12. (1) Delivery of wheat to the Board may be made by delivering the wheat to a licensed receiver and not otherwise, and the delivery is not effective unless and until the delivery is accepted by the licensed receiver.

(2) Nothing in this Act shall be taken to affect the operation of a provision of a law of the State with respect to the acceptance, or refusal of acceptance, by a licensed receiver of the delivery of wheat.

(3) A person who delivers wheat to a licensed receiver shall, at the same time, furnish to the licensed receiver in writing the names and addresses of all persons known by him to have or to claim an interest in the wheat, in any corn sacks in which the wheat is contained or in the payment to be made for the wheat or corn sacks, and all particulars known to him of those interests.

(*a*) an amount per bushel equal to three times the guaranteed price for wheat of the season that is current at the time of the offence ;

or

(*b*) if there is no such guaranteed price—Five dollars per bushel,

or imprisonment for six months, or both.

(2) For the purposes of this section, a person shall not be taken to part with the possession of wheat by reason only of the fact that he uses the wheat on the farm where it was grown.

Price to be paid for wheat.

14. (1) Where wheat is delivered to the Board in pursuance of this Act, the Board shall pay for that wheat (including the corn sacks, if any, in which the wheat is delivered) an amount determined by the Board in accordance with this section.

(2) The Board shall determine amounts payable under subsection (1) of this section in respect of wheat of a season by—

(*a*) ascertaining the net proceeds of the disposal by the Board of all wheat of that season delivered to the Board in Australia (whether in pursuance of this Act or otherwise) ;

(*b*) deducting from the amount of the net proceeds so ascertained an amount determined by the Board having regard to the extent to which freight charges in respect of the export of wheat of that season from the State of Western Australia are lower than freight charges in respect of the export of wheat for that season from other places in Australia, but not exceeding an amount calculated at the rate of two and one-half cents per bushel in respect of the wheat of that season exported from the State of Western Australia ;

and

(*c*) ascertaining the share in the remaining amount of each person entitled to payment under this section by apportioning that remaining amount amongst the persons who delivered wheat of that season to the Board in Australia (whether in pursuance of this Act or otherwise) on the basis of the number of bushels of wheat so delivered by each such person, with proper allowance for differences in the quality of wheat and for transport charges for the carriage of wheat to the terminal port from the place at which the wheat was delivered to the Board, corn sacks in which wheat was supplied to the Board, additional costs incurred by the Board in the handling and storage of wheat delivered to the Board in corn sacks and other necessary adjustments in particular cases.

(3) For the purposes of this section, the Board is not bound to preserve the identity of wheat of a season, and may keep its accounts in respect of sales in such manner as will, in its judgment, attribute sales to wheat of different seasons in an equitable manner.

(4) The Board is not bound to make a final payment in respect of wheat of a season until it has disposed of the whole of the wheat of that season delivered to it in Australia (whether in

pursuance of this Act or otherwise), but the Board may, with the approval of the Commonwealth Minister, make from time to time such advance payments as it considers justified.

(5) Subject to this section, the net proceeds of the disposal of wheat of a season shall, for the purposes of this section, be deemed to be the net return from the disposal of the wheat (including corn sacks in which the wheat was sold) after paying—

(*a*) any charge imposed by the *Wheat Export Charge Act* 1968 of the Commonwealth in relation to wheat of that season ;

and

(*b*) costs (including interest and costs of administration, storage and transport, other than transport to the terminal port from the place at which the wheat is delivered to the Board) incurred by the Board, to the extent that they relate wholly to wheat of that season or are reasonably allocated by the Board to wheat of that season.

(6) In ascertaining the net proceeds of the disposal of wheat of a season—

(*a*) moneys received by the Board under a policy of insurance in respect of wheat of that season, or in respect of a transaction in relation to any such wheat, shall be deemed to be a return from the disposal of that wheat ;

(*b*) there shall be taken into account such of the payments made or received by the Board in accordance with subsection (2) of section 13 of the Commonwealth Act as the Board considers may equitably be related to wheat of that season ;

and

(*c*) no account shall be taken of moneys to which section 21 of this Act, or a corresponding provision of the Commonwealth Act or of an Act of another State, applies or of costs of the Board payable out of those moneys.

(7) Where the average price per bushel contracted to be paid to the Board for wheat of a season in relation to which, by virtue of subsection (2) of section 6 of this Act, this subsection applies exported by the Board, or sold by the Board for export, is less than the guaranteed price, the net proceeds from the disposal of wheat of that season by the Board shall, for the purposes of this section, be deemed to be increased by the amount that becomes payable to the Board in respect of that season under the Commonwealth Act out of the Wheat Prices Stabilization Fund referred to in that Act.

(8) In ascertaining the average price for the purposes of subsection (7) of this section—

(*a*) a price contracted to be paid, in any currency, in respect of a sale other than a sale of fair average quality bulk wheat free on board at the port of export shall be deemed to be the price that would have been the corresponding price, in that currency, for a sale of the same quantity of fair average quality bulk wheat free on board at the port of export;

and

(*b*) where the price contracted to be paid to the Board for any wheat or, where the last preceding paragraph is applicable, the price that is, by virtue of that paragraph, to be deemed to be the price contracted to be paid to the Board for any wheat, is expressed in a currency other than Australian currency, that price shall be converted to its equivalent in Australian currency according to the appropriate rate of exchange applicable at the date of the contract or, where the price contracted to be paid was not, at the date of the contract, an ascertained amount, at the date on which the amount of the price became ascertained.

(9) The obligation of the Board under this section in respect of any wheat is subject to the operation of section 8 of the *Wheat Tax Act* 1957-1966 of the Commonwealth.

Payment by Board.

15. (1) The amount payable under this Act in respect of any wheat, or wheat and corn sacks, is payable to the person who would have been entitled to receive the price of the wheat if the wheat had been lawfully sold to the Board at the time of the delivery of the wheat.

(2) The same rights (if any) exist against the person receiving an amount paid by the Board under this Act in respect of wheat, or wheat and corn sacks, as would exist if the moneys so paid were the proceeds of a sale or purported sale of the wheat, or wheat and corn sacks, by him, and any such rights may be enforced by action in any court that would have had jurisdiction if the moneys were the proceeds of such a sale or purported sale.

(3) Payment in good faith by the Board of any moneys payable under this Act to the person appearing to the Board to be entitled to receive them discharges the Board from any further liability in respect of those moneys.

(4) Except as provided in subsection (5) of this section, any arrangement having effect as an assignment of moneys payable by the Board in respect of wheat, or wheat and corn sacks, delivered to the Board (not including an arrangement

evidenced by a bill of sale for the time being registered pursuant to the Bills of Sale Act, 1886-1940 as amended) is void as against the Board.

(5) Where a person has assigned moneys payable to him by the Board in respect of wheat, or wheat and corn sacks, delivered or to be delivered to the Board in payment of, or as security for payment of, an amount payable by that person for corn sacks supplied to him, the Board may pay those moneys to the assignee.

(6) Notwithstanding any other provision of this Act but subject to subsection (7) of this section, the Board may deduct from the amount otherwise payable under this Act to any person (hereinafter called "the payee"), in respect of wheat harvested on and after the first day of October, 1968, the following amounts, namely :—

(*a*) where the payee is a member of South Australian Co-operative Bulk Handling Limited, any amounts of money which the payee by writing authorizes the Board to deduct and pay to that company in respect of tolls which the payee has agreed to pay to the company ;

or

(*b*) where the payee is not a member of South Australian Co-operative Bulk Handling Limited, any amount payable to that company as the whole or part of a charge for the receipt, storage or handling of wheat delivered by the payee, other than or in excess of the amount payable in the like circumstances by a member of the company.

(7) The Board shall not deduct any amount pursuant to paragraph (*b*) of subsection (6) of this section unless the charge in respect of which the deduction is made has been fixed by the company, approved by the Auditor-General and published in the *Gazette*.

(8) Where the Board deducts any amount pursuant to subsection (6) of this section, the Board shall pay it to the company and such payment shall, to the extent of the amount so paid, be a discharge of the Board's liability to the payee from whose payment the deduction was made.

Declaration to be furnished as to old season's wheat.

16. (1) A person who—

(*a*) delivers to a licensed receiver wheat harvested before the fifteenth day of September, 1968 ;

or

(*b*) delivers to a licensed receiver, after the final delivery day in respect of a season, wheat harvested in that season,

shall make and forward to the licensed receiver a declaration in writing signed by him correctly stating the season during which the wheat was harvested.

(2) For the purposes of this section, the final delivery day in respect of a season is the day declared to be the final delivery day in respect of that season by notice published in the *Commonwealth of Australia Gazette* under the Commonwealth Act.

Entry of premises, seizure of wheat, etc.

17. (1) A member of the police force of the Commonwealth or of the State who is authorized by the Board or the Chairman of the Board to act under this section may—

(*a*) at all reasonable times, enter premises and inspect any stock of wheat of any season or of corn sacks, and any accounts, books and documents relating to wheat of any season or to corn sacks ;

and

(*b*) take possession of and remove any wheat of any season that is the property of the Board, or wheat of a season referred to in section 6 of this Act the delivery of which has been lawfully demanded by the Board, and any corn sacks in which any such wheat is contained or that are the property of the Board.

(2) A person shall not hinder or obstruct a person in the exercise of powers under this section.

(3) Wheat of a season referred to in section 6 of this Act, other than wheat that is the property of the Board, of which possession is taken under subsection (1) of this section, and any corn sacks in which the wheat is contained, shall, for the purposes of this Act, but without affecting the liability of a person for an offence, be deemed to be delivered to the Board under this Act.

Board may require returns.

18. (1) For the purposes of this Act, the Board may, by notice in writing served on the person to whom it is addressed either—

(*a*) personally ;

or

(*b*) by post at his last-known place of abode or business,

require a person to furnish in writing to the Board, within the time specified in the notice, such information relating to wheat of any season, wheaten flour, semolina, corn sacks, jute or jute products as is specified in the notice.

(2) A person shall not, without reasonable excuse—

(*a*) refuse or fail to comply with a requirement under this section ;

or

(*b*) furnish to the Board any information that is false or misleading in a particular.

Proper care to be taken of wheat owned by Board.

19. A person having wheat the property of the Board in his possession or under his care shall exercise proper care and take all proper and reasonable precautions and do all things necessary to preserve and safeguard that wheat and to keep it free from damage or deterioration.

Home consumption price of wheat.

20. (1) The price at which, on or after the first day of December, 1968, and before the first day of December, 1973, the Board shall sell wheat for use or consumption in Australia is the appropriate price ascertained in accordance with this section.

(2) Subject to this section, the price per bushel in respect of a wholesale sale of bulk wheat of fair average quality free on rails at a port of export is one dollar seventy cents.

(3) The price otherwise applicable under subsection (2) of this section shall be increased or decreased by the amount, if any, by which the guaranteed price of wheat of the season that was current at the beginning of the year in which the sale was made exceeds, or is less than, one dollar forty-five cents per bushel.

(4) For the purpose of reimbursing the Board for costs of shipment of wheat to the State of Tasmania, the price applicable under subsections (2) and (3) of this section shall be increased by an amount of one cent per bushel, or, if the Commonwealth Minister has made a determination or determinations under the next succeeding subsection, by the amount applicable in accordance with the latest such determination.

(5) If the Board, at any time, reports to the Commonwealth Minister that the amounts being received by the Board by reason of the operation of subsection (4) of this section, together with amounts being received under corresponding provisions of the Commonwealth Act and of the laws of the other States, are greater or less than the amounts required to meet the costs of shipment of wheat by the Board to the State of Tasmania, the Minister may determine that the amount per bushel to be added to the price in accordance with that subsection shall be reduced or increased to such extent as he considers necessary.

(6) The price in respect of a sale other than a sale specified in subsection (2) of this section is a price per bushel ascertained by adding to or deducting from the price per bushel applicable to sales so specified an amount that makes a proper allowance for the quality of the wheat, the conditions of sale and the place of delivery.

(7) In this section "year" means the period of twelve months commencing on the first day of December, 1968, and each subsequent period of twelve months.

(8) Notwithstanding the repeal of section 19 of the Wheat Industry Stabilization Act, 1963-1964—

(*a*) the prices for sales of wheat by the Board that were applicable under that section immediately before the commencement of this Act continue to be applicable to sales made after the commencement of this Act and before the first day of December, 1968;

and

(*b*) all moneys received by the Board in respect of such sales by reason of the operation of subsections (3) and (4) of that section shall be deemed to be moneys to which subsection (1) of section 21 of this Act applies.

Special account for freight to the State of Tasmania.

21. (1) Notwithstanding any other provision of this Act but subject to this section, the Board shall keep a separate account of the moneys received by the Board by reason of the operation of subsections (4) and (5) of section 20 of this Act, and of payments made out of those moneys, and shall not apply those moneys except in accordance with this section.

(2) The Board may combine the account required to be kept under subsection (1) of this section with any similar account or accounts to be kept by it under the Commonwealth Act or under the law of another State or States.

(3) The Board shall use the moneys referred to in subsection (1) of this section in meeting the costs of shipment of wheat by the Board to the State of Tasmania, and shall not use for that purpose any other moneys derived by it from the sale of wheat delivered to it in pursuance of this Act.

(4) Any moneys referred to in subsection (1) of this section that remain unexpended after the Board has disposed of the whole of the wheat of the season ending on the thirtieth day of September, 1973, delivered to the Board in Australia shall be applied by the Board for the benefit of the wheat industry in such manner as the Minister, after consultation with the appropriate Minister of each State, directs.

(5) Any moneys that, immediately before the commencement of this Act, were standing to the credit of the account kept by the Board for the purposes of section 20 of the Wheat Industry Stabilization Act, 1963-1964 shall be deemed to be moneys to which subsection (1) of this section applies.

PART IV

MISCELLANEOUS

22. Subject to the Board's paying or making provision for the payment of amounts required to be paid by it under this Act, nothing in this Act shall be deemed to prevent the Board from applying moneys received by it by reason of the exercise of its functions under this Act for the purposes of the Commonwealth Act or an Act of another State relating to the marketing of wheat.

(8) Where any consideration in relation to a contract passes from one party to the contract to another party to the contract and that contract is void, the passing of the consideration shall, where the Commissioner is of the opinion that, having regard to the nature of the contract, to the circumstances in which the contract was entered into, to any relationship of one party to the contract to any other party to the contract and to any other circumstances that the Commissioner thinks relevant, the contract was *bona fide* entered into in the course of an ordinary commercial transaction and was not entered into for the purpose of evading or avoiding gift duty, be deemed, for the purposes of this Act, not to be a gift.

(9) Where—

(*a*) any consideration in relation to a contract passes from one party to the contract to another party to the contract and that contract is void;

and

(*b*) there passes from that other party to the first mentioned party any consideration that, had the contract not been void, would have been consideration to which that first mentioned party was entitled under the contract,

the passing of the consideration as mentioned in paragraph (*b*) of this subsection shall, where the Commissioner is of the opinion that, having regard to the nature of the contract, to the

circumstances in which the contract was entered into, to any relationship of one party to the contract to any other party to the contract and to any other circumstances that the Commissioner thinks relevant, the contract was *bona fide* entered into in the course of an ordinary commercial transaction and was not entered into for the purpose of evading or avoiding gift duty, be deemed, for the purposes of this Act, not to be a gift.

(10) For the purposes of this Act—

(*a*) a disposition of property referred to in paragraph (*f*) of the definition of "disposition of property" in subsection (1) of this section shall, notwithstanding any other provision of this Act, be deemed to take effect at the time when the total estate or the value of the total estate of the person referred to in subparagraph (ii) of that paragraph is increased ;

(*b*) the value of the property in any such disposition shall, notwithstanding any other provision of this Act, be deemed to be an amount that is equivalent to the amount by which the total estate or the value of the total estate of the person referred to in subparagraph (i) of that paragraph is diminished ;

(*c*) notwithstanding any other provision of this Act, the person referred to in subparagraph (i) of that paragraph shall be deemed to be the person by whom a disposition or gift is made and the person referred to in subparagraph (ii) of that paragraph shall be deemed to be the person in whose favour or to whom a disposition or gift is made ;

(*d*) in determining whether or not an increase in the total estate or the value of the total estate of a person has occurred and, if so, the amount of the increase, no allowance shall be made in respect of any contingency affecting the interest of the person in whose favour or to whom a disposition or gift is made ;

and

(*e*) in determining whether or not a diminution in the total estate or the value of the total estate of a person has occurred and, if so, the amount of the diminution, no allowance shall be made in respect of any contingency affecting the interest of the person by whom a disposition or gift is made.

(11) Without limiting the generality of the definition of "disposition of property" in subsection (1) of this section, where the total estate or the value of the total estate of a

person is diminished as the result, directly or indirectly, of any thing or things done or omitted to be done by a controlled company of which that person is a director, shareholder or creditor or in which that person has a pecuniary interest, or by a person as a director or shareholder of a controlled company, whether such thing or things was or were done by the controlled company or that person alone or together with any other person or persons—

(*a*) that first mentioned person shall, for the purposes of this Act, be deemed to have made a disposition of property and to be, to the exclusion of any other person, the person by whom the disposition is made and the person to whom the disposition is made shall be deemed to be the shareholders (other than the person by whom the disposition is made, if he is a shareholder) or, if there are no such shareholders, the controlled company ;

(*b*) a disposition of property referred to in paragraph (*a*) of this subsection shall be deemed to take effect at the time when the diminution referred to in this subsection takes place ;

and

(*c*) the value of the property in any such disposition shall be deemed to be an amount that is equivalent to the amount of that diminution, ascertained without any allowance being made in respect of any contingency affecting the interests of the person by whom the disposition is made.

(12) Where—

(*a*) a disposition of property (being a payment of money, whether by way of dividend, interest or otherwise) is made by a controlled company, either alone or together with any other person or persons, to one or more of its members ;

or

(*b*) a disposition of property (being an allotment or issue of shares) is made by a controlled company whether or not to one of its members,

and the Commissioner is of the opinion that—

(*c*) the resolution or other decision whereby the disposition was made or the obligation to make the disposition was created resulted, either wholly or partly and either directly or indirectly, from the exercise of a right or power that was possessed by any particular person, either alone or together with any other person or persons ;

or

(*d*) by the exercise of a right or power that was possessed by him, a particular person, either alone or together with any other person or persons, could have prevented the passing of the resolution or the making of the other decision whereby the disposition was made or the obligation to make the disposition was created,

and that particular person, either alone or together with any other person or persons, could have exercised that or any other right or power whereby a disposition of that property or of property of equivalent value could have been made by the company to himself or themselves, that particular person or that particular person and that other or those other persons, as the case may be, shall, for the purposes of this Act, be deemed, to the exclusion of any other person, to have been the person or persons by whom the disposition of the property is made, unless the disposition is made to all the shareholders of the company in proportion to their respective shareholdings or unless the Commissioner otherwise determines.

(13) Notwithstanding any other provisions of this Act, a disposition of property referred to in subsection (12) of this section shall, for the purposes of this Act, be deemed to have been made without consideration, except to the extent that the consideration, if any, that passed from the person to whom the disposition is made to the person or persons by whom the disposition is made or to the controlled company was, in the opinion of the Commissioner, fully adequate, having regard—

(*a*) to the nature and extent of the right or power that could have been exercised by the person or persons by whom the disposition is made, as referred to in that subsection ;

(*b*) to any increase in the total estate or the value of the total estate of the person to whom the disposition is made that resulted from the disposition ;

(*c*) to the nature and extent of the respective shareholdings of the shareholders of the company ;

and

(*d*) to any other circumstances that he thinks relevant.

(14) Nothing in subsection (12) of this section shall be construed so as to prevent any disposition of property made by a controlled company otherwise than as is mentioned in that subsection from being a disposition of property for the purposes of this Act.

(15) Where a gift is made by a controlled company that is incorporated under the law of a State other than this State or of any Territory of the Commonwealth and gift duty is not payable in respect of the gift by reason of paragraph (*a*) of subsection (1) of section 9 of this Act, the gift shall, for the purposes of this Act, be deemed to have been made to the donee by each member of the controlled company to the exclusion of any other person and the value of the gift made by each such member shall, for the purposes of this Act, be deemed to be an amount that bears to the value of the property comprised in the gift the same proportion as the value of his shareholding in the controlled company bears to the value of the issued capital of the controlled company.

(16) Where a gift is deemed under subsection (15) of this section to have been made by a member (in this subsection referred to as the "donor controlled company") of a controlled company that is itself a controlled company, a gift of the value deemed by that subsection to have been made by the donor controlled company shall, for the purposes of this Act, be deemed to have been made to the donee by each member of the donor controlled company to the exclusion of any other person and the value of the gift made by each member of the donor controlled company shall, for the purposes of this Act, be deemed to be an amount that bears to that value the same proportion as the value of that member's shareholding in the donor controlled company bears to the value of the issued capital of the donor controlled company.

(17) Without limiting the generality of the definition of "gift" in subsection (1) of this section, where a person has a right to recover any money which has become due and payable to him and does not take all reasonable steps to enforce payment of that money during the period of twelve months commencing on the date upon which the money first became due and payable or during any subsequent period of twelve months, a gift shall, for the purposes of this Act, be deemed to have been made at the expiration of each such period, and in respect of any such period the value of the gift shall be deemed to be the amount of interest that would have accrued at the expiration of that period if interest, calculated at the rate of five per centum per annum on the amount unpaid at the commencement of that period had been payable, or where any interest was actually paid or payable during that period, the amount of interest so calculated reduced by the interest actually paid or payable: Provided that this subsection shall not apply in the case of a contract *bona fide* entered into in the course of an ordinary commercial transaction which is not entered into for the purpose of evading or avoiding gift duty.

(18) Where a gift of property is made by two or more persons jointly, the gift shall, for the purposes of this Act, be deemed to have been made by each of them severally and the value of the gift made by each of them shall, for the purposes of this Act, be deemed to be an amount that bears to the total value of the gift the same proportion as the value of his interest in the property immediately before the gift was made bears to the value of the property.

(19) Where the doing of or omission to do any two or more things constitutes a disposition of property within the meaning of this Act, the fact that any one of those things itself constitutes such a disposition does not prevent the doing of or omission to do those two or more things from constituting such a disposition or the doing of or omission to do that one thing from constituting such a disposition.

(20) Where a disposition of property arises by reason of the doing of or omission to do any two or more things and that disposition is a gift in respect of which gift duty is payable and any one or more of those things itself constitutes a disposition of property that is a gift in respect of which gift duty is payable, the Commissioner may remit such part of that lastmentioned gift duty as he thinks fit.

(21) Notwithstanding any other provision of this Act, where a gift that is a disposition of property referred to in subsections (11) to (17) inclusive of this section has been made before the third day of December, 1968, gift duty shall not be payable in respect thereof and it shall not be taken into account in ascertaining whether gift duty is payable in respect of any other gift made by the same donor or in ascertaining the amount of any gift duty so payable.

Definition of value of all gifts. Schedule.

5. For the purpose of calculating the gift duty payable under this Act in respect of a gift, a reference in the schedule to this Act to the value of all relevant gifts shall be construed as a reference to the sum of—

(*a*) the value of the gift in respect of which the calculation is being made;

and

(*b*) the value of all other gifts made—

(i) at the same time as the gift referred to in paragraph (*a*) of this section, and within eighteen months previously (whether wholly or partly before the commencement of this Act or not) and within eighteen months subsequently;

(*a*) where the property the subject of the gift is situated in South Australia at the time when the gift is made;

and

(*b*) where the property the subject of the gift is personal property situated outside South Australia at the time when the gift is made if—

(i) either the donor or the donee, in either case not being a corporation, is, at the time the gift is made, domiciled or resident in South Australia;

(2) Where a gift is made by a corporation, being a donor referred to in subparagraph (iii) of paragraph (*b*) of subsection (1) of this section, and the corporation also carries on business outside South Australia the gift shall, for the purposes of this Act, be deemed to be of an amount that bears to the value of the personal property the subject of the gift the same proportion as the value of the assets of the corporation that are situated in South Australia bears to the value of its total assets wherever situated.

Calculation of gift duty—Schedule.

10. The gift duty payable in respect of a gift is an amount calculated on the value of the gift at the rate per centum calculated in accordance with the formula in the second column of the schedule to this Act opposite the value of all relevant gifts, specified in the first column of that schedule, made by the donor.

Remission of gift duty under $5.

11. (1) Where the amount of gift duty payable in respect of a gift and calculated at the appropriate rate specified in the schedule to this Act is less than five dollars, no gift duty shall be assessed by the Commissioner or payable in respect of that gift.

(2) Where—

(*a*) the value of a gift that is subject to duty includes the value of an interest exceeding four thousand dollars but not exceeding six thousand dollars in a house (being the principal place of residence of the donor and his or her spouse at the time of the making of the gift) given by the donor to his or her spouse, there shall, for the purpose of ascertaining the duty on such gift, be deducted from the value of that gift the amount of such interest in excess of four thousand dollars;

and

(*b*) the value of a gift so subject to duty includes the value of an interest exceeding six thousand dollars but not exceeding eight thousand dollars in a house referred to in paragraph (*a*) of this subsection given by the donor to his or her spouse, there shall, for the purpose of ascertaining the duty on such gift, be deducted from the value of that gift an amount equal to the difference between two thousand dollars and the amount by which the value of the gift exceeds six thousand dollars.

When gift is deemed to be made.

12. (1) A disposition of property made or taking effect in pursuance of or in performance or satisfaction, whether wholly or in part, of a voluntary contract shall, for the purposes of this Act, be deemed to be a gift when and so far as the disposition has affected the property or any of the property to which the contract or agreement relates.

(2) For the purposes of this Act, a gift shall be deemed to be made after the commencement of this Act if the disposition of property comprised in the gift is made or takes effect after the commencement of this Act, notwithstanding that a contract or

agreement or instrument of title which relates to the property or any part thereof was made or executed before the commencement of this Act.

(3) Nothing in the foregoing provisions of this section shall be construed as limiting the meaning of the expression "gift made after the commencement of this Act" in any other provision of this Act, in any case where the gift is in fact made after the commencement of this Act.

Where property deemed to be situated.

13. For the purposes of this Act—

(*a*) shares in a corporation incorporated in South Australia shall be deemed to be property situated in South Australia whether the shares are recorded in a register kept in South Australia or elsewhere ;

Value of the gift where consideration is not adequate.

16. Where any disposition of property is made and consideration in money or money's worth passes from the person to whom the disposition is made to the person by whom it is made but the disposition constitutes a gift for the purposes of this Act by reason of the consideration not being fully adequate, the value of the gift shall, for the purposes of this Act, be the extent of that inadequacy.

20. (1) Where a gift liable to duty does not consist of money, the Commissioner may require a proper valuation thereof by some competent valuer approved of by him to be furnished with or in relation to any return required under this Act and, if the value of any gift on which duty is or may be payable is in dispute, or, if the Commissioner is not satisfied with any valuation submitted to him, or with the person who is making or has made the same, the Commissioner may cause a valuation to be made of such gift by any valuer he may select and assess the duty thereon accordingly.

(2) Where the Commissioner causes a valuation to be made of any gift by any valuer selected by him, that valuer may inspect any property that is the subject of the gift and the person having the custody or possession of that property shall allow the valuer to have access to and inspect it at all reasonable times and if he refuses or fails to allow the valuer to do so, he shall be guilty of an offence and liable to a penalty not exceeding five hundred dollars.

(3) The Commissioner may, having regard to the circumstances of each case, charge the whole or any part of the expenses of or incidental to the making of any valuation caused to be made by him to the person liable to pay the duty and may recover the amount thereof from him as a debt due to Her Majesty in any court of competent jurisdiction.

Power to adopt Commonwealth valuation.

Net value of annuity, etc., when duty chargeable.

22. For the purposes of this Act, the value of any annuity or any interest in an annuity or any interest for life or for a term of years at the time at which gift duty becomes chargeable thereon shall be the net present value, respectively, of the annuity or interest ascertained by calculation in accordance with the provisions of the Succession Duties Act, 1929-1967, as amended, and the regulations thereunder.

Further returns

Amendment to assessment.

25. (1) The Commissioner may, whether or not gift duty has been paid on any assessment, at any time amend the assessment by making such alterations therein or additions thereto as he thinks necessary, and any such amended assessment shall be an assessment for the purposes of this Act.

(4) Where a person becomes entitled to a refund of gift duty by virtue of subsection (2) of this section the Commissioner shall refund the amount of such duty to the person or persons entitled thereto together with interest thereon at the rate of four per centum per annum from the day on which the duty was paid.

(5) Where the Commissioner refunds any gift duty to any person or persons, the amount of such duty together with interest, if any, payable thereon shall be paid out of the General Revenue of the State.

Default assessments.

26. If any person who is required by this Act to furnish a return, document or information, makes default in furnishing such return, document or information, or the Commissioner is not satisfied with any return, document or information furnished, he may cause an assessment to be made of the amount on which, in his judgment, gift duty ought to be levied and that amount shall, unless and until that amount is shown to be wrong upon an objection or an appeal under section 34 of this Act or the Commissioner ascertains the true value of the gift or makes a further assessment under this section, be deemed for the purposes of this Act, to be the value of the gift.

27. (1) The Commissioner shall serve notice of any assessment of gift duty made under this Act upon the donor and may serve such a notice on the donee.

(2) Any such notice may be served by sending it by post to, or by leaving it with some person apparently of or above the age of sixteen years at, the place of abode or business of the donor or donee last known to the Commissioner or at an address for service of notices furnished to the Commissioner by the donor or donee.

PART V.

COLLECTION AND RECOVERY OF GIFT DUTY

(1) Gift duty on any gift shall be due and payable on the making of the gift, or, where the gift duty becomes payable or further gift duty becomes payable by reason of the making of a subsequent gift, the gift duty or further gift duty, as the case may be, shall be due and payable upon the making of the subsequent gift.

(2) Where a gift or a subsequent gift was made after the commencement of this Act but before the day on which the Governor assented to this Act, it shall, for the purposes of this Part, be deemed to have been made on that day.

(3) The donor and the donee shall be jointly and severally liable for the payment of gift duty on the gift.

(4) Gift duty shall, until paid, constitute a first charge on all property (other than money or negotiable instruments) comprised in the gift, but any such charge shall not affect the title of a *bona fide* purchaser for value without notice of the charge.

(5) Where there is more than one donee under the same gift, each of them shall be liable only for the same proportion of the gift duty as the value of his interest bears to the total value of the gift.

(6) Where the interest of a donee is a future interest, he shall not become personally liable for the payment of the gift duty until that interest becomes an interest in possession.

(7) A trustee may raise such moneys as are necessary to pay gift duty by mortgage, with or without power of sale, of any property comprised in the gift held by him upon trust.

(8) Where the donee is a trustee he shall not be personally liable for the payment of any gift duty in respect of any trust property unless the Commissioner, by notice in writing, advises him that gift duty is due and payable in respect of that trust property, and then only to the extent of the value of so much of the trust property as is held by him on the date upon which the notice is served upon him.

Extension of time to pay and payment by instalments.

29. The Commissioner may, in any case, grant such extension of time for payment of gift duty or permit such payment to be made by such instalments and within such time as he considers the circumstances warrant.

Additional duty for late payment.

30. (1) If any gift duty is not paid within two months after the day on which the duty becomes payable in the case of a gift made in Australia or three months after the day on which the duty becomes payable in the case of a gift made outside Australia, additional gift duty at the rate of ten per centum per annum on the amount unpaid computed from the expiration of that period of two months or three months, as the case may be, or, where an extension of time has been granted under section 29 of this Act, from such date as the Commissioner determines, shall become payable and recoverable in all respects as gift duty by and from every person liable for the payment of the gift duty.

(2) The Commissioner may remit the additional gift duty or any part thereof.

Gift duty to be charge on land.

31. (1) Where gift duty is payable on more than one piece of land, the subject of a gift, the amount of such duty shall be a charge on the land included in each assessment for gift duty in the proportion that the amount of that assessment bears to the total amount of all such assessments.

(2) Where any gift duty is a charge on any land, the Registrar-General shall, if the land is land subject to the provisions of the Real Property Act, 1886-1967, on the application of the Commissioner accompanied by a certificate under the hand of the Commissioner certifying the amount of gift duty payable, but unpaid, on such land, make all such entries as may be necessary or proper to evidence that the land is subject to the charge or, if the land is not subject to the provisions of that Act, register in the General Registry Office a memorial to the effect that the land is subject to the charge.

(3) A charge to which any land is subject by virtue of this section may, upon application in writing to the Registrar-General by the Commissioner, by order of the Registrar-General, be varied or discharged and, upon such variation or discharge, as the case may be, the Registrar-General shall, without fee, make all such entries or register such memorials as may be necessary or proper to evidence such variation or discharge.

(2) Where any property has been sold under any such order the Supreme Court may make an order vesting the property in the purchaser.

(3) Every such vesting order shall have the same effect as if all persons entitled to the property had been free from all disability, and as if it were a proper conveyance, transfer or assignment of the property for such estate or interest as is specified in the order, duly executed by those persons.

No limitation of action.

33. No statute of limitations now or hereafter in force shall bar or affect any action, proceeding or remedy for recovery of gift duty.

(2) Notwithstanding subsection (1) of this section, where the assessment is an amended assessment, the objector or appellant shall have no further or other right of objection or appeal than he would have had if the amended assessment had not been made, except to the extent to which by reason of the amended assessment a fresh liability in respect of any particular is imposed on him or an existing liability in respect of any particular is increased.

(3) Where such person forwards to the Treasurer an objection against the Commissioner's assessment the Treasurer, after obtaining the opinion of the Crown Solicitor and making such other inquiries and obtaining such other information and advice as he deems proper, may confirm or modify the assessment ; and, if such assessment is not confirmed, the amount of duty to be ultimately retained shall be that fixed by the Treasurer and the difference shall be refunded by the Commissioner to the person who lodged the objection.

(7) The Court or any judge thereof sitting in Court or in Chambers may hear and determine the matter of such appeal and make such order with regard thereto and the costs thereof as shall be just.

(8) A reference in subsection (2) of this section to an amended assessment includes a reference to an assessment in respect of a gift in respect of which further gift duty becomes payable by reason of the making of a subsequent gift.

Rule 1.

(*a*) These Rules shall be followed by all vessels and seaplanes upon the high seas and in all waters connected therewith navigable by seagoing vessels, except as provided in Rule 30. Where, as a result of their special construction it is not possible for seaplanes to comply fully with the provisions of Rules specifying the carrying of lights and shapes, these provisions shall be followed as closely as circumstances permit.

(*b*) The Rules concerning lights shall be complied with in all weathers from sunset to sunrise, and during such times no other lights shall be exhibited, except such lights as cannot be mistaken for the prescribed lights or do not impair their visibility or distinctive character, or interfere with the keeping of a proper look-out. The lights prescribed by these Rules may also be exhibited from sunrise to sunset in restricted visibility and in all other circumstances when it is deemed necessary.

(*c*) In the following Rules, except where the context otherwise requires—

(i) the word "vessel" includes every description of water craft, other than a seaplane on the water, used or capable of being used as a means of transportation on water ;

(ii) the word "seaplane" includes a flying boat and any other aircraft designed to manoeuvre on the water ;

(iii) the term "power-driven vessel" means any vessel propelled by machinery ;

(iv) every power-driven vessel which is under sail and not under power is to be considered a sailing vessel, and every vessel under power, whether under sail or not, is to be considered a power-driven vessel ;

(v) a vessel or seaplane on the water is "under way" when she is not at anchor, or made fast to the shore, or aground ;

(vi) the term "height above the hull" means height above the uppermost continuous deck ;

(vii) the length and breadth of a vessel shall be her length overall and largest breadth ;

(viii) the length and span of a seaplane shall be its maximum length and span as shown in its certificate of airworthiness, or as determined by measurement in the absence of such certificate ;

(ix) vessels shall be deemed to be in sight of one another only when one can be observed visually from the other ;

(x) the word "visible", when applied to lights, means visible on a dark night with a clear atmosphere ;

(xi) the term "short blast" means a blast of about one second's duration ;

(xii) the term "prolonged blast" means a blast of from four to six seconds' duration ;

(xiii) the word "whistle" means any appliance capable of producing the prescribed short and prolonged blasts ;

(xiv) the term "engaged in fishing" means fishing with nets, lines or trawls but does not include fishing with trolling lines.

LIGHTS AND SHAPES.

Rule 2.

(*a*) A power-driven vessel when under way shall carry :—

(i) On or in front of the foremast, or if a vessel without a foremast then in the forepart of the vessel, a white light so constructed as to show an unbroken light over an arc of the horizon of 225 degrees (20 points of the compass), so fixed as to show the light 112½ degrees (10 points) on each side of the vessel, that is, from right ahead to 22½ degrees (2 points) abaft the beam on either side, and of such a character as to be visible at a distance of at least 5 miles.

(ii) Either forward or abaft the white light prescribed in subsection (i) a second white light similar in construction and character to that light. Vessels of less than 150 feet in length shall not be required to carry this second white light but may do so.

(iii) These two white lights shall be so placed in a line with and over the keel that one shall be at least 15 feet higher than the other and in such a position that the forward light shall always be shown lower than the after one. The horizontal distance between the two white lights shall be at least three times the vertical distance. The lower of these two white lights or, if only one is carried, then that light, shall be placed at a height above the hull of not less than 20 feet, and, if the breadth of the vessel exceeds 20 feet, then at a height above the hull not less than such breadth, so however that the light need not be placed at a greater height above the hull than 40 feet. In all circumstances the light or lights, as the case may be, shall be so placed as to be clear of and above all other lights and obstructing superstructures.

(iv) On the starboard side a green light so constructed as to show an unbroken light over an arc of the horizon of 112½ degrees (10 points of the compass), so fixed as to show the light from right ahead to 22½ degrees (2 points) abaft the beam on the starboard side, and of such a character as to be visible at a distance of at least 2 miles.

(v) On the port side a red light so constructed as to show an unbroken light over an arc of the horizon of 112½ degrees (10 points of the compass), so fixed as to show the light from right ahead to 22½ degrees (2 points) abaft the beam on the port side, and of such a character as to be visible at a distance of at least 2 miles.

(vi) The said green and red sidelights shall be fitted with inboard screens projecting at least 3 feet forward from the light, so as to prevent these lights from being seen across the bows.

(*b*) A seaplane under way on the water shall carry :—

(i) In the forepart amidships where it can best be seen a white light, so constructed as to show an unbroken light over an arc of the horizon of 220 degrees of the compass, so fixed as to show the light 110 degrees on each side of the seaplane, namely, from right ahead to 20 degrees abaft the beam on either side, and of such a character as to be visible at a distance of at least 3 miles.

(ii) On the right or starboard wing tip a green light, so constructed as to show an unbroken light over an arc of the horizon of 110 degrees of the compass, so fixed as to show the light from right ahead to 20 degrees abaft the beam on the starboard side, and of such a character as to be visible at a distance of at least 2 miles.

(iii) On the left or port wing tip a red light, so constructed as to show an unbroken light over an arc of the horizon of 110 degrees of the compass, so fixed as to show the light from right ahead to 20 degrees abaft the beam on the port side, and of such a character as to be visible at a distance of at least 2 miles.

Rule 3.

(*a*) A power-driven vessel when towing or pushing another vessel or seaplane shall, in addition to her sidelights, carry two white lights in a vertical line one over the other, not less than 6 feet apart, and when towing and the length of the tow, measuring from the stern of the towing vessel to the stern of the last vessel towed, exceeds 600 feet, shall carry three white lights in a vertical line one over the other, so that the upper and lower lights shall be the same distance from, and not less than 6 feet above or below, the middle light. Each of these lights shall be of the same construction and character and one of them shall be carried in the same position as the white light prescribed in Rule 2 (*a*) (i). None of these lights shall be carried at a height of less than 14 feet above the hull. In a vessel with a single mast, such lights may be carried on the mast.

(*b*) The towing vessel shall also show either the stern light prescribed in Rule 10 or in lieu of that light a small white light abaft the funnel or aftermast for the tow to steer by, but such light shall not be visible forward of the beam.

(*c*) Between sunrise and sunset, a power-driven vessel engaged in towing, if the length of tow exceeds 600 feet, shall carry, where it can best be seen, a black diamond shape at least 2 feet in diameter.

(*d*) A seaplane on the water, when towing one or more seaplanes or vessels, shall carry the lights prescribed in Rule 2 (*b*) (i), (ii) and (iii); and, in addition, she shall carry a second white light of the same construction and character as the white light prescribed in Rule (2) (*b*) (i), and in a vertical line at least 6 feet above or below such light.

Rule 4.

(*a*) A vessel which is not under command shall carry, where they can best be seen, and, if a power-driven vessel, in lieu of the lights prescribed in Rule 2 (*a*) (i) and (ii), two red lights in a vertical line one over the other not less than 6 feet apart, and of such a character as to be visible all round the horizon at a distance of at least 2 miles. By day, she shall carry in a vertical line one over the other not less than 6 feet apart, where they can best be seen, two black balls or shapes each not less than 2 feet in diameter.

(*b*) A seaplane on the water which is not under command may carry where they can best be seen, and in lieu of the light prescribed in Rule 2 (*b*) (i), two red lights in a vertical line, one over the other, not less than 3 feet apart, and of such a character as to be visible all round the horizon at a distance of at least 2 miles, and may by day carry in a vertical line one over the other not less than 3 feet apart, where they can best be seen, two black balls or shapes, each not less than 2 feet in diameter.

(*c*) A vessel engaged in laying or in picking up a submarine cable or navigation mark, or a vessel engaged in surveying or underwater operations, or a vessel engaged in replenishment at sea, or in the launching or recovery of aircraft when from the nature of her work she is unable to get out of the way of approaching vessels, shall carry, in lieu of the lights prescribed in Rule 2 (*a*) (i) and (ii), or Rule 7 (*a*) (i), three lights in a vertical line one over the other so that the upper and lower lights shall be the same distance from, and not less than 6 feet above or below the middle light. The highest and lowest of these lights shall be red, and the middle lights shall be white, and they shall be of such a character as to be visible all round the horizon at a distance of at least 2 miles. By day, she shall carry in a vertical line one over the other not less than 6 feet apart, where they can best be seen, three shapes each not less than 2 feet in diameter, of which the highest and lowest shall be globular in shape and red in colour, and the middle one diamond in shape and white.

(*d*) (i) A vessel engaged in minesweeping operations shall carry at the foretruck a green light, and at the end or ends of the foreyard on the side or sides on which danger exists, another such light or lights. These lights shall be carried in addition to the light prescribed in Rule 2 (*a*) (i) or Rule 7 (*a*) (i) as appropriate, and shall be of such a character as to be visible all round the horizon at a distance of at least 2 miles. By day she shall carry black balls, not less than 2 feet in diameter, in the same position as the green lights.

(ii) The showing of these lights or balls indicates that it is dangerous for other vessels to approach closer than 3,000 feet astern of the minesweeper or 1,500 feet on the side or sides of which danger exists.

(*e*) The vessels and seaplanes referred to in this Rule, when not making way through the water, shall show neither the coloured sidelights nor the stern light, but when making way they shall show them.

(*f*) The lights and shapes prescribed in this Rule are to be taken by other vessels and seaplanes as signals that the vessel or seaplane showing them is not under command and cannot therefore get out of of the way.

(*g*) These signals are not signals of vessels in distress and requiring assistance. Such signals are contained in Rule 31.

Rule 5.

(*a*) A sailing vessel under way and any vessel or seaplane being towed shall carry the same lights as are prescribed in Rule 2 for a power-driven vessel or a seaplane under way, respectively, with the exception of the white lights prescribed therein, which they shall never carry. They shall also carry stern lights as prescribed in Rule 10, provided that vessels towed, except the last vessel of a tow, may carry, in lieu of such stern light, a small white light as prescribed in Rule 3 (*b*).

(*b*) In addition to the lights prescribed in section (*a*), a sailing vessel may carry on the top of the foremast two lights in a vertical line one over the other, sufficiently separated so as to be clearly distingished. The upper light shall be red and the lower light shall be green. Both lights shall be constructed and fixed as prescribed in Rule 2 (*a*) (i) and shall be visible at a distance of at least 2 miles.

(*c*) A vessel being pushed ahead shall carry, at the forward end, on the starboard side a green light and on the port side a red light, which shall have the same characteristics as the lights prescribed in Rule 2 (*a*) (iv) and (v) and shall be screened as provided in Rule 2 (*a*) (vi), provided that any number of vessels pushed ahead in a group shall be lighted as one vessel.

(*d*) Between sunrise and sunset a vessel being towed, if the length of the tow exceeds 600 feet, shall carry where it can best be seen a black diamond shape at least 2 feet in diameter.

Rule 6.

(*a*) When it is not possible on account of bad weather or other sufficient cause to fix the green and red sidelights, these lights shall be kept at hand lighted and ready for immediate use, and shall, on the approach of or to other vessels, be exhibited on their respective sides in sufficient time to prevent collision, in such manner as to make them most visible, and so that the green light shall not be seen on the port side nor the red light on the starboard side, nor, if practicable, more than 22½ degrees (2 points) abaft the beam on their respective sides.

(*b*) To make the use of these portable lights more certain and easy, the lanterns containing them shall each be painted outside with the colour of the lights they respectively contain, and shall be provided with proper screens.

Rule 7.

Power-driven vessels of less than 65 feet in length, vessels under oars or sails of less than 40 feet in length, and rowing boats, when under way shall not be required to carry the lights prescribed in Rules 2, 3 and 5, but if they do not carry them they shall be provided with the following lights :—

(*a*) Power-driven vessels of less than 65 feet in length except as provided in sections (*b*) and (*c*), shall carry :—

(i) In the forepart of the vessel, where it can best be seen, and at a height above the gunwale of not less than 9 feet, a white light constructed and fixed as prescribed in Rule 2 (*a*) (i) and of such a character as to be visible at a distance of at least 3 miles.

(ii) Green and red sidelights constructed and fixed as prescribed in Rule 2 (*a*) (iv) and (v), and of such a character as to be visible at a distance of at least 1 mile, or a combined lantern showing a green light and a red light from right ahead to 22½ degrees (2 points) abaft the beam on their respective sides. Such lantern shall be carried not less than 3 feet below the white light.

(*b*) Power-driven vessels of less than 65 feet in length when towing or pushing another vessel shall carry :—

(i) In addition to the sidelights or the combined lantern prescribed in section (*a*) (ii) two white lights in a vertical line, one over the other not less than 4 feet apart. Each of these lights shall be of the same construction and character as the white light prescribed in section (*a*) (i) and one of them shall be carried in the same position. In a vessel with a single mast such lights may be carried on the mast.

(ii) Either a stern light as prescribed in Rule 10 or in lieu of that light a small white light abaft the funnel or aftermast for the tow to steer by, but such light shall not be visible forward of the beam.

(*c*) Power-driven vessels of less than 40 feet in length may carry the white light at a less height than 9 feet above the gunwale but it shall be carried not less than 3 feet above the sidelights or the combined lantern prescribed in section (*a*) (ii).

(*d*) Vessels of less than 40 feet in length, under oars or sails, except as provided in section (*f*), shall, if they do not carry the sidelights, carry, where it can best be seen, a lantern showing a green light on one side and a red light on the other, of such a character as to be visible at a distance of at least 1 mile, and so fixed that the green light shall not be seen on the port side, nor the red light on the starboard side. Where it is not possible to fix this light, it shall be kept ready for immediate use and shall be exhibited in sufficient time to prevent collision and so that the green light shall not be seen on the port side nor the red light on the starboard side.

(*e*) The vessels referred to in this Rule when being towed shall carry the sidelights or the combined lantern prescribed in sections (*a*) or (*d*) of this Rule, as appropriate, and a stern light as prescribed in Rule 10, or, except the last vessel of the tow, a small white light as prescribed in section (*b*) (ii). When being pushed ahead they shall carry at the forward end the sidelights or combined lantern prescribed in sections (*a*) or (*d*) of this Rule, as appropriate, provided that any number of vessels referred to in this Rule when pushed ahead in a group shall be lighted as one vessel under this Rule unless the overall length of the group exceeds 65 feet when the provisions of Rule 5 (*c*) shall apply.

(*f*) Small rowing boats, whether under oars or sail, shall only be required to have ready at hand an electric torch or a lighted lantern showing a white light, which shall be exhibited in sufficient time to prevent collision.

(*g*) The vessels and boats referred to in this Rule shall not be required to carry the lights or shapes prescribed in Rules 4 (*a*) and 11 (*e*) and the size of their day signals may be less than is prescribed in Rules 4 (*c*) and 11 (*c*).

Rule 8.

(*a*) A power-driven pilot-vessel when engaged on pilotage duty and under way :—

(i) Shall carry a white light at the masthead at a height of not less than 20 feet above the hull, visible all round the horizon at a distance of at least 3 miles and at a distance of 8 feet below it a red light similar in construction and character. If such a vessel is of less than 65 feet in length she may carry the white light at a height of not less than 9 feet above the gunwale and the red light at a distance of 4 feet below the white light.

(ii) Shall carry the sidelights or lanterns prescribed in Rule 2 (*a*) (iv) and (v) or Rule 7 (*a*) (ii) or (*d*) as appropriate, and the stern light prescribed in Rule 10.

(iii) Shall show one or more flare-up lights at intervals not exceeding 10 minutes. An intermittent white light visible all round the horizon may be used in lieu of flare-up lights.

(*b*) A sailing pilot-vessel when engaged on pilotage duty and under way :—

(i) Shall carry a white light at the masthead visible all round the horizon at a distance of at least 3 miles.

(ii) Shall be provided with the sidelights or lantern prescribed in Rules 5 (*a*) or 7 (*d*), as appropriate, and shall, on the near approach of or to other vessels, have such lights ready for use, and shall show them at short intervals to indicate the direction in which she is heading, but the green light shall not be shown on the port side nor the red light on the starboard side. She shall also carry the stern light prescribed in Rule 10.

(iii) Shall show one or more flare-up lights at intervals not exceeding 10 minutes.

(*c*) A pilot-vessel when engaged on pilotage duty and not under way shall carry the lights and show the flares prescribed in sections (*a*) (i) and (iii) or (*b*) (i) and (iii), as appropriate, and if at anchor shall also carry the anchor lights prescribed in Rule 11.

(*d*) A pilot-vessel when not engaged on pilotage duty shall show the lights or shapes for a similar vessel of her length.

Rule 9.

(*a*) Fishing vessels when not engaged in fishing shall show the lights or shapes for similar vessels of their length.

(*b*) Vessels engaged in fishing, when under way or at anchor, shall show only the lights and shapes prescribed in this Rule, which lights and shapes shall be visible at a distance of at least 2 miles.

(*c*) (i) Vessels when engaged in trawling, by which is meant the dragging of a dredge net or other apparatus through the water, shall carry two lights in a vertical line, one over the other, not less than 4 feet nor more than 12 feet apart. The upper of these lights shall be green and the lower light white and each shall be visible all round the horizon. The lower of these two lights shall be carried at a height above the sidelights not less than twice the distance between the two vertical lights.

(ii) Such vessels may in addition carry a white light similar in construction to the white light prescribed in Rule 2 (*a*) (i) but such light shall be carried lower than and abaft the all-round green and white lights.

(*d*) Vessels when engaged in fishing, except vessels engaged in trawling, shall carry the lights prescribed in section (*c*) (i) except that the upper of the two vertical lights shall be red. Such vessels if of less than 40 feet in length may carry the red light at a height of not less than 9 feet above the gunwale and the white light not less than 3 feet below the red light.

(*e*) Vessels referred to in sections (*c*) and (*d*), when making way through the water, shall carry the sidelights or lanterns prescribed in Rule 2 (*a*) (iv) and (v) or Rule 7 (*a*) (ii) or (*d*) as appropriate, and the stern light prescribed in Rule 10. When not making way through the water they shall show neither the sidelights nor the stern light.

(*f*) Vessels referred to in section (*d*) with outlying gear extending more than 500 feet horizontally into the seaway shall carry an additional all-round white light at a horizontal distance of not less than 6 feet nor more than 20 feet away from the vertical lights in the directions of the outlying gear. This additional white light shall be placed at a height not exceeding that of the white light prescribed in section (*c*) (i) and not lower than the sidelights.

(*g*) In addition to the lights which they are required by this Rule to carry, vessels engaged in fishing may, if necessary in order to attract the attention of an approaching vessel, use a flare-up light, or may direct the beam of their searchlight in the direction of a danger threatening the approaching vessel, in such a way as not to embarrass other vessels. They may also use working lights but fishermen shall take into account that specially bright or insufficiently screened working lights may impair the visibility and distinctive character of the lights prescribed in this Rule.

(*h*) By day vessels when engaged in fishing shall indicate their occupation by displaying where it can best be seen a black shape consisting of two cones each not less than 2 feet in diameter with their points together one above the other. Such vessels if of less than 65 feet in length may substitute a basket for such black shape. If their outlying gear extends more than 500 feet horizontally into the seaway vessels engaged in fishing shall display in addition one black conical shape, point upwards, in the direction of the outlying gear.

Rule 10.

(*a*) Except where otherwise provided in these Rules, a vessel when under way shall carry at her stern a white light, so constructed that it shall show an unbroken light over an arc of the horizon of 135 degrees (12 points of the compass), so fixed as to show the light $67\frac{1}{2}$ degrees (6 points) from the right aft on each side of the vessel, and of such a character as to be visible at a distance of at least 2 miles.

(*b*) In a small vessel, if it is not possible on account of bad weather or other sufficient cause for this light to be fixed an electric torch or a lighted lantern showing a white light shall be kept at hand ready for use and shall on the approach of an overtaking vessel, be shown in sufficient time to prevent collision.

(*c*) A seaplane on the water when under way shall carry on her tail a white light, so constructed as to show an unbroken light over an arc of the horizon of 140 degrees of the compass, so fixed as to show the light 70 degrees from right aft on each side of the seaplane, and of such a character as to be visible at a distance of at least 2 miles.

Rule 11.

(*a*) A vessel of less than 150 feet in length, when at anchor, shall carry in the forepart of the vessel, where it can best be seen, a white light visible all round the horizon at a distance of at least 2 miles. Such a vessel may also carry a second white light in the position prescribed in section (*b*) of this Rule but shall not be required to do so. The second white light, if carried, shall be visible at a distance of at least 2 miles and so placed as to be as far as possible visible all round the horizon.

(*b*) A vessel of 150 feet or more in length, when at anchor, shall carry near the stem of the vessel, at a height of not less than 20 feet above the hull, one such light, and at or near the stern of the vessel and at such a height that it shall be not less than 15 feet lower than the forward light, another such light. Both these lights shall be visible at a distance of at least 3 miles and so placed as to be as far as possible visible all round the horizon.

(*c*) Between sunrise and sunset every vessel when at anchor shall carry in the forepart of the vessel, where it can best be seen, one black ball not less than 2 feet in diameter.

(*d*) A vessel engaged in laying or in picking up a submarine cable or navigation mark, or a vessel engaged in surveying or underwater operations, when at anchor, shall carry the lights or shapes prescribed in Rule 4 (*c*) in addition to those prescribed in the appropriate preceding sections of this Rule.

(*e*) A vessel aground shall carry the light or lights prescribed in sections (*a*) or (*b*) and the two red lights prescribed in Rule 4 (*a*). By day she shall carry, where they can best be seen, three black balls, each not less than 2 feet in diameter, placed in a vertical line one over the other, not less than 6 feet apart.

(*f*) A seaplane on the water under 150 feet in length, when at anchor, shall carry, where it can best be seen, a white light, visible all round the horizon at a distance of at least 2 miles.

(*g*) A seaplane on the water 150 feet or upwards in length when at anchor, shall carry, where they can best be seen, a white light forward and a white light aft, both lights visible all round the horizon at a distance of at least 3 miles; and, in addition, if the seaplane is more than 150 feet in span, a white light on each side to indicate the maximum span, and visible, so far as practicable, all round the horizon at a distance of 1 mile.

(*h*) A seaplane aground shall carry an anchor light or lights as prescribed in sections (*f*) and (*g*), and in addition may carry two red lights in a vertical line, at least 3 feet apart, so placed as to be visible all round the horizon.

Rule 12.

Every vessel or seaplane on the water may, if necessary in order to attract attention, in addition to the lights which she is by these Rules required to carry, show a flare-up light or use a detonating or other efficient sound signal that cannot be mistaken for any signal authorized elsewhere under these Rules.

Rule 13.

(*a*) Nothing in these Rules shall interfere with the operation of any special rules made by the Government of any nation with respect to additional station and signal lights for ships of war, for vessels sailing under convoy, for fishing vessels engaged in fishing as a fleet or for seaplanes on the water.

(*b*) Whenever the Government concerned shall have determined that a naval or other military vessel or waterborne seaplane of special construction or purpose cannot comply fully with the provisions of any of these Rules with respect to the number, position, range or arc of visibility of lights or shapes, without interfering with the military function of the vessel or seaplane, such vessel or seaplane shall comply with such other provisions in regard to the number, position, range or arc of visibility of lights or shapes as her Government shall have determined to be the closest possible compliance with these Rules in respect of that vessel or seaplane.

Rule 14.

A vessel proceeding under sail, when also being propelled by machinery, shall carry in the daytime forward, where it can best be seen, one black conical shape, point downwards, not less than 2 feet in diameter at its base.

SOUND SIGNALS AND CONDUCT IN RESTRICTED VISIBILITY.

Preliminary.

1. The possession of information obtained from radar does not relieve any vessel of the obligation of conforming strictly with the Rules and, in particular, the obligations contained in Rules 15 and 16.

2. The Annex to the Rules contains recommendations intended to assist in the use of radar as an aid to avoiding collision in restricted visibility.

Rule 15.

(*a*) A power-driven vessel of 40 feet or more in length shall be provided with an efficient whistle, sounded by steam or by some substitute for steam, so placed that the sound may not be intercepted by any obstruction, and with an efficient fog horn to be sounded by mechanical means, and also with an efficient bell. A sailing vessel of 40 feet or more in length shall be provided with a similar fog horn and bell.

(*b*) All signals prescribed in this Rule for vessels under way shall be given—

(i) by power-driven vessels on the whistle ;

(ii) by sailing vessels on the fog horn ;

(iii) by vessels towed on the whistle or fog horn.

(*c*) In fog, mist, falling snow, heavy rainstorms, or any other condition similarly restricting visibility, whether by day or night, the signals prescribed in this Rule shall be used as follows :—

(i) A power-driven vessel making way through the water shall sound at intervals of not more than 2 minutes a prolonged blast.

(ii) A power-driven vessel under way, but stopped and making no way through the water, shall sound at intervals of not more than 2 minutes two prolonged blasts, with an interval of about 1 second between them.

(iii) A sailing vessel under way shall sound, at intervals of not more than 1 minute, when on the starboard tack one blast, when on the port tack two blasts in succession, and when with the wind abaft the beam three blasts in succession.

(iv) A vessel when at anchor shall at intervals of not more than 1 minute ring the bell rapidly for about 5 seconds. In vessels of more than 350 feet in length the bell shall be sounded in the forepart of the vessel, and in addition there shall be sounded in the after part of the vessel, at intervals of not more than 1 minute for about 5 seconds, a gong or other instrument the tone and sounding of which cannot be confused with that of the bell. Every vessel at anchor may in addition, in accordance with Rule 12, sound three blasts in succession, namely, one short, one prolonged, and one short blast, to give warning of her position and of the possibility of collision to an approaching vessel.

(v) A vessel when towing, a vessel engaged in laying or in picking up a submarine cable or navigation mark, and a vessel under way which is unable to get out of the way of an approaching vessel through being not under command or unable to manoeuvre as required by these Rules shall, instead of the signals prescribed in subsections (i), (ii) and (iii) sound, at intervals of not more than 1 minute, three blasts in succession, namely, one prolonged blast followed by two short blasts.

(vi) A vessel towed, or, if more than one vessel is towed, only the last vessel of the tow, if manned, shall, at intervals of not more than 1 minute, sound four blasts in succession, namely, one prolonged blast followed by three short blasts. When practicable, this signal shall be made immediately after the signal made by the towing vessel.

(vii) A vessel aground shall give the bell signal and, if required, the gong signal, prescribed in subsection (iv) and shall, in addition, give 3 separate and distinct strokes on the bell immediately before and after such rapid ringing of the bell.

(viii) A vessel engaged in fishing when under way or at anchor shall at intervals of not more than 1 minute sound the signal prescribed in subsection (v). A vessel when fishing with trolling lines and under way shall sound the signals prescribed in subsections (i), (ii) or (iii) as may be appropriate.

(ix) A vessel of less than 40 feet in length, a rowing boat, or a seaplane on the water, shall not be obliged to give the abovementioned signals but if she does not, she shall make some other efficient sound signal at intervals of not more than 1 minute.

(x) A power-driven pilot vessel when engaged on pilotage duty may, in addition to the signals prescribed in subsections (i), (ii) and (iv), sound an identity signal consisting of 4 short blasts.

Rule 16.

(*a*) Every vessel, or seaplane, when taxi-ing on the water, shall, in fog, mist, falling snow, heavy rainstorms or any other conditions similarly restricting visibility, go at a moderate speed, having careful regard to the existing circumstances and conditions.

(*b*) A power-driven vessel hearing, apparently forward of her beam, the fog signal of a vessel the position of which is not ascertained, shall, so far as the circumstances of the case admit, stop her engines, and then navigate with caution until danger of collision is over.

(*c*) A power-driven vessel which detects the presence of another vessel forward of her beam before hearing her fog signal or sighting her visually may take early and substantial action to avoid a close quarters situation but, if this cannot be avoided, she shall, so far as the circumstances of the case admit, stop her engines in proper time to avoid collision and then navigate with caution until danger of collision is over.

STEERING AND SAILING RULES.

Preliminary.

1. In obeying and construing these Rules, any action taken should be positive, in ample time, and with due regard to the observance of good seamanship.

2. Risk of collision can, when circumstances permit be ascertained by carefully watching the compass bearing of an approaching vessel. If the bearing does not appreciably change, such risk should be deemed to exist.

3. Mariners should bear in mind that seaplanes in the act of landing or taking off, or operating under adverse weather conditions, may be unable to change their intended action at the last moment.

4. Rules 17 to 24 apply only to vessels in sight of one another.

Rule 17.

(*a*) When two sailing vessels are approaching one another, so as to involve risk of collision, one of them shall keep out of the way of the other as follows :—

(i) When each has the wind on a different side, the vessel which has the wind on the port side shall keep out of the way of the other.

(ii) When both have the wind on the same side, the vessel which is to windward shall keep out of the way of the vessel which is to leeward.

(*b*) For the purposes of this Rule the windward side shall be deemed to be the side opposite to that on which the mainsail is carried or, in the case of a square-rigged vessel, the side opposite to that on which the largest fore-and-aft sail is carried.

Rule 18.

(*a*) When two power-driven vessels are meeting end on, or nearly end on, so as to involve risk of collision, each shall alter her course to starboard, so that each may pass on the port side of the other. This Rule only applies to cases where vessels are meeting end on, or nearly end on, in such a manner as to involve risk of collision, and does not apply to two vessels which must, if both keep on their respective course, pass clear of each other. The only cases to which it does apply are when each of two vessels is end on, or nearly end on, to the other; in other words, to cases in which, by day, each vessel sees the masts of the other in a line, or nearly in a line, with her own ; and by night to cases in which each vessel is in such a position as to see both the sidelights of the other. It does not apply, by day, to cases in which a vessel sees another ahead crossing her own course ; or by night, to cases where the red light of one vessel is opposed to the red light

of the other or where the green light of one vessel is opposed to the green light of the other or where a red light without a green light or a green light without a red light is seen ahead, or where both green and red lights are seen anywhere but ahead.

(*b*) For the purposes of this Rule and Rules 19 to 29 inclusive, except Rule 20 (*c*) and Rule 28, a seaplane on the water shall be deemed to be a vessel, and the expression "power-driven vessel" shall be construed accordingly.

Rule 19.

When two power-driven vessels are crossing, so as to involve risk of collision, the vessel which has the other on her own starboard side shall keep out of the way of the other.

Rule 20.

(*a*) When a power-driven vessel and a sailing vessel are proceeding in such directions as to involve risk of collision, except as provided for in Rules 24 and 26, the power-driven vessel shall keep out of the way of the sailing vessel.

(*b*) This Rule shall not give to a sailing vessel the right to hamper, in a narrow channel, the safe passage of a power-driven vessel which can navigate only inside such channel.

(*c*) A seaplane on the water shall, in general, keep well clear of all vessels and avoid impeding their navigation. In circumstances, however, where risk of collision exists, she shall comply with these Rules.

Rule 21.

Where by any of these Rules one or two vessels is to keep out of the way, the other shall keep her course and speed. When, from any cause, the latter vessel finds herself so close that collision cannot be avoided by the action of the giving-away vessel alone, she also shall take such action as will best aid to avert collision (see Rules 27 and 29).

Rule 22.

Every vessel which is directed by these Rules to keep out of the way of another vessel shall, so far as possible, take positive early action to comply with this obligation, and shall, if the circumstances of the case admit, avoid crossing ahead of the other.

Rule 23.

Every power-driven vessel which is directed by these Rules to keep out of the way of another vessel shall, on approaching her, if necessary, slacken her speed or stop or reverse.

Rule 24.

(*a*) Notwithstanding anything contained in these Rules, every vessel overtaking any other shall keep out of the way of the overtaken vessel.

(*b*) Every vessel coming up with another vessel from any direction more than $22\frac{1}{2}$ degrees (2 points) abaft her beam, *i.e.*, in such a position, with reference to the vessel which she is overtaking, that at night she would be unable to see either of that vessel's sidelights, shall be deemed to be an overtaking vessel; and no subsequent alteration of the bearing between the two vessels shall make the overtaking vessel a crossing vessel within the meaning of these Rules, or relieve her of the duty of keeping clear of the overtaken vessel until she is finally past and clear.

(*c*) If the overtaking vessel cannot determine with certainty whether she is forward of or abaft this direction from the other vessel, she shall assume that she is an overtaking vessel and keep out of the way.

Rule 25.

(*a*) In a narrow channel every power-driven vessel when proceeding along the course of the channel shall, when it is safe and practicable, keep to that side of the fairway or mid-channel which lies on the starboard side of such vessel.

(*b*) Whenever a power-driven vessel is nearing a bend in a channel where a vessel approaching from the other direction cannot be seen, such power-driven vessel, when she shall have arrived within one-half ($\frac{1}{2}$) mile of the bend, shall give a signal by one prolonged blast on her whistle which signal shall be answered by a similar blast given by any approaching power-driven vessel that may be within hearing around the bend. Regardless of whether an approaching vessel on the farther side of the bend is heard such bend shall be rounded with alertness and caution.

(*c*) In a narrow channel a power-driven vessel of less than 65 feet in length shall not hamper the safe passage of a vessel which can navigate only inside such channel.

Rule 26.

All vessels not engaged in fishing, except vessels to which the provisions of Rule 4 apply, shall, when under way, keep out of the way of vessels engaged in fishing. This Rule shall not give to any vessel engaged in fishing the right of obstructing a fairway used by vessels other than fishing vessels.

Rule 27.

In obeying and construing these Rules due regard shall be had to all dangers of navigation and collision, and to any special circumstances, including the limitations of the craft involved, which may render a departure from the above Rules necessary in order to avoid immediate danger.

SOUND SIGNALS FOR VESSELS IN SIGHT OF ONE ANOTHER.

Rule 28.

(*a*) When vessels are in sight of one another, a power-driven vessel under way, in taking any course authorized or required by these Rules, shall indicate that course by the following signals on her whistle, namely :—

One short blast to mean "I am altering my course to starboard".

Two short blasts to mean "I am altering my course to port".

Three short blasts to mean "My engines are going astern".

(*b*) Whenever a power-driven vessel which, under these Rules, is to keep her course and speed, is in sight of another vessel and is in doubt whether sufficient action is being taken by the other vessel to avert collision, she may indicate such doubt by giving at least five short and rapid blasts on the whistle. The giving of such a signal shall not relieve a vessel of her obligations under Rules 27 and 29 or any other Rule, or of her duty to indicate any action taken under these Rules by giving the appropriate sound signals laid down in this Rule.

(*c*) Any whistle signal mentioned in this Rule may be further indicated by a visual signal consisting of a white light visible all round the horizon at a distance of at least 5 miles, and so devised that it will operate simultaneously and in conjunction with the whistle-sounding mechanism and remain lighted and visible during the same period as the sound signal.

(*d*) Nothing in these Rules shall interfere with the operation of any special rules made by the Government of any nation with respect to the use of additional whistle signals between ships of war or vessels sailing under convoy.

MISCELLANEOUS.

Rule 29.

Nothing in these Rules shall exonerate any vessel, or the owner, master or crew thereof, from the consequences of any neglect to carry lights or signals, or of any neglect to keep a proper look-out, or of the neglect of any precaution which may be required by the ordinary practice of seamen, or by the special circumstances of the case.

Rule 30.

Reservation of Rules for Harbour and Inland Navigation.

Nothing in these Rules shall interfere with the operation of a special rule duly made by local authority relative to the navigation of any harbour, river, lake, or inland water, including a reserved seaplane area.

Rule 31.

Distress Signals.

(*a*) When a vessel or seaplane on the water is in distress and requires assistance from other vessels or from the shore, the following shall be the signals to be used or displayed by her, either together or separately, namely :—

(i) A gun or other explosive signal fired at intervals of about a minute.

(ii) A continuous sounding with any fog-signalling apparatus.

(iii) Rockets or shells, throwing red stars fired one at a time at short intervals.

(iv) A signal made by radiotelegraphy or by any other signalling method consisting of the group . . . – – – . . . in the Morse Code.

(v) A signal sent by radiotelephony consisting of the spoken word "Mayday".

(vi) The International Code Signal of distress indicated by N.C.

(vii) A signal consisting of a square flag having above or below it a ball or anything resembling a ball.

(viii) Flames on the vessel (as from a burning tar barrel, oil barrel, etc.).

(ix) A rocket parachute flare or a hand flare showing a red light.

(x) A smoke signal giving off a volume of orange-coloured smoke.

(xi) Slowly and repeatedly raising and lowering arms outstretched to each side.

NOTE.—Vessels in distress may use the radiotelegraph alarm signal or the radiotelephone alarm signal to secure attention to distress calls and messages. The radiotelegraph alarm signal, which is designed to actuate the radiotelegraph auto alarms of vessels so fitted, consists of a series of twelve dashes, sent in 1 minute, the duration of each dash being 4 seconds, and the duration of the interval between 2 consecutive dashes being 1 second. The radiotelephone alarm signal consists of 2 tones transmitted alternatively over periods of from 30 seconds to 1 minute.

(*b*) The use of any of the foregoing signals, except for the purpose of indicating that a vessel or seaplane is in distress, and the use of any signals which may be confused with any of the above signals, is prohibited.

NOTES RELATING TO BUT NOT FORMING PART OF RULES FOR PREVENTING COLLISIONS AT SEA.

Recommendations on the Use of Radar Information as an Aid to Avoiding Collisions at Sea.

(1) Assumptions made on scanty information may be dangerous and should be avoided.

(2) A vessel navigating with the aid of radar in restricted visibility must, in compliance with Rule 16 (*a*), go at a moderate speed. Information obtained from the use of radar is one of the circumstances to be taken into account when determining moderate speed. In this regard it must be recognized that small vessels, small icebergs and similar floating objects may not be detected by radar. Radar indications of one or more vessels in the vicinity may mean that "moderate speed" should be slower than a mariner without radar might consider moderate in the circumstances.

(3) When navigating in restricted visibility the radar range and bearing alone do not constitute ascertainment of the position of the other vessel under Rule 16 (*b*) sufficiently to relieve a vessel of the duty to stop her engines and navigate with caution when a fog signal is heard forward of the beam.

(4) When action has been taken under Rule 16 (*c*) to avoid a close quarters situation, it is essential to make sure that such action is having the desired effect. Alterations of course or speed or both are matters as to which the mariner must be guided by the circumstances of the case.

(5) Alteration of course alone may be the most effective action to avoid close quarters provided that :—

(*a*) There is sufficient sea room.

(*b*) It is made in good time.

(*c*) It is substantial. A succession of small alterations of course should be avoided.

(*d*) It does not result in a close quarters situation with other vessels.

(6) The direction of an alteration of course is a matter in which the mariner must be guided by the circumstances of the case. An alteration to starboard, particularly when vessels are approaching apparently on opposite or nearly opposite courses, is generally preferable to an alteration to port.

(7) An alteration of speed, either alone or in conjunction with an alteration of course, should be substantial. A number of small alterations of speed should be avoided.

(8) If a close quarters situation is imminent, the most prudent action may be to take all way off the vessel.

TABLES OF ACTS OF THE PARLIAMENT OF SOUTH AUSTRALIA

TABLE OF PUBLIC GENERAL ACTS OF THE PARLIAMENT OF SOUTH AUSTRALIA, INCLUDING CROSS REFERENCES.

The following table contains a list of the public Acts of general application of the Parliament of South Australia passed up to the end of 1968 and which were unrepealed as at that time.

In the case of an Act reprinted in Volumes 1 to 8 of the South Australian Statutes, 1837-1936, a reference is given in the table to the volume and page where the Act is printed. In the case of any other Act a reference is given to the annual volume of Statutes in which the Act is printed.

Since the publication of the South Australian Statutes, 1837-1936, some Acts have been reprinted pursuant to the Amendments Incorporation Act, 1937. The table contains a reference to all such reprinted Acts; in some instances, the reprinted Act has been included in the annual volume of Statutes and in those cases a reference is given to the volume and page where the Act is reprinted.

The table also includes cross references to the subject matters dealt with by legislation.
