INDEX OF SOUTH AUSTRALIAN LEGISLATION

31 DECEMBER 2004

Printed under the authority of the Government Printer
2005

This publication is available as part of the 2004 annual volume of *South Australian Statutes* or may be purchased separately from **Government Publishing SA, Box 9, Plaza Level Riverside Centre, North Terrace Adelaide** (08) 8207 0910.

The information in this index is updated fortnightly on a cumulative basis by the publication *South Australian Legislation Update* which is available from the **Attorney-General's Department, GPO Box 464, Adelaide 5001** (08) 8207 1972.

The index has been prepared by the Office of Parliamentary Counsel researching primary sources from 1976.

Although the index is published annually on a cumulative basis, it is recommended that previous indexes be kept to enable details of repealed legislation to be found.

General Outline

The index lists Acts of the South Australian Parliament that are in force and Acts that have been repealed or have expired since 31 December 1975.

The index does not include Appropriation Acts or Supply Acts.

Acts that have amended other Acts (including Statutes Amendment Acts and Statute Law Revision Acts) are listed under the Act or Acts amended. Acts amending public general Acts before 1 January 1976 are recorded in the 1975 consolidation of South Australian Statutes and are not recorded in this index.

Each repeal Act and each amending Act that has repealed an Act since 31 December 1975 is included with its date of operation as a means of identifying the date of the repeal.

Where the name of an Act has been changed since 1975, both names are included.

The index includes information up to 31 December 2004.

Acts of limited interest

The Acts marked with an asterisk are Acts that are in force but are not included in the South Australian Statutes and Consolidation Service. The majority of these Acts are either of local or restricted application or are private Acts. Some public Acts of general application are excluded from the consolidation service because they are not of general interest and these are treated as limited Acts in the index and marked with an asterisk. An example is the Housing Agreement Acts of 1978 and 1981. The current *Housing Agreement Act 1991* is included in the consolidation service and is included in the index as a public general Act. Acts that are not currently in operation but that have not been repealed such as the Income Tax Acts are also regarded as being of limited interest. Acts such as the *Companies (Application of Laws) Act 1982* that have been superseded are entered in the same way as repealed Acts.

The only information included with Acts of limited interest is the number and year of the Act and the number and year of any amending Acts whether passed before or after 1 January 1976.

Repeal of Acts and revocation of Regulations and Rules

If necessary, the edition of the index for the year in which an Act is repealed will include the Act with its amending Acts, legislative history, regulations and other details in order to provide a record of all relevant information in relation to the Act up to the time of repeal. Subsequent editions of the index will only record the name of the Act and the name of the Act that repealed it.

The same system will be used in respect of regulations and rules that are revoked or that have expired.

The operation of section 11 of the *Acts Interpretation Act 1915* should be kept in mind. Subject to that section, a regulation in force under an Act ceases to operate upon the repeal of the Act. Section 11 provides that where the regulation could have been made under the repealing Act the regulation will remain in force. Regulations usually remain in force for a relatively short period under this provision until new regulations have been made under the repealing Act. Regulations under a repealed Act will be removed from the index when the Act is removed even though they may remain in force by virtue of section 11.

A regulation is impliedly revoked when the section of the Act under which it was made is repealed and not replaced with a similar provision. This does not happen very often and it is beyond the scope of the index to identify and record each instance of it. However if and when such an implied revocation comes to our notice it will be included.

Proclamations and notices

The index includes reference to some but not all of the categories of proclamations and notices appearing in the Gazettes of 1976 and subsequent years. Reference to the other categories has been excluded because of the need to keep the index to a reasonable size and because they are considered to be of minor importance or available from some other source. The index for the 1989 annual volume of *South Australian Statutes* should be consulted for information in respect of proclamations and notices made before 1.1.76.

The section number under which a proclamation or notice is made and the Gazette reference are recorded. Two or more proclamations or notices under the same provision of an Act frequently appear on the same page of the Gazette. When this occurs only one entry is recorded in the index.

Accuracy

Considerable time and effort has been devoted to compiling the index as accurately as possible. Given the amount of detailed information involved it is not possible to guarantee complete accuracy and no liability is accepted for any inaccuracy. If you find an error it would be appreciated if you would advise Anne Lemmey of the Office of Parliamentary Counsel. Please phone (08) 8207 1019.
