Lease within which the treatment plant is situated, the amount which has been received after allowance for any interest or amounts in the nature of interest have been taken into account in respect of those sales revenues; and

(ii) in the case where sales revenues are to be received in respect of Product after it leaves the Special Mining Lease within which the treatment plant is situated, the amount which is to be received after allowance for any interest or amounts in the nature of interest have been taken into account in respect of those sales revenues.

The amount determined pursuant to "firstly" of this paragraph *(e)* is the adjusted amount.

Secondly, calculate the current value of the adjusted amount by applying the following formula—

$$C = A \times \frac{CPI_2}{CPI_1}$$

Where

C = the current value of the adjusted amount

A = the adjusted amount

CPI_1 = the Consumer Price Index for the City of Adelaide (All Groups) for the quarter within which the adjusted amount—

(i) in the case where sales revenues have been received in respect of Product prior to it leaving the Special Mining Lease within which the treatment plant is situated, was received, and,

(ii) in the case where sales revenues are to be received in respect of Product after it leaves the Special Mining Lease within which the treatment plant is situated, is estimated to be received.

CPI_2 = the Consumer Price Index for the City of Adelaide (All Groups) for the quarter within which the Product in respect of which the adjusted amount is received or receivable leaves the Special Mining Lease within which the treatment plant is situated.

provided that where an adjusted amount is received or is estimated to be received within 60 days of the date upon which the Product to which the adjusted amount relates leaves the Special Mining Lease within which the treatment plant is situated the current value thereof will be deemed to be the adjusted amount.

thirdly, if necessary, calculate the sum of the current values of the adjusted amounts in respect of the same sale and the

resultant of that calculation is the gross proceeds receivable in respect of that sale.

(3) After the 31st day of December 2005 royalty on Product in substitution for the basic royalty and the surplus related royalty shall unless the Minister and the holders of each Special Mining Lease otherwise agree be calculated and payable on the basis which, subject always to the provisions of Clause 34 as to non-discrimination, is equivalent to that specified from time to time to be payable in respect of the mining of the relevant mineral as provided in the Mining Act. Any failure by the Minister and the said holders to agree as aforesaid shall not be arbitrable.

(4) *(a)* Each Joint Venturer shall during such time as it is obliged to pay royalties to the State pursuant to the preceding sub-clauses of this Clause within 90 days after the following quarter days (in this sub-clause referred to as "the due date") namely the last days of March June September and December or such other days (having regard to a Joint Venturer's accounting practice) as may be agreed from time to time by the Minister and the relevant Joint Venturer in each year furnish or cause to be furnished to the Minister a return showing all particulars necessary to enable the calculation of the royalty payable for the quarter immediately preceding the due date of the return which return shall be accompanied by the amount of the royalty to be paid to the State in accordance with the return.

(b) If at the time of preparation of the return referred to in paragraph *(a)* of this sub-clause (4) the relevant Joint Venturer is unable to calculate the royalty on the basis of actual revenues and costs and charges pursuant to paragraph *(a)* or *(c)* of sub-clause (2) of this Clause it shall calculate the royalty on the basis of estimates thereof and within 30 days of the relevant Joint Venturer becoming aware of actual revenues and costs and charges in relation to Product in respect of which estimated royalty has been calculated and paid as hereinbefore provided, the relevant Joint Venturer shall determine the actual amount of the royalty payable and shall furnish or cause to be furnished to the Minister a return showing relevant particulars and the following amounts shall thereupon be payable:—

(i) where the estimate of the royalty payable exceeds the actual royalty payable the difference shall be forthwith paid to the relevant Joint Venturer by the State;

(ii) where the estimate of the royalty payable is less than the actual royalty payable the difference shall be forthwith paid to the State by the relevant Joint Venturer.

(5) Should the Minister so request within 6 months of the furnishing thereof in respect of any return furnished pursuant to sub-clause (4) of this Clause, the Joint Venturer to whom the request is made shall provide to the Minister as promptly as practicable after the request is made an auditor's report on the said return by its external auditor. Within the said period of 6 months the State Auditor General or a registered auditor approved by the Minister may request from a Joint Venturer reasonable and relevant information in respect of any such return and the relevant Joint Venturer shall provide the same. Any information so provided by a Joint Venturer shall be treated by the Minister, the State Auditor-General or any registered auditor appointed by the Minister on a strictly confidential basis and the right to request such information shall include the right to examine the books of the joint venture kept by the Manager and that part of the books of a relevant Joint Venturer which relates to the conduct of the relevant Joint Venturer's operations in respect of which royalty is payable pursuant to this Clause. If

a report provided to the Minister by the State Auditor-General or other auditor appointed by the Minister disagrees with an auditor's report provided as aforesaid, the relevant Joint Venturer and the Minister shall agree whether an adjustment should be made between the State and the relevant Joint Venturer of the amount of any royalty paid or which should have been paid hereunder and such adjustment shall be promptly made between the State and the Joint Venturer concerned provided always that if the relevant Joint Venturer and the Minister are unable to agree the matter shall be referred to arbitration pursuant to Clause 49.

(6) In addition to the basic royalty payable to the State under this Clause 32 there shall be payable in respect of each relevant group (as that expression is defined in sub-clause (11) of this Clause) to the State in respect of each financial year or part of a financial year from the Commencement Date until and including the 31st day of December 2005 (each such financial year or part thereof being hereinafter in this Clause referred to as an "SRR year") a further royalty (in this Clause referred to as "surplus related royalty") calculated in accordance with the following formula:

SRR = (C x APTPS) − T

Where:

SRR = the amount of the surplus related royalty;

C = the rate of royalty expressed as a percentage calculated as provided in sub-clause (10) of this Clause;

APTPS = average post threshold project surplus calculated as provided in sub-clause (7) of this Clause;

T = (i) in each SRR year until and including the fifth anniversary of the Commencement Date, zero;

(ii) in each SRR year from and after the fifth anniversary of the Commencement Date until and including the 31st day of December 2005 the lesser of

(1) (C x APTPS); and

(2) M, where M = 1% of the value ex mine lease of the relevant group's Product calculated as provided in sub-clause (2) of this Clause for the relevant SRR year.

Each Joint Venturer which is a member of a relevant group (as that expression is defined in sub-clause (11) of this Clause) shall be jointly liable with other members of the same relevant group to pay to the State the surplus related royalty in respect of that relevant group provided that a Joint Venturer shall have no liability to pay the surplus related royalty in respect of a relevant group of which it is not a member.

Where the Commencement Date or the 31st day of December 2005 does not coincide with the date of commencement of a financial year of a relevant group or the expiry of such a financial year respectively the basic principles embodied in this Clause with regard to the determination of SRR shall be applied in respect of the period between the Commencement Date and the end of such financial year in which the Commencement Date occurs, and of the period between the end of the financial year immediately preceding the 31st day of December 2005 and the 31st day of December 2005.

For the purposes of determining, in particular but without limitation, PTPS and FE, depreciation charges and escalation calculated in accordance with sub clause (8) of this Clause in respect of each of the aforesaid periods in question shall be pro rated in the proportion that each such period bears to a full financial year.

(7) For the purposes of the formula in sub-clause (6) of this Clause APTPS is determined as follows—

First determine the relevant group's project cash surplus ("PCS") for the relevant SRR year.

PCS = the value ex mine lease of all Product for which sales revenues are receivable or are deemed to be receivable in the relevant SRR year.

For the purposes of determining PCS—

(a) sales revenues shall become receivable, subject to the next succeeding paragraphs *(b)* and *(c)* on the date upon which title to the Product in respect of which such sales revenues are receivable passes to the purchaser of such Product;

(b) in the case of Product which leaves the Special Mining Lease within which the treatment plant is situated unsold for further processing, sales revenues will be deemed to be receivable in the SRR year during which such Product so leaves the said Special Mining Lease;

(c) where sales revenues have been received in respect of Product prior to it leaving the Special Mining Lease within which the treatment plant is situated, PCS for an SRR year shall include the value ex mine lease of such Product in respect of which that portion of sales revenues so received is applicable to Product which has actually left the said Special Mining Lease during that SRR year.

plus all income receivable by or on behalf of the relevant group in the relevant SRR year from the rental of housing accommodation at the town the provision of which housing accommodation is the responsibility of the Joint Venturers or any of them under or pursuant to this Indenture, and all income from the sale of power and water, and the provision of sewerage and other facilities and services, at the town the operating costs related to which are included within the deductible expenditure of a member of the relevant group for the Initial Project or subject to paragraph *(g)* of sub-clause (11) of this Clause any Subsequent Project pursuant to paragraphs *(a)* to *(h)* inclusive as next provided

less the following costs and expenses of the relevant group or any member thereof to the extent that such costs and expenses relate to activities undertaken within or in respect of a Special Mining Lease.

(a) all costs and expenses other than those referred to in the next succeeding paragraph *(b)* of an

operating nature properly chargeable to a member of the relevant group by the Manager in the relevant SRR year which costs and expenses are attributable to the mining and production of Product;

(b) the lesser of:

(i) the portion of actual rentals payable to the State in respect of any Special Mining Lease payable by or properly chargeable to a member of the relevant group in the relevant SRR year; or

(ii) the portion of the maximum rental in respect of any Special Mining Lease calculated in accordance with the following formula which would have been payable by or properly chargeable to a member of the relevant group in the relevant SRR year:

$$MR = A \times 2 \left[B \left(1 + \frac{CPI_2 - CPI_1}{CPI_1} \right) \right]$$

Where

MR = the maximum rental

A = the area (in hectares) of all Special Mining Leases as at the commencement of the relevant SRR year of which a member of the relevant group is a holder

B = $5, being the rent payable per hectare in respect of mineral leases granted under the Mining Act as at 30 September 1981

CPI_1 = the Consumer Price Index for the City of Adelaide (All Groups) for the quarter ended 30th September 1981

CPI_2 = the Consumer Price Index for the City of Adelaide (All Groups) for the quarter last ended before the end of the relevant SRR year;

(c) all reasonable stockpiling, transport and other expenses necessarily payable by a member of the relevant group in the relevant SRR year in respect of Product;

(d) an amount equal to 2.5% of the value ex mine lease of Product owned by a member of the

relevant group which in the relevant SRR year leaves the Special Mining Lease within which the treatment plant is situated;

(e) reasonable administrative overheads relative to the Initial Project and subject to paragraph *(g)* of subclause (11) of this Clause any Subsequent Project for the relevant SRR year;

(f) to the extent that same is not included as a cost and expense under the last preceding paragraph *(a)*, that part of the provisions made in the relevant SRR year in the books of account of a member of the relevant group for long service leave, holiday pay and superannuation benefits and entitlements of its employees that relates to personnel of that member of the relevant group engaged on the Initial Project and subject to paragraph *(g)* of subclause (11) of this Clause any Subsequent Project pro rated in respect of those employees who are not engaged full time thereon in accordance with the time actually spent;

(g) any borrowing or financing costs and expenses (including Stamp Duty) in respect of the Initial Project and subject to paragraph *(g)* of sub-clause (11) of this Clause any Subsequent Project incurred in the relevant SRR year but after the Commencement Date; and

(h) provision for mine closure and rehabilitation made in the relevant SRR year in the books of account of a member of the relevant group which provision shall be as agreed between the relevant Joint Venturers and the State in relation to the Initial Page 191 Project and subject to paragraph *(g)* of sub-clause (11) of this Clause any Subsequent Project and in the absence of agreement as determined by arbitration in accordance with Clause 49;

Provided However that there shall not be deducted from or added to either the aforesaid value ex mine lease or income of the relevant group or any member thereof either of the following—

(i) interest payable or receivable

(ii) any loss or gain attributable to a movement in currency exchange rates on borrowings by a member of the relevant group for purposes of the Initial Project or subject to paragraph *(g)* of sub-clause (11) of this Clause any Subsequent Project.

The resultant of making the foregoing deductions from the aforesaid aggregate of the value ex mine lease and other income is the PCS for the relevant SRR year of the relevant group which may be a positive or negative amount.

Second determine the project surplus ("PS") for the relevant SRR year of the relevant group by deducting from PCS

(a) where PCS is a positive amount an amount equal to the amount of definition D in the formula in sub-clause (8) of this Clause 32; and

(b) after making the deduction in the immediately foregoing paragraph *(a)* (if any), an amount derived by applying to that resultant a percentage equal to the average rate of tax (being the amount of tax that would be payable expressed as a percentage of taxable income) that would have applied pursuant to income tax or like legislation of the Commonwealth of Australia and/or of any State of Australia applicable in respect of the relevant SRR year as if the relevant group was a single taxpayer and the resultant obtained after making the deduction in the immediately foregoing paragraph *(a)* (whether a positive or negative amount but expressed as a positive amount for the purposes only of ascertaining the appropriate rate of tax) was its only taxable income; and

(c) after making the deduction in the immediately foregoing paragraph *(b)*, an amount derived by deducting from the resultant the amount or value of any "resources" or similar tax, rent, charge, duty, rate, tariff or levy imposed by the Government of the Commonwealth of Australia or any State of Australia and paid by a member of the relevant group in the relevant SRR year which amount if not payable only in relation to the Initial Project or subject to paragraph *(g)* of sub-clause (11) of this Clause a Subsequent Project, shall be the amount or value in relation to the members of the relevant group calculated (if such be appropriate) on the notional basis that such Initial Project or Subsequent Project (as the case may be) is the sole activity of the relevant member of the relevant group.

The resultant expressed in Australian currency of the calculations under the passage described as "Second" above, is project surplus ("PS") for the relevant SRR year of the relevant group which may be a positive or negative amount.

Third deduct from PS for the relevant SRR year an amount obtained by multiplying "MFE" (as that expression is defined in sub-clause (8) of this Clause) by a factor equal to 1.2 times the ten year Commonwealth of Australia Bond Rate of the relevant SRR year expressed as percentage, such percentage being hereinafter referred to as the threshhold rate of return ("TRR") for the relevant SRR year.

The resultant of the calculation under the passage described as "Third" above is the post threshold project surplus ("PTPS") for the relevant SRR year of the relevant group which may be a positive or negative amount.

For the purposes of the passage described as "Third" above and of this Clause 32 the "Commonwealth of Australia Bond Rate" is the theoretical yield on a non brokerage basis for non rebate bonds based on the average for the week centered on the last Wednesday of the month of June for Commonwealth Government Bonds with a

maturity nearest to ten years after the relevant month of June as currently quoted in the monthly Reserve Bank of Australia Bulletin.

APTPS is in respect of the relevant group in each SRR year the PTPS of that relevant group for that SRR year plus the PTPS of that relevant group for each consecutive preceding SRR year up to a maximum of 4 such preceding consecutive SRR years divided by the number of SRR years so taken into account.

(8) Funds Employed ("FE") of a relevant group as used in the passage described as *"Third"* in sub-clause (7) of this Clause is determined in accordance with the following formula—

$$FE = APFE + WC$$

Where:

FE = the total funds employed by the relevant group for the relevant SRR year in the Initial Project and subject to paragraph *(g)* of sub-clause (11) of this Clause in any Subsequent Project and (as the case may be) in the Olympic Dam Area and, prior to the selection of all Selected Areas, the Stuart Shelf Area and after such selection, the Selected Areas:

$$APFE = \left[(PFE\text{-}D) \times \frac{CPIM2}{CPIMI} \right] + NF;$$

Where:

PFE = (i) in respect of the first SRR year, the relevant group's accumulated expenditure (including, without limiting the generality of the foregoing, interest (which in the case of an arm's length transaction shall be interest actually payable and in the case of a non arm's length transaction shall be at a rate which is reasonable having regard to the type and size of the loan facility in question) (whether capitalised or not), together with the cost of borrowing (including Stamp Duty), exploration expenditure and other pre-production expenses) for the Initial Project and, subject to paragraph *(g)* of sub-clause (11) of this Clause any Subsequent Project and (as the case may be) in the Olympic Dam Area and, prior to the selection of all Selected Areas, the Stuart Shelf Area and after such selection, the Selected Areas (hereinafter all referred to as "Project Assets") incurred at any time prior to the Commencement Date; and

(ii) in respect of each subsequent SRR year after the first SRR year until and including the 31st day of December 2005 the APFE of the relevant group in respect of the immediately preceding financial year;

D = the lesser of:

(i) depreciation at the rate hereinafter mentioned on PFE (current written down value) of the relevant SRR year; or

(ii) the greater of PCS of the relevant group for the relevant SRR year and zero.

The rate of depreciation aforesaid shall be:

(1) the percentage determined by dividing 100 by the number which equals the remaining life (expressed in numbers of complete years) of the mine or if there is more than one mine, of the mine that has the longer or longest estimated remaining life which form part of the Initial Project or subject to paragraph *(g)* of sub-clause (11) of this Clause a Subsequent Project (as the case may be) which said remaining life shall be as agreed between the relevant Joint Venturers and the State and failing agreement shall be as determined by arbitration in accordance with Clause 49, or

(2) 20%,

whichever is the higher rate.

CPIM2 = the Consumer Price Index for the City of Adelaide (All Groups) published by the Australian Bureau of Statistics for the quarter last ended prior to the end of the relevant SRR year;

CPIM1 = the Consumer Price Index for the City of Adelaide (All Groups) published by the Australian Bureau of Statistics for the quarter last ended prior to the end of the year immediately preceding the relevant SRR year to which CPIM2 relates;

NF = (i) in relation to the Initial Project and subject to paragraph *(g)* of sub-clause (11) of this Clause any Subsequent Project in respect of which start up has occurred in a previous SRR year, capital expenditure of all members of the relevant group on all Project Assets (including expenditure on exploration), other than current assets, for the relevant SRR year; and

(ii) subject to paragraph *(g)* of sub-clause (11) of this Clause in relation to any Subsequent Project in respect of which start up has not yet occurred:—

(a) where a negative election has been made, capital expenditure of all members of the relevant group on all Project Assets (including expenditure on exploration), other than current assets, for the relevant SRR year; or

(b) where a positive election has been made, nil; and

(iii) subject to paragraph *(g)* of sub-clause (11) of this Clause in relation to any Subsequent Project in respect of which start up occurred during the relevant SRR year:—

(a) where a negative election has been made, capital expenditure of all members of the relevant group on all Project Assets (including expenditure on exploration), other than current assets, for the relevant SRR year; or

(b) where a positive election has been made:—

(1) all expenditure of the relevant group from the date upon which a Project Notice in respect of that Subsequent Project was given until the date upon which start up occurred including (without limiting the generality of the foregoing) interest (whether capitalised or not), cost of borrowing (including Stamp Duties), exploration expenditure and other pre-production expenses; plus

(2) capital expenditure of all members of the relevant group on all Project Assets (including expenditure on exploration) other than current assets, during the relevant SRR year subsequent to start up; and

(iv) any exploration expenditure during the relevant SRR year by a member of the relevant group in the Olympic Dam Area and in the Stuart Shelf Area prior to the selection of all Selected Areas and after such selection, in the Selected Areas which expenditure is not otherwise included pursuant to the preceding paragraphs (i), (ii) or (iii);

less the escalated written down value (determined in accordance with the formula for calculating APFE) of:

(a) any asset acquired for or in connection with the Initial Project or subject to paragraph *(g)* of sub-clause (11) of this Clause any Subsequent Project which is sold and the proceeds of such sale are received during the relevant SRR year; and

(b) where in any relevant SRR year a member of the relevant group has sold, assigned or transferred a share or interest in the Initial Project or subject to paragraph *(g)* of sub-clause (11) of this Clause a Subsequent Project to a third party (other than a sale, assignment or transfer to an associated company or by way of security) the percentage of Funds Employed as at the end of the relevant SRR year represented by the share or interest sold, assigned or transferred; and

(c) where in any relevant SRR year a member of the relevant group has granted for valuable consideration to a third party (other than an associated company) a right to use any asset acquired for or in connection with the Initial Project or subject to paragraph *(g)* of sub clause (11) of this Clause any Subsequent Project an appropriate proportion of the amount represented in Funds Employed by that asset as at the end of the relevant SRR year such proportion being calculated in the proportion that the use made of that asset by the third party bears to the total use of that asset.

When subject to paragraph *(g)* of sub-clause (11) of this Clause a Project Notice in respect of the first Subsequent Project is given each Joint Venturer which is a participating Joint Venturer shall, at the time of giving such Notice, notify the State whether the relevant group of which it is a member elects (for the purposes of calculating SRR):

(1) to include subsequent capital expenditure in respect of that Subsequent Project and, subject to paragraph *(g)* of sub-clause (11) of this Clause, any other Subsequent Project in NF as it is incurred (which for the purposes of the last preceding paragraphs (ii) and (iii) shall be a negative election); or

(2) to include in NF in the relevant SRR year during which start up in respect of such first or other Subsequent Project occurs all capital expenditure in respect of that first and, subject to paragraph *(g)* of sub clause (11) of this Clause, any Subsequent Project incurred from the date the said Project Notice in respect of the relevant Subsequent Project is given until start up in respect of that Subsequent Project occurs including (without limiting the generality of the foregoing) interest (whether capitalised or not), cost of borrowing (including Stamp Duty), exploration expenditure and other pre production expenses (which for the purposes of the last preceding paragraphs (ii) and (iii) shall be a positive election).

In the event that no participating Joint Venturer in a relevant group makes a positive or negative election the Project Notice in respect of the first Subsequent Project shall be a valid Notice and the relevant group shall be deemed to have made a negative election.

For the purposes of calculating NF the date upon which start up in respect of any Subsequent Project occurs shall be the date which the participating Joint Venturers in respect of that Subsequent Project notify to the State as being the start up date and if any date so notified is not accepted by the State within 60 days from receipt of such notification then the question shall be referred to abitration pursuant to Clause 49.

WC = the net working capital of the relevant group in relation to the Initial Project and subject to paragraph (g) of sub-clause (11) of this Clause any Subsequent Project and (as the case may be) in the Olympic Dam Area, and, prior to the selection of all Selected Areas, the Stuart Shelf Area and after such selection, the Selected Areas as at the end of the relevant SRR year.

For the purpose of WC "net working capital" means trade debtors, stocks (including work-in-progress) and stores *less* trade creditors and current provisions (including provisions for current income tax calculated if necessary on the notional basis that the taxable income (if any) of the members of the relevant group is derived solely from the Initial Project and subject to paragraph *(g)* of sub-clause (11) of this Clause any Subsequent Project (as the case may be) and for the 2½% ad valorem royalty payable under this Indenture but excluding provisions for interest, resources tax and SRR royalty payable under this Indenture).

Average funds employed ("AFE") of a relevant group in an SRR year is the MFE of that relevant group for that SRR year *plus* the MFE of that relevant group for each consecutive preceding SRR year up to a maximum of 4 such preceding consecutive SRR years divided by the number of SRR years so taken into account.

MFE means the funds employed at the mid point of the relevant SRR year calculated by averaging the FE at the beginning of that year with the FE at the end of that year.

(9) PRR of a relevant group for an SRR year is determined in accordance with the following formula

$$PRR = \frac{APS}{AFE} \times 100$$

Where:

PRR = the project rate of return;

APS = in respect of a relevant group in an SRR year, the PS of the relevant group for that SRR year plus the PS of the relevant group for each consecutive preceding SRR year up to a maximum of 4 such preceding consecutive SRR years divided by the number of SRR years so taken into account;

AFE = has the meaning ascribed thereto in sub-clause (8) of this Clause 32.

(10) The rate of royalty payable in respect of a relevant group (being C in the definition of SRR) and calculated to the third decimal place is determined in respect of an SRR year by applying the formula which applies to the range of PRR's into which the PRR of the relevant group expressed as a multiple of the Commonwealth of Australia Bond Rate (expressed as a number) for the relevant SRR year falls as follows—

Range of PRR's as a factor of bond rate (Q)	Formula "C"
less than 1.2	$C = \text{Zero}$
1.2 to less than 1.8 (inclusive)	$C = 10 \frac{(Q - 1.2)}{0.6}$
1.8 to less than 2.4 (inclusive)	$C = 10 + 5 \frac{(Q - 1.8)}{0.6}$
2.4 and over	$C = 15$

Where:

C = the rate of royalty expressed as a percentage;

Q = the PRR of the relevant group expressed as a multiple of the Commonwealth of Australia Bond Rate (expressed as a number).

(11) For the purposes of the calculation of SRR the following principles and definitions shall, inter alia, be applied—

(a) all accounting terms and expressions shall (as appropriate) be interpreted in accordance with generally accepted accounting principles in Australia consistently applied and any such prin-

ciple adopted or used by a Joint Venturer shall be accepted as correct for the purposes of calculations pursuant to this Clause;

(b) all monetary amounts shall be calculated and stated in Australian currency and where appropriate converted to Australian currency at the appropriate buying rate of exchange prevailing on the relevant date as quoted by the Australian and New Zealand Banking Group Limited Melbourne or, in the absence of the said bank giving a quotation, at the appropriate rate of exchange agreed between the Minister and the Joint Venturers. If agreement cannot be reached within three months after first conferring the matter shall be referred to arbitration in accordance with Clause 49;

(c) if the Australian Bureau of Statistics ceases to publish a relevant index then the Joint Venturers and the Minister shall confer forthwith and endeavour to agree upon the adoption of another suitable index or basis for use in the calculation of APFE in lieu of the one which has ceased to be published. If agreement cannot be reached within three months after first conferring the matter shall be referred to arbitration in accordance with Clause 49;

(d) if there is at any time no applicable Commonwealth of Australia Bond Rate available in respect of an SRR year the Joint Venturers and the Minister shall confer forthwith and endeavour to agree upon the adoption of another suitable rate or basis for use in substitution therefor which shall be as nearly as practicable equivalent to the basis or rate theretofor provided by the Commonwealth of Australia Bond Rate. If agreement cannot be reached within three months after first conferring the matter shall be referred to arbitration in accordance with Clause 49;

(e) in the calculation of "value ex mine lease" in the determination of PCS for an SRR year, the provisions of sub-clause (2) and of paragraph *(b)* of sub-clause (4) of this Clause shall apply, mutatis mutandis;

(f) in the calculation of PCS for an SRR year, if insufficient provision has been made for mine closure and rehabilitation expenses in respect of a particular mine then the total amount of such insufficient provision shall be apportioned equally between all previous SRR years in which provision has been made for mine closure and rehabilitation expenses in respect of that mine so that SRR for each such previous year shall be recalculated to take into account actual mine closure and rehabilitation expenses of the affected relevant group or groups for that mine and the State shall, if more SRR has been paid in respect of a previous SRR year or years than would have been paid had SRR for such previous SRR year or years been calculated on the basis of PS that took into account the actual mine closure and rehabilitation expenses ("the surplus"), promptly pay to the affected relevant group or groups upon request (which shall be accompanied by all particulars necessary to substantiate the same) an amount equal to the surplus as escalated by applying thereto the Commonwealth of Australia Bond Rate from the date the surplus was paid as SRR to the date of payment by the State to the affected relevant group or groups hereunder;

(g) APTPS and FE shall be calculated for each Joint Venturer, its related corporations (within the meaning of that term as used in section 6 of the Companies Act, 1962, as at present in force) and associated companies (in this Clause 32 referred to as "a relevant group") on an aggregate basis in respect of the Initial Project and all Subsequent Projects regardless of their locations except in relation to the Initial or any Subsequent Project within the Olympic Dam Area which, and only to the extent that, such Project includes income derived from and expenses incurred in the production and sale of diamonds and in relation to the Initial Project or any Subsequent Project outside the Olympic Dam Area which, and only to the extent that, such Project includes income derived from and expenses incurred in the production and sale of tin or diamonds;

(h) in the calculation of "M" in the definition of "T" in sub-clause (6) of this Clause "value ex mine lease" and "costs and charges properly incurred" as referred to in sub-clause (2) of this Clause shall be calculated by aggregating for each relevant group their respective "value ex mine lease" and "costs and charges properly incurred" in respect of the Initial Project and subject to paragraph *(g)* of this sub-clause (11) all Subsequent Projects;

(i) "relevant SRR year" means the SRR year in respect of which the calculation of SRR is being, or is required to be, made;

(j) "financial year" means the financial year of the relevant group in respect of which the expression is used;

(k) the return to be furnished to the Minister pursuant to sub-clause (13) of this Clause for the SRR year which includes the 31st day of December 2005 shall be prepared on the notional basis that all stocks (including work-in-progress) on hand as at the 31st day of December 2005 shall have been sold on that date for an amount equal to the value ex mine lease of that Product (with appropriate adjustment being made in respect of work-in-progress) calculated in accordance with paragraph *(d)* of sub-clause (2) of this Clause;

(l) unless otherwise agreed (and failure to so agree shall not be arbitrable), for the purpose of sub-clause (3) of this Clause, where Product has been deemed to have been sold pursuant to paragraph *(k)* of this sub-clause no royalty, other than royalty of a type similar to the basic royalty, shall be payable in respect of that Product or in respect of the proceeds derived from the subsequent sale of that Product or, in the case of work-in-progress, that part of the Product or of the proceeds of that Product produced therefrom in respect of which royalty has been paid as a result of the application of paragraph *(k)* of this sub-clause.

(12) *(a)* The Joint Venturers shall keep or cause to be kept a record of the type, amount and form of all Product which leaves the Special Mining Lease within which the treatment plant is situated and of the type, amount and form of such Product which is owned by each Joint Venturer.

(b) The Joint Venturers shall deliver or cause to be delivered to the Minister within thirty days before each due date specified in paragraph *(a)*

of sub-clause (4) of this Clause a copy of the record required to be kept under paragraph *(a)* of this sub-clause in respect of the preceding quarter and the copy so delivered shall in the absence of proof to the contrary be deemed to contain a correct record of the details contained therein.

(13) *(a)* Each Joint Venturer which is a member of a relevant group shall during such time as SRR is payable to the State pursuant to and in accordance with sub-clauses (6) to (11) (both inclusive) of this Clause, within one hundred and twenty days after the close of each relevant financial year be jointly liable with every other member of the same relevant group to furnish or cause to be furnished to the Minister a return in respect of that relevant group for that relevant financial year showing all particulars necessary to enable the calculation of SRR (if any) to be made for the relevant financial year which return shall be accompanied by the amount of the SRR to be paid to the State hereunder in accordance with the return.

(b) The provisions of paragraph *(b)* of sub-clause (4) of this clause shall apply, mutatis mutandis, to the calculations included in any return referred to in paragraph *(a)* of this sub-clause (13).

(14) The provisions of sub-clause (5) of this Clause shall apply, mutatis mutandis, to any return furnished pursuant to sub-clause (13) of this Clause.

(15) In any case where the portion of the actual rental payable to the State by a member or members of a relevant group in respect of all Special Mining Leases in an SRR year exceeds the portion of the maximum rental for that relevant year calculated pursuant to sub-paragraph (ii) of paragraph *(b)* of sub-clause (7) of this Clause which would be payable by that member or members, then the SRR payable (if any) by that relevant group shall be reduced by the amount of such excess and if any of such excess then remains the basic royalty payable by such member or members shall be reduced by the amount of such remainder.

(16) In the event that any royalty payable to the State by a Joint Venturer pursuant to this Clause 32 is not paid within the time specified for the payment thereof and remains unpaid for a period of thirty days after notice of such non payment shall have been given by the Minister to such Joint Venturer the State may by action in any Court of competent jurisdiction recover the amount of such unpaid royalty as a civil debt.

(17) Failure by a Joint Venturer to pay any royalty to the State pursuant to this Clause 32 shall not confer on the State any right to—

(a) terminate this Indenture; or

(b) seek to recover the amount of such unpaid royalty (in the case of the basic royalty) from any other Joint Venturer or (in the case of the surplus related royalty) from any Joint Venturer which is not a member of the relevant group

and the remedies of the State in respect of such non payment shall be limited to the remedies specified in sub-clause (16) of this Clause.

33. NO SPECIAL TAXES

The State covenants not to levy or impose or seek to levy or impose or permit to be levied or imposed a tax, duty, rent, charge, tariff, levy or any rate or other like impost on Product or on or in respect of the sale of Product or on or in respect of the conduct by a Joint Venturer or the Joint Venturers or an associated company of a Project or Projects the subject of this Indenture or on income derived by any of them as a consequence thereof, otherwise than is permitted pursuant to this Indenture, which discriminates

adversely or unfairly against a Joint Venturer within the meaning of Clause 34.

34. NON DISCRIMINATION

(1) It is the intention of the parties hereto, which intention is fundamental to the making of this Indenture, that the State shall not do or cause to be done or permit any act, thing or omission whether legislative, executive or administrative either by itself, by any Minister of the Crown, by any State or other instrumentality or authority or by any servant or agent of the State or such instrumentality or authority which discriminates adversely and unfairly against the Joint Venturers or any of them or the production, treatment, transport or sale of Product or any aspect of the conduct of a Project or Projects the subject of this Indenture or any income derived therefrom.

(2) An act, thing or omission referred to in sub-clause (1) of this Clause shall be deemed adversely and unfairly to discriminate against a Joint Venturer or against the production, treatment, transport or sale of Product, or any aspect of the conduct of a Project the subject of this Indenture or any income derived therefrom, if it results, upon its application, in a deprivation of the full enjoyment of the rights granted or intended to be granted to a Joint Venturer under this Indenture which is relatively greater or more onerous than the deprivation suffered generally by industrial or commercial enterprises in the State (having regard to the particular nature of the rights granted or intended to be granted under this Indenture) as a consequence of the same act, thing or omission. Without limiting the generality of the foregoing, the following factors will be taken into account in determining whether there has been an adverse and unfair discrimination against the Joint Venturers:

(a) the purpose of the relevant legislation, act, thing or omission;

(b) the effect or potential effect of any act, thing or omission;

(c) notwithstanding that any act, thing or omission is, or is expressed to be, of general application, whether the Joint Venturers or any of them or the production, treatment, transport or sale of Product or any aspect of the conduct of a Project or Projects the subject of this Indenture or any income derived therefrom is or are the only person or persons or thing or things affected or potentially affected by any such act, thing or omission.

(3) In the event that there is adverse and unfair discrimination against the Joint Venturers or any of them or the production, treatment, transport or sale of Product or any aspect of the conduct of a Project or Projects the subject of this Indenture or any income derived therefrom within the terms of this Clause the Joint Venturers may exercise all or any of the rights conferred upon them by Clause 52.

35. CONFIDENTIALITY

No party shall make public any information provided by another party hereto pursuant to this Indenture without first obtaining the consent of the relevant party and shall have due regard to any interests obligations or commitments of that relevant party in relation thereto. Nothing contained in this Clause shall restrict or inhibit in any manner the rights of any party pursuant to this Indenture pursuant to Clauses 49 and 50.

36. ASSIGNMENT

(1) Subject to the provisions of this Clause a Joint Venturer may—

(a) at any time as of right assign, mortgage, charge or otherwise encumber or sublet, or dispose of to another Joint Venturer and may as of right mortgage charge or otherwise encumber in favour of any other person the interest or any part thereof of the Joint Venturer under this Indenture (including its rights under any Special Tenement and any other lease, licence, easement, grant or other title (including an estate in fee simple)) and appoint as of right an associated company to exercise all or any of the powers functions and authorities that are or may be conferred on it hereunder; and

(c) the expression "sentences of imprisonment" in section 20 *(b)*, and the expression "other sentence or sentences of imprisonment" in section 22 *(c)* (ii), include a section 27 sentence that was originally imposed by a court of South Australia;

and

(e) where a sentence of imprisonment imposed upon a person in South Australia (not being a section 27 sentence) is cumulative with a section 27 sentence or section 27 sentences originally imposed by a court other than a court of South Australia, that section 27 sentence or those section 27 sentences shall be deemed—

(i) not to be a section 27 sentence or section 27 sentences, as the case may be;

and

PART V

PART V

EFFECT OF ORDER OF TRANSFER

Transfer in custody of escort.

24. (1) An order of transfer—

(a) shall direct the superintendent of the prison where the prisoner who is the subject of the order is then imprisoned to deliver

the prisoner into the custody of an escort and shall be sufficient authority to the superintendent so to deliver the prisoner;

and

(b) authorizes the escort to take and keep custody of the prisoner for the purpose of conveying him from South Australia to such prison in a participating State as is specified in the order and there delivering him into the custody of the person for the time being in charge of that prison.

(2) A reference in subsection (1) to an escort is a reference to a prison officer, a member of the police force or a person appointed by the Minister by an instrument in writing to be an escort for the purposes of this Act, or any two or more of them.

(3) Where—

(a) under an interstate law an order is issued for the transfer to South Australia of a person imprisoned in the participating State where the order is issued;

and

(b) pursuant to the order an escort brings the person into South Australia,

the escort, while in South Australia, is authorized to hold, take and keep custody of the person for the purpose of conveying him to such prison in South Australia as is specified in the order and there delivering him into the custody of the superintendent.

Transfer of sentence with prisoner.

25. Where pursuant to an order of transfer a prisoner is conveyed to a participating State specified in the order, then from the time the prisoner arrives in the participating State every sentence of imprisonment imposed upon the prisoner by a court of South Australia, including a section 27 sentence, ceases to have effect in South Australia except—

(a) for the purpose of any appeal against or review of any conviction, judgment or sentence made, imposed or fixed by a court of South Australia;

(b) in relation to any period of imprisonment served by the prisoner in South Australia;

or

(c) in relation to the remittance of money to the Minister which is paid in discharge or partial discharge of a sentence of default imprisonment originally imposed upon the prisoner by a court of South Australia.

Information to be sent to the participating State.

26. (1) Where pursuant to an order of transfer a prisoner is conveyed to a participating State, the Minister shall cause to be sent to the corresponding Minister of the participating State or to some person for the time being designated by him—

(a) the order of transfer;

(b) the warrant of, or other authority for, commitment for any sentence of imprisonment which the prisoner was, immediately before he left South Australia, serving or liable to serve;

(c) a report relating to the prisoner, which shall contain such information and be accompanied by such documents available in

South Australia as appear to be likely to be of assistance to any court, authority or officer in the participating State and shall include details of convictions, sentences of imprisonment, non-parole periods, periods of imprisonment served, entitlements to remission or conditional release and grants of parole and a copy of any record relating to the prisoner's conduct;

and

(d) details, accompanied by any relevant orders or other documents, of any subsequent variations to the information provided in accordance with this subsection, whether arising from any appeal or review or otherwise.

(2) A reference in subsection (1) to an order or other document is a reference to either the original or a copy certified in the prescribed manner.

Sentence deemed to have been imposed in this State.

27. Where under an interstate law an order is issued for the transfer to South Australia of a person imprisoned in a participating State and the person is brought into South Australia pursuant to the order, then from the time the person arrives in South Australia—

(a) any sentence of imprisonment imposed upon him by a court of the participating State (including any sentence of imprisonment deemed by the provision of an interstate law that corresponds to this section to have been imposed by a court of the participating State) shall be deemed to have been imposed upon him;

and

(b) any direction or order given or made by a court of the participating State with respect to when that sentence shall commence shall, so far as practicable, be deemed to have been given or made,

by a corresponding court of South Australia and, except as otherwise provided in this Act, shall be given effect to in South Australia, and the laws of South Australia shall apply, as if such a court had had power to impose the sentence and give or make the direction or order, if any, and did in fact impose the sentence and give or make the direction or order, if any.

Provisions relating to section 27 sentences.

28. (1) Where under a law of a participating State there has been fixed by a court in respect of a section 27 sentence a minimum term of imprisonment (being a shorter term than the section 27 sentence), during which minimum term the person subject to the sentence is not eligible to be released on parole, then, except as otherwise provided in this Act, that minimum term shall be deemed likewise to have been fixed by the corresponding court of South Australia.

(2) Where a section 27 sentence or a minimum term deemed under subsection (1) to have been fixed by a corresponding court of South Australia—

(a) is varied or quashed on a review by or appeal to a court of the participating State where the sentence or minimum term was imposed or fixed, the sentence or minimum term shall be deemed to have been varied to the same extent, or to have been quashed, by a corresponding court of South Australia;

or

(b) otherwise is varied or ceases to have effect as a result of action taken by any person or authority in that participating State, the sentence or minimum term shall be deemed to have been

varied to the same extent, or to have ceased to have effect, as a result of action taken by an appropriate person or authority in South Australia.

(3) Nothing in this Act operates to permit in South Australia any appeal against or review of any conviction, judgment, sentence or minimum term made, imposed or fixed in relation to a person by a court of a participating State.

(4) Where a section 27 sentence is an indeterminate sentence requiring that the person who is the subject of the sentence be detained during the pleasure of Her Majesty or during the pleasure of the Governor of the participating State in which the sentence was imposed, the person shall be detained during the Governor's pleasure.

(5) The Governor—

(a) may exercise the royal prerogative of mercy in favour of a person who is subject to a section 27 sentence as if the person were—

(i) an offender convicted in a court of South Australia;

or

(ii) an offender convicted within South Australia before a judge or magistrate of South Australia;

and

(b) in exercising that prerogative, may give effect to any indication given by the Governor of the participating State in which the sentence of imprisonment was imposed upon that person as to what the Governor of the participating State may have done had the person not been transferred to South Australia.

(6) A person who is subject to a section 27 sentence—

(a) shall be deemed to have served in South Australia such period of the section 27 sentence as, up to the time of his transfer to South Australia, he had served in respect of that sentence in a participating State (including any period deemed by the provision of an interstate law that corresponds to this paragraph to have been served in a participating State and any period spent in custody while being transferred to a prison in South Australia);

(b) shall, upon his transfer to South Australia, be credited with an entitlement to a period of conditional release equal to, and in substitution for, the period of remission of sentence (if any) to which he may have been entitled immediately before his transfer to South Australia (including any remission of sentence deemed by an interstate law to have been earned in a participating State);

and

(c) shall, subject to and in accordance with the Correctional Services Act, 1982, be entitled to earn further entitlements to conditional release in respect of that sentence as from the day of his arrival in South Australia.

Section 27 sentences—default imprisonment.

29. (1) Where a section 27 sentence is a sentence by which default imprisonment was ordered and any portion of the amount in default of

payment of which the default imprisonment was ordered is paid by or on behalf of the prisoner who is the subject of the sentence to the superintendent of the prison in which he is imprisoned—

(a) the term of default imprisonment shall be reduced by a period which bears to the term of default imprisonment the same proportion as the portion paid bears to the total amount that was payable and, subject to any other sentence of imprisonment, the prisoner shall be entitled to be released on the expiry of the reduced period;

and

(b) the portion so paid shall be remitted by the superintendent to the corresponding Minister of the participating State where the sentence, by which default imprisonment was ordered, was originally imposed.

(2) Where a section 27 sentence is a sentence by which default imprisonment was ordered and, on a review by or an appeal to a court of the participating State where the sentence was imposed or as a result of any other action taken by any person or authority in that participating State, the amount in default of payment of which the default imprisonment was ordered is reduced or the obligation to pay that amount is quashed—

(a) the term of default imprisonment shall, where the amount is reduced, be reduced by a period which bears to the term of default imprisonment the same proportion as the amount of the reduction bears to the total amount that was payable and, subject to any other sentence of imprisonment that may be imposed on him, the prisoner shall be entitled to be released on the expiry of that reduced period;

or

(b) the prisoner shall, where the obligation to pay the amount is quashed, thereupon, subject to any other sentence of imprisonment that may be imposed on him, be entitled to be released.

PART VI

(6) A reference in subsection (2), (4) or (5) to an escort in relation to a person who was, at the time of his escape or attempt to escape, being

(c) by inserting after its present contents as amended by this section (now to be designated as subsection (1)) the following subsection:

(2) For the purposes of subsection (1) *(c)*—

"defaulting shareholder" means a shareholder who is, by reason of failure to furnish a declaration in accordance with a requirement imposed under section 27 or 28, in default under either of those sections and includes a shareholder who is an associate of any such shareholder.

Insertion of new s. 29a.

3. The following section is inserted after section 29 of the principal Act:

Declarations by directors.

29a. (1) Subject to this section, a declaration by the directors—

(a) that specified shareholders constitute a group of associated shareholders;

or

(b) that a specified person, not being the registered shareholder, has a relevant interest in shares of a registered shareholder,

shall, for the purposes of any legal proceedings and any proceedings of the Company, be accepted as conclusive proof of the matters to which the declaration relates.

(2) A copy of a declaration under this section must be served personally or by post on each shareholder to whom it relates.

(3) A declaration of the kind referred to in subsection (1) *(a)* that was made before the commencement of the Executors Company's Act Amendment Act, 1982, shall be deemed to have been made under this section as if this section had been in force when the declaration was made.

(4) If the Supreme Court is satisfied, on the application of a shareholder to whom a declaration under this section relates, that proper grounds for making the declaration insofar as it relates to that shareholder did not exist, the Supreme Court may, by order, exclude that shareholder from the operation of the declaration and make any consequential or ancillary orders that may be just.

(5) An order under subsection (4) excluding a shareholder from the operation of a declaration does not affect the validity of the declaration insofar as it relates to other shareholders.

(6) An application under subsection (4) must be made within forty-five days of the service of a copy of the declaration on the applicant or within forty-five days of the commencement of the Executors Company's Act Amendment Act, 1982 (whichever is the later) and that period of limitation shall not be extended.

(7) The Company and the Corporate Affairs Commission shall be respondents to an application under this section.

(8) Except as provided in this section, a declaration under this section shall not be challenged or called in question.

(9) This section does not apply in relation to an examination under section 29.

Amendment of s. 31—Company may require shareholder to dispose of shares.

4. Section 31 of the principal Act is amended by inserting after subsection (2) the following subsection:

(2a) Where shares have been forfeited under this section—

(a) the Company shall register the Corporate Affairs Commission as shareholder in respect of the forfeited shares;

(b) any certificate previously issued in respect of the forfeited shares shall be deemed to have been cancelled as from the date of the forfeiture and the Company shall issue

a new certificate or certificates in the name of the Corporate Affairs Commission;

and

(c) the Corporate Affairs Commission holds the shares, until they are sold under this section, solely for and on behalf of the Crown.

In the name and on behalf of Her Majesty, I hereby assent to this Bill

D. B. DUNSTAN, Governor

TABLE OF ACTS AFFECTED BY AMENDMENT OR JUDICIAL DECISION

TABLE OF PUBLIC GENERAL ACTS AFFECTED BY AMENDMENT OR JUDICIAL DECISION

The Acts contained in this Table are those published in the new edition of the South Australian Statutes, 1837-1975, and Acts which have come into force since the publication of the new edition, which have been amended by Acts passed since the 3rd February, 1976, but before the 1st January, 1983.

Acts which have been repealed since April, 1937, are shown in the Table of Acts Repealed. Acts repealed by Acts that had not come into operation before the 1st January, 1983, have not been deleted from this Table of Amendments and Cases. The amendment or repeal of individual provisions is shown, whether or not the amending or repealing Act had come into operation at that date. Acts listed in the Table of Public General Acts had come into operation at 1st January, 1983, unless that Table indicates otherwise.

This Table also contains notes, placed against references to the appropriate sections of the Acts affected, of the reported decisions of the Privy Council, the High Court of Australia, the Supreme Court of South Australia, and the Industrial Court of South Australia, relating to the interpretation of those sections. The cases so noted are those comprised in reports published since 1st April, 1937, and include the cases reported up to the end of 1977 Appeal Cases, up to the end of 143 Commonwealth Law Reports, up to the end of 30 South Australian State Reports, and up to the end of 46 South Australian Industrial Reports. Cases comprised in reports published before 1st April, 1937, are noted in footnotes to the relevant sections of the Acts printed in Volumes 1 to 8 of the South Australian Statutes, 1837-1936. Where a reprinted Act was published in one of the Annual Volumes from 1937 to 1961, a reference to the 1937 relevant reports that were available at that time appeared in footnotes to that reprint, and those references are not included in this Table.
